RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF THE PURI LODGING-HOUSE ACT DURING 1906-07.

MUNICIPAL DEPARTMENT—SANITATION.

Darjeeling, the 19th August 1907.

RESOLUTION No. 910T.—SAN.

THE Act was extended during the year to the following areas within the Jajpur subdivision of the district of Cuttack, namely, to the Barandai village, to Ruriya village, to both sides of the Jajpur-Kuakhia Road (from distributary No. 1 to the Gakhima Road), and to both sides of the Jajpur-Binjharpur Road (from the limit of the Municipality up to one mile towards Binjharpur). Elsewhere the Act was in force in the same towns and areas as in the preceding year.

2. The number of lodging-houses licensed was practically the same as in 1905-1906, but the number of persons for whom accommodation was provided increased from 60,630 to 66,322. In the town of Puri, although the number of licensed lodging-houses fell from 730 to 694 and licenses were temporarily suspended on the recommendation of the Health Officer in 127

cases, the number of persons accommodated rose from 20,098 to 23,186. In 1902-1903 the number of licensed lodging-houses in the town of Puri was 1,827, and the decrease which has occurred in past years is very noticeable. It is probably largely due to the fact that many more pilgrims now visit the town by rail and return home at once. The Car festival was attended by about 70,000 people.

3. The income of the lodging-house funds, excluding the opening balance, increased from Rs. 80,740 in 1905-1906 to Rs. 83,524, while the expenditure fell from Rs. 82,456 to Rs. 44,218. The reduction in expenditure is most noticeable in the towns of Gaya and Puri In the former the decrease amounted to Rs. 22,652, and is due to the fact that all surplus funds are at present reserved for contribution towards the cost of the Gaya water-works scheme, as it is considered that the chief need of pilgrims visiting Gaya is a good and plentiful supply of drinking-water. In Puri the decrease, amounting to Rs. 15,978, was due to the fact that less expenditure was incurred under the heads Original Works and Contributions. The accumulated balance at the credit of the Puri fund will, it is hoped, be available as a contribution to the drainage and water works projects which it is proposed to carry out in that town. The closing balance for all the funds amounts to Rs. 68,470, and includes the unexpended loan of Rs. 8,000 made by Government during the year to the Deoghur Lodging-House Committee, and the sum set apart by the Gaya Lodging-House Committee for the water-works scheme.

4. Two hundred and sixty-seven persons were convicted of offences under the Act as compared with 447 in 1905-1906, and the amount of fines realized fell from Rs. 9,194-8 to Rs. 4,461. The decrease is general, and is doubtless to some extent due to the fact that lodging-house-keepers are becomming more familiar with the provisions of the rules and are more ready to observe them.

5. The health of the pilgrims was generally good throughout the year, though outbreaks of cholera occurred at Gaya and Puri; in Gaya the number of deaths reported from this cause was 228 against 121 in 1905-1906, and the total mortality among pilgrims from all causes rose from 133 to 239; in Puri the number of deaths from cholera rose from 91 in 1905-1906 to 400, the total mortality being 723 as against 443 in 1905-1906. Fever and dysentery contributed largely to the total mortality, while in Puri 30 persons died of small-pox. The sanitary arrangements of the lodging-houses were on the whole satisfactory, and the water-supply was good and sufficient.

6. The Act has worked well during the year, and the thanks of the Lieutenant Governor are due to the local officers responsible for its administration.

ORDER.—Ordered that a copy of the Resolution be submitted to the Government of India in the Home Department, and that copies be forwarded to the Commissioners of the Burdwan, Presidency, Patna, Bhagalpur and Orissa Divisions for information.

Ordered also that a copy of the Resolution be communicated to the Sanitary Commissioner and to the Sanitary Board, Bengal, for information, and that it be published in the *Calcutta Gazette* for general information.

By order of the Lieutenant-Governor of Bengal.

H. J. McINTOSH,
Secretary to the Govt. of Bengal.

REPORT ON THE ADMINISTRATION OF THE SALT DEPARTMENT IN BENGAL DURING THE YEAR 1906-07.

NOTIFICATION.

No. 525S.R.—The 9th August 1907.—The following extracts from the Report of the Commissioner of Excise and Salt, Bengal, on the Administration of the Salt Department in the Province during the year 1906-07, and from the letter of the Board of Revenue reviewing the report, are published for general information.

H. J. McINTOSH,
Secy. to the Govt. of Bengal.

No. 4451B., dated Calcutta, the 30th July 1907.

From—PANDIT RAMA BALLABHA MISRA, M.A., Offg. Secretary to the Board of Revenue, L. P.,

To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

I AM directed to submit the accompanying report, received from the Commissioner of Salt, Bengal, on the administration of the Salt Department in the year 1906-1907.

* * * *

2. *Administrative changes—Paragraph 9 of the Report.*—The most important administrative change which was brought into effect during the year was the abolition of the system of passes *en route* known as the rawana system. In consequence of this measure, it has been necessary to adopt additional safeguards to prevent the smuggling of salt from shipboard in the port of Calcutta; and revised rules to regulate the clearance and delivery of salt have been approved in Government Order No. 221T.—S.R., dated the 2nd July 1907, and published in the *Calcutta Gazette* of the 10th idem. Necessary amendments will shortly be made in other rules in the Salt Manual.

In consequence of the abolition of the rawana system, some of the provisions of the Bengal Salt Act of 1864 are no longer applicable. The question of the repeal of this Act, and the extension to Bengal of the Indian Salt Act of 1882 with certain modifications, is under the consideration of Government.

* * * * * * *

5. *Introduction of a credit system for payment of duty—Paragraph 12 of the Report.*—It is hoped that a credit system of payment of duty on salt will be introduced in this Province as soon as requirements have been fully considered. A draft form of agreement which it is proposed to prescribe for execution by persons availing themselves of the system has been recently submitted to Government.

6. *Imports—Paragraphs 13—15 of the Report.*—There was a considerable increase in the quantity of salt imported into Bengal by sea during the year as compared with the previous year; and also a large increase in the imports of Madras salt by land into Orissa. The transactions in salt in the Sulkea and Kidderpore golas were the highest on record with the result that the balance in the golas at the close of the year 1906-07 was much smaller than the balance at the close of the preceding two years. The tendency of low stocks is probably to raise wholesale prices in Calcutta, which in their turn affect retail prices throughout the Province.

7. *Consumption—Paragraph 23 of the Report.*—The consumption of salt in the Province is calculated by adding to the total quantity cleared on payment of duty the imports from outside the Province and deducting the exports. So calculated, the quantity of salt which passed into consumption in the Province during the year 1906-07 amounted to 78,94,200 maunds. The consumption in 1905-06 was erroneously shown in the report for that year as 94,93,618 maunds. This mistaken figure resulted from an oversight by which deduction was not made of the net exports to the transferred districts. Including the net exports to the transferred districts, the total exports in

1905-06 amounted to 35,37,255 maunds as against 5,80,292 maunds shown in that year's Report. The net consumption therefore in 1905-06 may be taken as 65,36,655 maunds.

* * * * * * *

8. *Paragraph 27 of the Report.*—The duty on salt was reduced from Rs. 2 to Re. 1-8 a maund, with effect from the 22nd March 1905. This was followed by a decrease of 6 annas 6 pies in the provincial average of the wholesale prices per maund at district head-quarters in the year 1905-06, and there has been a further fall of 1 anna 6 pies in the price during the year under review. The aggregate reduction of prices in the two years thus exactly corresponds with the reduction of duty in March 1905. The Commissioner of Salt considers that the small additional decrease in the year 1906-07 was principally due to the abolition of the rawana system.

The effect of the reduction of duty to Re. 1 a maund, which came into force on 20th March 1907, will be noticed in the report for 1907-08.

9. *Paragraphs 28—30 of the Report.*—There was a large increase in the number of seizures of illicit salt and the number of prosecutions under the Salt Laws during the year, as compared with the previous year. In the district of the 24-Parganas the number of cases under section 9 of Act XII of 1882 rose from 21 to 139. It is reported that the increase occurred in the area of recent scarcity in the district.

10. *Receipts and Charges—Paragraphs 33 and 34 of the Report.*—The large increase in the receipts from import duty on salt was consequent upon the larger clearances made. According to the figures furnished by the Accountant-General, Bengal, there was a decrease of Rs. 33,807 in the charges on account of the Salt Preventive Department under the control of the Commissioner of Excise and Salt, Bengal.

No. 3938., dated Calcutta, the 4th July 1907.

From—E. GEAKE, ESQ., I.C.S., Commissioner of Excise and Salt, Bengal,
To—The Secretary to the Board of Revenue, L. P.

I HAVE the honour to submit the following consolidated report on the administration of the Salt Department in Bengal for the year 1906-07.

* * * * * * *

CHAPTER I.—PRELIMINARY.

Control of the Salt Department in districts.

3. There was no change in the administration of the Salt Department in any district. The control of preventive operations in the districts of Noakhali and Chittagong in the Province of Eastern Bengal and Assam was exercised by Bengal authorities through the District officers.

* * * * * * *

Rate of duty.

6. The rate of duty on salt manufactured in, or imported by land into, British India was reduced from Re. 1-8 to Re. 1 a maund (140 pounds, avoirdupois, in case of salt manufactured in Aden and 82⅔ pounds in case of salt manufactured in any part of British India other than Aden) with effect from the 20th March 1907 under Supreme Government Notification No. 1748Exc., dated the 20th March 1907.

* * * * * * *

General effects of the abolition of the *Rawana* system.

9. The abolition of the Rawana system has rendered it impossible to compile statistics of salt consumption for the saliferous portions of the districts where the system was in force. The Collectors, however, generally agree in thinking that the trade in salt has received a decided impetus by being set free from the artificial restrictions which formerly hampered the free movement

of salt, and that open competition has been encouraged. It is reported from the 24-Parganas that the effect is already seen in the large number of retail shops that are springing up everywhere. The beneficial effect of this free competition on the retail prices of salt will be noticed later on.

Proposed removal of Khidderpore Dock Salt Golas.

10. During the year a proposal was made by the Port Commissioners for the relinquishment of the northernmost of the four blocks of salt *golas* in the Khidderpore Docks in order that the construction of one out of the four permanent produce berths sanctioned by Government and urgently required by the export trade may be taken in hand. Certain sites were suggested as suitable where accommodation might be provided for salt, and the Collector of Customs was asked by the Board to report on the suitability of any one of the sites suggested, and on the cost of acquisition and necessary buildings. The matter is pending the receipt of a report from the Collector of Customs.

Reclamation of the foreshore at the Sulkea Salt Golas, construction of an additional pontoon, and the extension of the south Jetty platform.

11. The reclamation proposed by the Collector of Customs of the foreshore at the Sulkea Salt *golas* at an estimated cost of Rs. 19,000, in order to remove the difficulty experienced by boats in loading and unloading at low water, was sanctioned by Government after the close of the year in its order No. 397S.R., dated the 4th April 1907. The construction of an additional pontoon and the extension of the south Jetty platform at an estimated cost of Rs. 28,000 were also sanctioned by Government during the year in its order No. 713 S.R., dated the 9th August 1906.

Credit system for payment of duty on salt.

12. The introduction into Bengal of a credit system for payment of duty on salt, such as obtains in Madras and Bombay, in accordance with the recommendation of the Salt Committee appointed under the Resolution of the Government of India, Department of Finance and Commerce, No. 4844S.R., dated the 11th August 1903, was sanctioned by the Supreme Government in their order No. 5184Ex., dated the 15th September 1905. Necessary legislation to provide for the introduction of the system in view of the provisions of section 89 of the Sea Customs Act is under the consideration of Government.

CHAPTER II.—STOCKS, IMPORTS AND CLEARANCES.

* * * * * * *

The stocks of salt in all *golas*, both public and private, at the beginning of the year were less than on the 1st April 1905 by more than 5½ lakhs of maunds. The imports showed an increase of over 8¼ lakhs of maunds. The clearances were also larger than in the previous year by more than 8¼ lakhs. In addition to the closing balance, there were at the close of the year 3,54,668 maunds of salt lying afloat in the port of Calcutta, against 3,43,950 maunds at the end of 1905-06.

The percentage of the total importation bonded in the Sulkea and Kidderpore *golas* during the year was 74, the same* as in the previous year. There was a large increase in importations during the year, and the quantity bonded was in excess of that bonded in any of the last five years.

Imports.

14. * * The importations into Calcutta during the year show an increase of 7·7 per cent., for which the United Kingdom, Hamburg and Bremen, Port Said, Spain and Turkey in Asia were mainly responsible. The increase of nearly 10 lakhs of maunds from the United Kingdom indicates that the popularity of Liverpool salt is well maintained. A new salt from Turkey came into the market at the close of the year. This salt first appeared on the market in 1892, and has now again been imported in the year under report. The imports from Salif fell off by over 11 lakhs of maunds. Aden, Muscat and Persian Gulf salts also show a decrease. Bombay salt more or less held its position in the market, while Madras salt very materially decreased.

* Revised figures furnished by the Collector of Customs, Calcutta.

15. * * There was an increase of 8·7 per cent. in the sales of imported salt; 19 per cent. being sold from ship-board and 81 per cent. from bond, against 18 per cent. and 82 per cent., respectively, in the preceding year. In Calcutta the sales from the importing vessels direct and from bond increased by 11·5 and 7·6 per cent., respectively. Of the vessels carrying salt into Calcutta during the year, 93 per cent. were steamers.

Sales of imported salt from ship-board and bond.

16. The total salt transactions at the Sulkea and Kidderpore *golas* for the last five years are shown below :—

Transactions in the Sulkea and Khidderpore Dock *golas*.

Years.	Maunds.
1902-03	1,54,83,932
1903-04	1,50,05,754
1904-05	1,62,70,908
1905-06	1,67,67,724
1906-07	1,77,57,526

The quantity of salt handled at Sulkea was 1,11,59,238 maunds, against 99,29,028 maunds in the preceding year; and at Kidderpore 65,98,288 maunds against 68,38 696.

The Collector of Customs, Calcutta, reports that the transactions of the past year are the highest on record, but there was no difficulty in providing bonding space, as the turnover in the trade was brisk and consignments remained only a short time in bond before passing into consumption.

The Kidderpore salt *golas* received 38 per cent. of the total quantity bonded, against 40 per cent. in the previous year, the slight decrease being attributed to the abandonment of a block of *golas* towards the end of the year. Several improvements have been made at the Sulkea salt *golas*. The new railway siding is now finished, as well as a new stocking shed on more modern principles than the former one. Eleven new *golas*, with a capacity of 36,000 maunds each, were completed and brought into use.

Two new pontoons are under construction, and the reclamation of the remainder of the foreshore is being taken in hand. These improvements are expected to remove the labour difficulties against which the *golas* have to contend.

* * * * * * *

18. As stated in paragraph 15 of the previous year's report, there are only two bonded warehouses in the Province, both being situated at Chandbali, in the district of Balasore, and owned by Messrs. Turner, Morrison & Co. The quantity of salt despatched to these two warehouses as well as to those transferred to the new Province was 13,22,300 maunds (943,164 maunds from ship-board and 379,136 maunds from the *golas* in Calcutta), against 12,90,791 maunds (9,23,310 maunds from ship-board and 3,67,481 maunds from the *golas* in Calcutta) in 1905-06, showing an increase of 2 per cent. The quantity of salt sent to the warehouses at Chandbali alone amounted to 72,568 maunds (66,484 maunds from ship-board and 6,084 maunds from the *golas* in Calcutta), against 64,100 maunds (28,400 maunds from ship-board and 35,700 maunds from the *golas* in Calcutta), exhibiting an increase of 13 per cent.

Inland bonded warehouse.

* * * * * * *

21. The quantity of Madras *karkatch* and refined salt imported into Orissa by land during the year was 947,102 maunds, against 765, 252 maunds in the previous year, showing an increase of 181,850 maunds or 23·8 per cent. The increase is due to better outturn at the factories, and to removal of the restrictions imposed in 1905-06 on the sales of salt in the Ganjam, Naupada and other factories owing to failure of manufacture. * * * *

Imports of Madras salt into Orissa by land.

22. The figures given below show the consumption of Bombay salt in Sambalpur and the Tributary States during the last four years. The salt is imported by the Bengal-Nagpur Railway:—

Imports of Bombay salt.

		1903-04.	1904-05.	1905-06.	1906-07.
		Mds.	Mds.	Mds.	Mds.
Jharsaguda	...	287	...	7,404	26,336
Sambalpur	...	1,722	5,141	32,354	43,370
Total	...	2,009	5,141	39,758	69,706

There was an increase of 29,948 maunds in consumption during the year as compared with the previous year, which more than compensated for the decrease of 5,932 maunds in the imports of Madras salt into the Tributary States.

CHAPTER III.—CONSUMPTION AND PRICES.

23. The total quantity of salt which passed into consumption in the Province during the year under review was 78,94,200 maunds. This is exclusive of 30,15,371 maunds, the net export by land, but inclusive of 19,576 maunds educed from saltpetre. Of the total quantity, the saliferous districts of this Province took 22,44,894 maunds or 28·4 per cent., and the rest of the Province 56,49,306 maunds or 71·6 per cent. The resulting rate of consumption per head in the saliferous districts was 6 seers 9 chittaks or 15·5 lbs., and in the rest of the Province 5 seers 7 chittaks or 11·2 lbs.

Consumption in Bengal.

The rates of consumption per head of population in the Bombay and Madras Presidencies during 1905-1906 were 11·05 lbs. and 17·6 lbs., respectively.

* * * * * * *

27. * * There is a slight decrease of 1 anna 6 pies in the average wholesale price per maund, principally due to the abolition of the Rawana system. The retail prices too show a slight fall, and range from 1 anna to 1 anna 6 pies per seer, against 1 anna to 1 anna 9 pies per seer in the previous year. The effect of the further reduction in the rate of duty from Re. 1-8 to Re. 1 a maund with effect from the 20th March 1907 was not felt during the year.

Prices of salt in Bengal generally.

Exclusive of duty, the average wholesale price of Liverpool salt per hundred maunds as sold from the ship's side in the port of Calcutta was Rs. 48-10-2 during the year against Rs. 50-11-9 in 1905-06.

CHAPTER IV.—PREVENTIVE MEASURES.

28. Illicit salt was attached, released and confiscated in 387, 3 and 414 * cases respectively, against 177, 1 and 140 cases in the previous year, to the extent of 18 maunds, 1 seer and 55 maunds, against 105 maunds, 30 seers and 69 maunds during the year 1905-06. There was thus a decrease of 87 maunds, or 82·8 per cent. in the quantity attached.

Attachments, releases and confiscations in the saliferous districts, including Orissa.

29. The number of seizures and unsuccessful house-searches was 387 and 5 against 152 and 1 in the previous year, the percentage of such searches to seizures being 1·3 against ·66 in the previous year. The small increase in the percentage is due to an untimely search made in Midnapore, which resulted in three unsuccessful house-searches. It is said that the information

Number of seizures and unsuccessful house-searches.

* Inclusive of cases pending at the close of 1905-06.

was spoilt owing to a police officer having visited the neighbourhood a day prior to the search.

Number of cases instituted under Acts VII (B.C.) of 1864 and XII of 1882.

30. * * There were 175 prosecutions against 145 in the previous year. Out of 217 persons arrested and brought to trial 198 were convicted, the percentage of convictions being 91·2. The number of cases under section 9 of Act XII of 1882 was 174, against 81 in the year previous. There has been a large increase of crime in the Diamond Harbour circle of the 24-Parganas, the number of cases being 110, against 8 in the previous year. The Assistant Commissioner reports that the area of increase corresponds to the area of recent scarcity in the district. The outbreak of crime was also in some measure due to an impression that obtained to the effect that the abolition of the Rawana system was accompanied by permission to prepare salt for domestic consumption. This erroneous impression was sedulously disseminated by agitators in their mofussal meetings. The petty amount of salt seized in each case bears out this view, and shows that home manufacture on a small scale was widespread. The slight increase in Balasore and Puri hardly requires explanation. Scarcity and high prices were sufficient inducements for such illicit manufacture as took place. There was a decrease in the number of cases in Midnapore, Howrah, Khulna, Noakhali and Cuttack, which is attributed to the systematic patrolling of salt officers, to the abolition of the Rawana system and the cheapening of licit salt. There was no case under Act VII (B.C.) of 1864. There was, however, in Chittagong, one important case of illicit manufacture of salt on a large scale, in which certain villagers of Ramu were concerned. About 30 maunds of salt ashes and 1 maund of manufactured salt were seized in the case, and the four men accused were convicted under section 9 of Act XII of 1882 and fined Rs. 105 in all. No cases were reported by the Police under Act XII of 1882. Some 20 cases were lost in the Diamond Harbour circle, owing to the failure of the special Police Head Constables to attend house-searches. The matter was duly reported to the Magistrate and suitable action taken. Twenty Opium cases were detected by Salt officers against 33 in the previous year. One Siddhi case was detected by a Salt petty officer and 9 cases of illicit distillation of country liquor were also reported in the 24-Parganas, of which 6 were detected in co-operation with the local Excise staff and the remaining 3 cases with the aid of the special Salt Police Head Constable. In the six cases referred to above, fines of Rs. 435 in the aggregate were imposed. In the 24-Parganas, Howrah, Khulna and Chittagong, general assistance was rendered to the Excise Department in detection and inspection work.

Fines, forfeitures and rewards.

31. Fines and forfeitures realized and rewards disbursed were Rs. 1,416 and Rs. 1,434 respectively, against Rs. 1,191 and Rs. 807 in the previous year. The increase is attributed to a larger number of cases as well as to heavier fines being imposed and special rewards sanctioned in certain cases of substantive imprisonment.

* * * * * * *

CHAPTER V.—FINANCIAL RESULTS.

Receipts and charges.

33. * * The results of the year as compared with those in 1905-06 show an increase of Rs. 7,12,163, or 4·6 per cent. in the receipts, and a decrease of Rs. 15,935, or 3·7 per cent. in the charges, yielding a net revenue of Rs. 1,56,75,376, which exceeds that of the previous year by Rs. 7,28,098, or 4·8 per cent. The charges do not, as usual, include a proportionate share of the cost of the Customs Preventive Service which is largely employed in safeguarding the salt revenue. The increase in receipts occurs mainly under the head "Import duty on salt" and "Rent of warehouses," and is due to the importation of a larger quantity of salt.

Charges.

34. According to the figures furnished by the Accountant-General, Bengal, the charges during the year amounted to Rs. 4,11,101, against Rs. 4,27,036 in 1905-06, showing a decrease of Rs. 15,935 or 3·7 per cent. * * *

CHAPTER VI.—MISCELLANEOUS.

* * * * * * *

Trade in saltpetre in Bengal.

36. The quantity of salt educed in the manufacture of saltpetre during the year and removed on payment of duty from all the refineries in the Province was 19,576 maunds, against 16,262 maunds in the previous year, showing an increase of 3,314 maunds. The increase was due to ordinary fluctuations in the trade.

Saltpetre refineries in Calcutta and its environs.

37. As in the previous year, there were two licensed saltpetre refineries—at Soorah and Kakurgachi. The latter is said to have worked very spasmodically and to be doing very little business. At Soorah alone salt is educed, but it is not sold, as the licensee prefers to destroy the bye-products.

Work done in the Calcutta refineries.

38. The quantity of refined saltpetre produced in the two refineries was 11,283 maunds against 16,438 maunds; the quantity of salt educed was 1,569 maunds against 1,887 maunds; and the quantity of *silta* or impure salt left in course of refinement was 1,497 maunds, against 1,954 maunds in the previous year. The decrease is due to the progressive decline in the trade that has been noticeable for some years past. No educed salt was sold, and consequently there was no receipt from duty during the year. The receipts from license fees were Rs. 100 as in the previous year.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FIRST QUARTER OF 1907-1908.

No. 4746B., dated Calcutta, the 10th August 1907.

From—PANDIT RAMA BALLABHA MISRA, M.A., Offg. Secretary to the Board of Revenue, L. P.,

To—The Secretary to the Government of Bengal, Financial Department.

Member in charge:
THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

I AM directed to submit the following report on the state of the salt market for the first quarter of the year 1907-1908, comprising the months of April, May, and June 1907.

2. The quantity of salt of every description cleared during the quarter amounted to 32,21,915 maunds, as compared with 28,00,087 maunds in the previous quarter, and 33,10,896 maunds in the corresponding quarter of the previous year. The net amount of duty levied thereon was Rs. 28,93,923, as against Rs. 35,47,980 in the previous quarter, and Rs. 45,57,288 in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the port of Calcutta and the total clearances of sea-imported salt during the quarter, as compared with the figures of the corresponding quarters of the two previous years:—

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar amounted to 1,266 maunds, as against 405 maunds, both in the previous quarter and the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter amounted to 3,987 maunds, as compared with 8,961 maunds in the previous quarter and 4,955 maunds in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta, according to the published market reports, amounted to 45,800 tons. It is reported that the vessels noted in the margin are on the sea bound for Calcutta with cargoes of salt from Hamburg. The quantity given against each ship is approximate only.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1907.

THE following note is published for general information.

E. A. GAIT,
Offg. Chief Secy. to the Govt. of Bengal.

The 23rd August 1907.

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1907.

[On an average of the five years ending 1905-06, the area under sugarcane in the territory to which this forecast relates has represented some 18·9 per cent. of the total area under this crop in British India.]

Character of the season.—The weather has been generally favourable for the sugarcane crop in all parts of the Province. Planting generally commenced at the normal time. In a few districts want of rain was felt during the period of early growth, and in a few cases the District Officers have reported that damage was done by heavy rain and high wind in June; but so far the season has been on the whole an unusually good one.

Area planted.—Since the publication of last year's final report on this crop, the District Officers of Burdwan, Hooghly, Gaya, Shahabad and Balasore have revised their estimates of the normal area and, in consequence, the provincial total now stands at 438,900 acres against 429,500 acres as shown in 1906. The area planted with sugarcane this year is reported to have been 431,700 acres against 423,500 acres as reported last year (since revised to 424,500 acres). The area under cane has extended slightly in North Bihar, in consequence of the establishment of several sugar factories. The increase in area elsewhere has been due to a favourable season.

Outturn.—From the Appendix it will be seen that the Sonthal Parganas estimates a bumper crop of 119 per cent. Thirteen districts show a normal crop. In nine districts the outturn estimated by the local officers varies from 90 to 99 per cent. Four districts expect a crop from 80 to 85 per cent., and in the remaining six the crop is estimated at 73 to 78 per cent.

According to the estimates of District Officers, the outturn for the Province as a whole works out to 93 per cent. of the normal against 90 per cent. estimated last year. In some cases the local officers have given no reason for the low estimates returned, and in several cases the remarks in column 14 of the returns indicate that a normal outturn may be expected. The estimates have therefore been raised as stated in column 15 of the Appendix. I am of opinion that taking the Province as a whole a normal crop may be expected.

Other sources of gur.—The total quantity of raw sugar prepared from the juice of the date palm is expected to be approximately 1,458,117 cwts., and that from the palmyra palm 58,743 cwts. The chief centre of the preparation of date palm *gur* is Jessore, but a good deal is also made in Khulna, Nadia, and the 24-Parganas.

C. A. OLDHAM,
Director of Agriculture, Bengal.

Burdwan ...	Burdwan ...	1,721,984	1,284,200	25,000	25,600	24,500	96	98	51,370	1889 to 1892 and 1903-04 to 1905-06.	543	Middle of March to middle of May.	The decrease in the area under the crop this year is due to want of timely rainfall and to the more extended cultivation of jute. The expected outturn is slightly below normal on account of want of rain at the time of planting and owing to the recent heavy rain and storm which slightly damaged the crop in some places. The date of planting was about normal and the present condition of the crop is fair.	
	Birbhum ...	1,121,280	776,300	9,000	8,900	8,900	75	(a)75	45,571	1889 to 1891 and 1906.	164	Middle of April.	The area in column 10 has been increased by 7,922 acres on account of the Survey and Settlement of Mowgram, Kendgoria Dubrajpur and Kismat Dubrajpur. There has been want of rain and the outturn is therefore expected to be low.	(a) Probably an underestimate.
	Bankura ...	1,677,440	642,800	15,000	13,500	12,000	60	75	14,879	1889 to 1902 and 1906.	...	20th April	The sugarcane plants suffered for want of rain during May and the first half of June, and again some damage was done to the crops owing to the heavy rains during the second half of June. Hence the outturn is estimated at 75 per cent. The date of planting was normal.

Except in Ghatal the weather and general condition of the crops have been fair. Owing to the heavy rainfall during the latter part of June the outturn is not likely to exceed 78 per cent. The date of sowing was normal. In Tamluk a certain area last year under sugarcane has been brought under jute this year. Hence a decrease in the area under cultivation this year.	(a) Possibly an underestimate.
	Hooghly ...	760,960	448,940	7,200	10,600	7,000	95	100	Not cadastrally surveyed.			Middle of February.	On account of timely rainfall a good crop is expected. Some injury has been caused in the Arambagh subdivision by floods. The reduction in the area sown with the crop this year is probably due to the expansion of the area under jute. The normal area has been raised.	
	Howrah ...	280,400	250,6[illegible]6	[illegible]	8,300	8,350	97	(b)97			..	15th November.	The weather has been favourable and the general condition of the crop is good. The date of planting was normal. The area in column 4 has been revised.	(b) 100 will be taken clearly, a normal crop is indicated.
	24-Parganas...	3,1[illegible],300	1,679,700	4,500	4,400	3,700	88	80	...		—	...	The weather was good for the crop, but the recent cyclone and rain have done some damage; hence the decrease in the outturn as compared with that shown in last year's forecast. The Subdivisional Officer of Barasat explains that owing to sugarcane proving comparatively less profitable than jute last year, a smaller area, viz., only 800 acres as against 1,500 acres in the past year has been planted this year. Hence the reduction in the area planted with sugarcane this year as compared with last year. The date of planting was normal.	

Presidency

Presidency ...	Nadia ...	1,787,520	1,043,960	11,400	6,360	8,900	65	(a)73	Not cadastrally surveyed			January	The increase in the area sown and estimated outturn is due to seasonable rainfall. Weather seasonable. Condition of the crop so far good. The date of planting was normal.	(a) In view of what the District Officer reports in column 14, a normal crop, or 100 per cent. will be estimated.
	Murshidabad	1,271,520	988,560	14,700	13,500	11,500	93	(b)73	...	...	...	15th February	The weather has been favourable to the crop. Planting began at the usual time. The decrease in the area sown is apparently due to an extension of the cultivation of rice owing to the higher price commanded by the latter crop.	(b) No reason is given for expecting less than a normal crop; 100 per cent. will therefore be estimated.
	Jessore ...	1,272,000	1,191,000	15,000	16,500	9,300	74	100	...	...	...	February to March.	The weather was favourable. The condition of the crop is favourable. The outturn is expected to be normal on the whole. Planting was normal. The area cultivated this year is a little less than that of the previous year, as some sugarcane lands have been converted into jute lands.	
	Khulna ...	3,049,542	780,000	1,500	1,200	1,200	100	100	25,615	1893 to 1900 and 1903 to 1905.	...	January	The weather was favourable. The general condition of the crop is fair. The date of planting was normal.

The planting this year was at the normal time. There was insufficient moisture at the time of germination.	(c) Possibly an underestimate.
	Gaya ...	3,015,680	2,118,100	36,100	30,400	36,400	100	100	814,592	1893 to 1896 and 1900 to 1902.	6,530	15th January.	The weather was favourable for the cultivation of sugarcane. General condition good. Planting commenced on the 15th January, which is the normal date. The Subdivisional Officer, Aurangabad has put down 85 per cent. as the estimated outturn of the crop owing to slight damage for want of early rain. This is a low figure. I would put the outturn at 100 per cent. The normal area has been revised.

GENERAL SUMMARY.—There was general rain over the Province. The fall was heavy in Gaya, Cuttack, Angul, Sambalpur, Ranchi, Palamau and Cooch Behar, and in parts of Shahabad; moderate in Birbhum, Hooghly, Balasore, Puri, Hazaribagh, and Singhbhum, and light in other districts. Transplantation of paddy has not yet been completed. It is being retarded in several districts for want of rain. Crops are suffering from absence of good rain in parts of Burdwan, Bhagalpur, and Purnea. The Ganges and Sone floods have done some injury to crops in Shahabad. There have been floods in Puri and Balasore also, but the extent of the damage done has not been reported. Crops have been attacked by insects in the 24-Parganas and Nadia. Prospects are still fair. In Darbhanga the number of persons gratuitously relieved in the undeclared area is 200 and in the famine area 3,472. The number of persons on relief works is 1,572. Cattle-disease is reported from seven districts. Fodder and water are generally sufficient. The price of common rice has risen in eight districts and fallen in five districts.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF JULY 1907.

THE month under report was remarkable for the entire absence of cyclonic storms in the Bay, of which at least two are usually to be expected. Under these circumstances the monthly summary is of a somewhat uninteresting character, and becomes little more than a chronicle of rainfall and temperature. From the 1st to the 4th of the month rain fell over the greater part of the reporting area, while skies were moderately to heavily clouded and temperature was nearly normal. During the week ending on the 11th rain was confined mainly to Eastern Bengal and Assam, except on the last two days, when it became fairly general. Excluding Cherapoonjee, the principal falls recorded during 24 hours were—Jessore 5·67, Bogra 4 and Narayanganj 3·35. During the week ending on the 18th, rainfall was confined chiefly to the northern districts, although precipitation was widespread on the 12th. Cloud was moderate to heavy, and on the first two days weather was cooler than usual in the central districts, but during the rest of the period temperature was nearly normal. Jalpaiguri reported 8·6 inches on the 17th and 9·03 inches on the 18th, but no very heavy falls were recorded elsewhere.

From the 19th to the 25th rain fell in all parts of the area under report, and was particularly heavy on the 19th and 20th in the Rajshahi Division and in South Behar, Dinajpur reporting 5·75 and 3·60 inches on the 19th and 20th and Purnea 5·44 and 2·53 inches on the same days. Skies were moderately to heavily clouded, and temperature was normal except on the 19th and 20th when it was somewhat lower than usual in the north.

During the last week of the month rainfall was very light, but was fairly general on the 28th. A depression commenced to form off the Orissa Coast, but had not developed sufficiently to influence the weather over the Provinces materially before the end of the month.

Summary of Temperature.—Mean temperature was about 2° above normal in Chota Nagpur, about 1° in defect in Assam, and 1° in excess in Orissa. Elsewhere it was not far from normal. The highest temperature recorded was 102·4, and this was reported from Dehri. The lowest was 66·2, and this was reported from Bogra.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of July 1907:—

* Purulia not included.

Summary of Rainfall.—The rainfall work of the Province has been placed in the hands of the Director of Agriculture, Bengal, and the usual data regarding the actual and normal rainfall during the month are published by that officer. A short table, however, is attached to this report, giving the rainfall recorded during the month at the head-quarters of the various districts of the Province.

Rainfall was 19 per cent. above normal in Eastern Bengal and Assam and 32 per cent. in defect in Bengal. The largest defects occurred in Orissa (57 per cent.) and Chota Nagpur (41 per cent.).

Actual and average rainfall and departure from normal for the month of July 1907.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

Office Memorandum of the Inspector of Schools, Chota Nagpur Division.

UNIVERSITY ENTRANCE EXAMINATION, 1908.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who does not appear from any school, or who will have been transferred after the 31st August next without the consent of the Inspector to the school from which he appears, will be treated as a private student. The term "private student" includes *school-masters.*

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination, unless accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

3. The test-examination in all zilla schools in the Chota Nagpur Division will be held on the 16th December 1907 and following days.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the Head of the institution at which he appears. The balance of such fees, after payment of expenses (stationery, etc.), will go as remuneration to the Examiners.

5. Candidates for the test-examination should apply to this office not later than the 13th November 1907. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who failed at a previous Entrance examination and has not joined a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of Session 1906-07, and then left his school, will not, under any circumstances, be allowed to appear at the Entrance examination of 1907.

7. Each candidate should submit with his application a statement showing—

(1) Age.

(2). Residence.

(3) Father's name.

(4) Second language taken up, besides English.

(5) Whether he appeared at any previous Entrance examination.

8. *Bonâ-fide* teachers employed in any of the recognized schools in the Chota Nagpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and good character from their employers or from the Deputy Inspectors of the districts concerned.

9. The forms of application for permission to appear at the Entrance examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. The applications and fees for admission to the Entrance examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 20th January 1908.

11. The Entrance examination in 1908 will be held on the 2nd March 1908 and following days.

F.A. AND B.A. EXAMINATIONS, 1908.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognized English schools in the Chota Nagpur Division of two years' standing, or of six months' standing in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months since the date of the last examination to which they were admitted. Schoolmasters should produce certificates of character and length of service (with dates) from the Managers of the schools in which they are employed. Their applications must reach this office not later than the 12th January 1907.

2. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta other than as regular students of some affiliated colleges are requested, in the first instance, to apply for and obtain the permission of the Senate. Their applications cannot be accepted, unless they are supported by the permission of the Senate.

3. Candidates for the B.A. examination must forward with the applications their F.A. certificates, and candidates for the F.A. examination their Entrance certificates. Candidates plucked at a previous F.A. or B.A. examination may forward instead the University Registrar's receipt, in original, for that examination.

4. Candidates should read carefully the form of the certificate which this office will have to sign, and supply all information and documents required, without which the Inspector will decline to sign it.

5. The F.A. and B.A. examinations in 1908 will be held on the 23rd March 1908 and following days.

6. Applications and fees for admission to the above examination must be forwarded to the Registrar, Calcutta University, by the candidates themselves, so as to reach his office on or before the 8th February 1908.

CORPORATION OF CALCUTTA.

IN compliance with the provisions of section 565 of the Calcutta Municipal Act, the following draft bye-laws under clause 14 of section 559 of the same Act, which the General Committee intend to make, prescribing the qualifications to be required from licensed plumbers and regulating their appointment, suspension and dismissal, are published for general information.

Objections, if any, to the proposed bye-laws will be received by the Secretary to the Corporation till Monday, the 7th October 1907.

BYE-LAWS UNDER CLAUSE 14 OF SECTION 559.

1. *Qualifications.*—Before any license is granted to any person or firm to act as a licensed plumber whether for purposes of Chapter XX or XXI of the Act, or both, such person or a resident member of the said firm or some one in their respective employ must satisfy the Chairman or other officer to whom the Chairman may delegate his powers in this behalf in the following respects:—

For a license for purposes of Chapter XX—

(*a*) That such person or member or some one in their respective employ as aforesaid has a practical knowledge of plumbing work. and has for a recent period of at least three years been employed as a plumber;

(*b*) Is able to carry out work in both lead and iron and can wipe straight or branch joints on lead pipe of any market size and perform any other work usual to the trade of a plumber.

For a license for purposes of Chapter XXI—

(*a*) That such person or member of the firm or some one in their respective employ can timber trenches in a workmanlike manner in bad ground;

(*b*) can build in brickwork in Flemish or English bond, and that he generally understands masonry work;

(*c*) can lay and joint stone ware pipes both in straight lines and with curves, and can place them in proper gradients by method of levellings;

(*d*) can insert a junction in a pipe sewer and a junction block in a brick sewer in a manner approved by the Engineer;

(*e*) can properly restore road surfaces.

2. *Appointment.*—No license shall be granted unless such person or firm satisfies the Chairman or other officer as aforesaid regarding the qualifications as shown in paragraph (1), and unless in the opinion of the Chairman or other officer as aforesaid such person or firm has a suitable place of business, together with a proper and sufficient stock of tools, plant and material for the purpose of carrying on the trade or business of a plumber.

3. *Appointment of Licensed Plumbers for Municipal work.*—The Chairman may appoint such licensed plumbers as he may think fit for carrying out necessary repairs to Municipal drainage works or such other works as may be necessary for the efficient drainage of any premises when directed by an order signed by the Chairman or other officer empowered in that behalf, and also for carrying out any work in connection with the laying on of water from any mains to any land or building of the Corporation or in connection with the extension of such mains or any other work in connection with drainage or water-supply.

4. *Suspension and Dismissal of Licensed Plumbers appointed for Municipal work.*—A licensed plumber appointed as aforesaid may be suspended or dismissed as the Chairman may think fit—

(*a*) If the plumber, in the opinion of the Chief Engineer—

(*i*) fails to carry out any work entrusted to him in a workmanlike manner or does it negligently;

(*ii*) fails to carry out the work within a reasonable time as the Chief Engineer may direct or delays in doing so without assigning good and sufficient reasons when called upon to do so;

(*iii*) fails to comply with any direction given him by the Engineer or other officer empowered in that behalf.

(*b*) If any accident or other damage is caused by or through the negligence or want of care or precaution on the part of the plumber or his servants or workmen in the course of business.

(*c*) If any work is done in contravention of the provisions of the Act and the bye-laws and regulations made thereunder.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Barun-Daltonganj Railway, in the district of Palamau, will be put up to sale at 12 o'clock on 23rd October 1907, corresponding with the 9th Kartik 1314 Fusli, at Daltonganj.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the land closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

S. N. GHOSE, *for* Collector.

Advertisement for Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale to the below, undermentioned estates, situate in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 26th September 1907, corresponding to the 9th Ashin 1314 B.S.

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estates will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and to the laws in force; and purchaser to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the succeeding day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

1907) respecting the undermentioned lights and beacons in Sheik el Barghût (Port Sudan) and its approaches:—

(1) The *occulting* light *every ten seconds* established in an iron framework tower, 63 feet high, erected on the head of a coral pier on the northern side of the entrance to the harbour, situated at a distance of 410 yards S. 63° E. from the White tomb, shows the following sectors:—*red* from the bearing of S. 8° W., through west, to N. 85° W. over Wingate reef, *white* in the fairway from N. 85° W. to N. 55° W., and *red* over Towartit reef from N. 55° W., through north, to N. 82° E.

Leading beacons:—

(2) Two *red fixed* dioptric lights, vertically placed 20 feet apart, have been established on the iron framework tower, painted in chocolate and white horizontal bands, 113 feet high, erected as a front beacon on the western shore of the harbour in a position situated at a distance of 7 cables N. 58° W. from the White tomb.

Two *red fixed* dioptric lights, vertically placed 20 feet apart, have been established on the iron framework tower, painted chocolate, 157 feet high, erected as a rear beacon at a distance of 1,060 yards N. 51° W. from the front beacon.

These two beacons or their lights, which are visible over an arc of 90°, in line N. 51° W. lead through the entrance to the harbour.

(3) The power of each light in the harbour is 30 candles; at present they are only exhibited on application to the Controller of Harbours and Lights of the port Sudan, not otherwise.

(4) Iron standard beacons, 15 feet high, are placed to mark the prominent points of the reefs immediately outside the harbour as follows:—

(*a*) Port-hand beacons are [illegible]

(*b*) Starboard hand beac[illegible]unted by a black and white disc.

Dounai or Saigon River—Shoals in approach.

No. 394 (second publication).—The British Admiralty has given Notice (No. 1907 of 1907) containing the following information respecting the shoals in the approach to Donnai or Saigon river:—

RIVER SOIRAP. A narrow sandy shoal upon which there are depths of from 3 to 3½ fathoms at low-water springs has formed in the entrance to the Soirap river; it is situated between the bearings of N. 2° W., through north, and N. 27° E. of Dong tranh light-house. Vessels are recommended to pass to the eastward of it where a depth of 3½ fathoms will be found.

Approximate position, Dong tranh light, lat. 10° 23′ N., long. 106° 52¾′ E.

CAPE ST. JAMES. A survey of Ransa bank shows that the least depth over it is 4¼ fathoms, but it extends to the westward as far as the line of the Cocoanut bay leading lights on which there is a depth of 5¼ fathoms.

A shoal, with a depth of 3½ fathoms over it at low-water, is situated at a distance of 3 1/10 miles S. 47° W. from cape St. James light-house, but the 2½ fathoms patch shown on the chart 2 cables to the westward of this position does not exist. This shoal extends to the westward as far as the line of the Cocoanut leading lights, there being a depth of 4¾ fathoms on that line at a distance of 3 1/10 miles from the pier head light.

Depths of 2 fathoms and 2½ fathoms exist at distances of 8 8/10 miles S. 53° W. and 9½ miles S. 69° W., respectively, from cape St. James light-house, these depths respectively are on the south-eastern and north-western extremities of the shoal shown on the chart. There is a depth of 2¾ fathoms at 7½ cables to the westward of the 2 fathoms head on the south-eastern extremity of this shoal. On this shoal the least depth is 1¾ fathoms situated at a distance of 9 miles S. 66° W. from cape St. James light-house. There is also another head on this shoal of 2½ fathoms situated at a distance of 8 8/10 miles S. 61° W. from the light-house.

GANH RAI BAY. In Kua Kangio, northward of Kangio *red* light, in the fairway between it and the village, the depth has shoaled to 4 fathoms at low water. Vessels of heavy draught should not therefore attempt this passage at low water.

CAPE ST. JAMES TO CAPE TI WAN. The least depth on Formosa bank is 1¼ fathoms at low-water springs, situated on the western edge of the bank, at a distance of 11 8/10 cables S. 48° E. from cape St. James light-house.

The least depth on the 4¾ fathoms patch shown on the chart about 5¼ miles south-eastward from cape St, James is 4¼ fathoms, which is situated at a distance of 5 8/10 miles S. 72° E. from cape St. James light-house. This shoal, as delineated by the 5 fathoms contour, extends about 4 cables in an easterly direction, and 11 cables in a N. 75° W. direction from the 4¼ fathoms patch, and is about 2 cables broad.

PERNAMBUCO ROCK. This rock was found and is correctly placed on the charts, but a shoal, with a least depth of 4½ fathoms over it, exists at a distance of 6½ cables N. 62° W. from the rock. This shoal extends in an easterly and westerly direction.

Approximate position, cape St. James light-house, lat. 10° 19¾′ N., long. 107° 5′ E.

GENERAL SUMMARY.—Rain was general almost all over the Province. The fall was light in Birbhum, Hooghly, Nadia and Saran, and heavy in Bankura, Midnapore, Gaya, Shahabad, Muzaffarpur, Darbhanga, Cuttack, Sambalpur, Hazaribagh, Manbhum and Cooch Bihar. In other districts it was moderate. The recent rain has been very beneficial to standing crops in Bihar. Rain is still wanted in several districts for the transplantation of winter paddy, which is reported to have suffered in parts of Burdwan and Murshidabad. The cutting and steeping of jute still continue. The harvesting of other *bhadvi* crops has commenced in some districts. Damage has been caused by floods and excessive rain in Midnapore, the 24-Parganas, Shahabad, Monghyr, Cuttack, Ranchi and Palamau. High floods are also reported from Balasore and Puri. The extent of damage done in these two districts is not yet known. Sugarcane is doing well. Relief operations in Darbhanga have been stopped from the 31st August last. Cattle-disease exists in eight districts. The supply of fodder and water is sufficient. The price of common rice has risen in five and fallen in eleven districts.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

NOTIFICATION.

The 6th September 1907.—In supersession of the Notification published in the *Calcutta Gazette* of the 7th August 1907, Part I, page 1412, regarding the Elliott Prize for Scientific Research the following revised Notification is published for general information :—

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1907.

WITH reference to Notification No, 5058F. in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the Elliott Prize for Scientific Reserch will be given this year to the author of the best original essay composed during the year 1907, giving the results of original research or investigation by the essayist in Chemistry.

2. Any native of Bengal or of the districts of Dacca, Mymensingh, Backerganj, Faridpur, Rajshahi, Rangpur, Dinajpur, Jalpaiguri, Bogra, Pabna Malda, Chittagong (including Chittagong Hill Tracts), Noakhali, and Tippera (including Hill Tippera), or any Eurasian or domiciled European residing in Bengal, or the aforesaid districts, may compete for the prize.

3. The essays of competitors *must be* sent to the President of the Asiatic Society of Bengal, 57, Park Street, Calcutta, by the end of December 1907. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1908.

4. Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

ASUTOSH MUKHOPADHYAY,
President of the Asiatic Society of Bengal.

Office Memorandum of the Inspector of Schools, Chota Nagpur Division.

UNIVERSITY ENTRANCE EXAMINATION, 1908.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who does not appear from any school, or who will have been transferred after the 31st August next without the consent of the Inspector to the school from which he appears, will be treated as a private student. The term "private student" includes *school-masters.*

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination, unless accompanied for the

purpose of identification by some person known to the Head Master of the institution at which he appears.

3. The test-examination in all zilla schools in the Chota Nagpur Division will be held on the 16th December 1907 and following days.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination, to the Head of the institution at which he appears. The balance of such fees, after payment of expenses (stationery, etc.), will go as remuneration to the Examiners.

5. Candidates for the test-examination should apply to this office not later than the 13th November 1907. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who failed at a previous Entrance examination and has not joined a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of Session 1906-07, and then left his school, will not, under any circumstances, be allowed to appear at the Entrance examination of 1907.

7. Each candidate should submit with his application a statement showing—

(1) Age.
(2) Residence.
(3) Father's name.
(4) Second language taken up, besides English.
(5) Whether he appeared at any previous Entrance examination.

8. *Bonâ-fide* teachers employed in any of the recognized schools in the Chota Nagpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and good character from their employers or from the Deputy Inspectors of the districts concerned.

9. The forms of application for permission to appear at the Entrance examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. The applications and fees for admission to the Entrance examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 20th January 1908.

11. The Entrance examination in 1908 will be held on the 2nd March 1908 and following days.

F.A. AND B.A. EXAMINATIONS, 1908.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognized English schools in the Chota Nagpur Division of two years' standing, or of six months' standing in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months since the date of the last examination to which they were admitted. Schoolmasters should produce certificates of character and length of service (with dates) from the Managers of the schools in which they are employed. Their applications must reach this office not later than the 12th January 1907.

2. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta other than as regular students of some affiliated colleges are requested, in the first instance, to apply for and obtain the permission of the Senate. Their applications cannot be accepted, unless they are supported by the permission of the Senate.

3. Candidates for the B.A. examination must forward with the applications their F.A. certificates, and candidates for the F.A. examination their Entrance certificates. Candidates plucked at a previous F.A. or B.A. examination may forward instead the University Registrar's receipt, in original, for that examination.

4. Candidates should read carefully the form of the certificate which this office will have to sign, and supply all information and documents required, without which the Inspector will decline to sign it.

5. The F.A. and B.A. examinations in 1908 will be held on the 23rd March 1908 and following days.

6. Applications and fees for admission to the above examination must be forwarded to the Registrar, Calcutta University, by the candidates themselves, so as to reach his office on or before the 8th February 1908.

(a) The increases marked (a) under revenue heads of the year 1906-1907 are of a permanent nature.
(1) Construction of a settling tank and purchase of galvanized iron pipes. The object of the present loan is to cover all capital outlay that may be necessary, and this item is likely to cease altogether.
(2) Increase due to purchase of steam coal at a higher rate and in greater quantity. There will be a permanent saving of some Rs. 8,000 annually as soon as the engines for which this loan is being taken are set up.
(3) Plague charges (fluctuating). It is probable that these will decrease.
(b) and (c) Include special grants of Rs. 40,000 and Rs. 10,000 towards improvement of water-works and purchase of centrifugal pumps, etc., respectively.
(4) Figures for 1906-1907 include very low expenditure on road repairs, the average annual cost being Rs. 14,000.
(5) The debenture loan of Rs. 22,000 will be paid off this year, and hence there will be a saving of Rs. 1,320 per annum from 1908-1909.
(6) The debenture loan of Rs. 22,000 will be discharged this year and so payments of Rs. 2,000 into Sinking Funds will cease from 1908-1909.
The total permanent savings available from 1908-1909, *vide* above, are—

No. 763M., dated the 4th September 1907.—WHEREAS a Notification, No. 556M., dated the 21st March 1907, was published at pages 41 and 42, Part IB of the *Calcutta Gazette* of the 27th idem, declaring the intention of the Lieutenant-Governor to revise the boundaries of the Bhagalpur Municipality so as to include within the said Municipality the local area comprising the villages of Maheshpur and Hossainpur; and whereas no valid objection was raised to the proposal within six weeks from the date of publication of the above notification within the Municipality; it is hereby notified, for general information, that, in exercise of the power vested in the Local Government by section 9(A)2 of the Bengal Municipal Act, III of 1884, as amended up to date, and in accordance with the recommendation of the Commissioners of the Bhagalpur Municipality, made at a meeting, the Lieutenant-Governor sanctions the above proposal.

The boundaries of the area to be included are as follows:—

On the North.—The existing southern boundary (viz., Gangti road and Mirjanhat road) and northern *adda* of Mr. Tilukdhari Lall's big garden.

On the West.—From the junction of the Goorachouki road and Gangti road along the footpath from Bhairopur southwards to the south-west corner or Latpokhar.

On the South.—From the south-west of Latpokhar to the north-west corner of Kunjo Modi's tank, then passing eastwards along the southern borders of the garden of Mr. T. Lall and others, Moghul Kasab and Goor Charan Halwai, respectively, up to the Bausi road, and thence northwards alongside the eastern edge of the road to where Mahespur *kutcha* road meets the Bausi road, and thence, respectively, along the southern borders of the gardens of Mr. Abdul Mujid, Achaj Mian and Mr. T. Lall up to Koili road.

On the East.—Koili road and Kutubganj road.

2. The boundaries of the Bhagalpur Municipality after the inclusion of the area aforesaid will be as follows:—

On the North.—Beginning at the north-west corner of the junction of the present northern and eastern boundaries at Barari near the burning ghât the boundary will run along the northern bank of the river Jammunia to Champanallah.

On the West.—The eastern bank of the Champanallah up to the East Indian Railway, thence along the southern boundary of the East Indian Railway line to the underbridge at Tewari talab, thence along the western side of the Tewari talab road to its junction with Gurhutta *kutcha* road, now called Molnachuk road, thence along the southern side of the said road to its junction with Goura Chouki road, thence along the eastern side of the said road to its junction with the footpath from Bhaipur, thence along the said footpath southwards to the south-west corner of Latpokhar.

On the South.—From the south-west of Latpokhar to the north-west corner of Kunjo Modi's tank, then passing eastwards along the southern borders of the gardens of Mr. Tilukdhari Lall and others, Moghul Kasab and Goor Charan Halwai, respectively, up to the Bausi road and thence northwards alongside the eastern edge of the road to where Maheshpur *kutcha* road meets the Bausi road, and thence respectively along the southern borders of the gardens of Mr. Abdul Mujid, Achaj Mian and Mr. Tilukdhari Lall up to Koili road.

On the East.—Thence along the southern and western boundary of Baberganj and thenceforth along the existing eastern boundary and by the eastern limits of the Laloochuk and Ishakchuk up to the north-west corner of Bansi Lall's garden to the south of East Indian Railway line, and thence eastwards along the southern boundary of the East Indian Railway line opposite south-west corner of the Race Course, and then crossing the line along the western boundary of the Race Course by Pranbuty's lane, and then after meeting the Central Jail road eastwards along the said road, and then by the Colgong road up to the south-west corner of the junction of the *kutcha* road leading to Barari, and thence along the western side of the said *kutcha* road to the place where it crosses the Meghanalla, then along the western edge of the said nalla to the Burning Ghat road and along it to the north end of the said road.

24-Parganas.

No. 796L S.-G.—The 6th September 1907.—In modification of the notification dated the 10th April 1886, published at page 102, Part IB of the *Calcutta Gazette* of the 14th idem, and in exercise of the powers conferred by section 8 of the Bengal Local Self Government Act of 1885 (Ben. Act III of 1885), the Lieutenant-Governor is pleased to fix sixteen as the number of members of which the Sadar Local Board in the district of the 24-Parganas shall consist.

Notice of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Barun-Daltonganj Railway, in the district of Palamau, will be put up to sale at 12 o'clock on 23rd October 1907, corresponding with the 9th Kartik 1314 Fusli, at Daltonganj.

The purchasers of the several plots of land will be subject to the following conditions :—

1st.—The purchasers will have no power to make any excavations on the land nearer than 15 feet from the railway fencing, or plough the land closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale

Darbhanga Collectorate, the 31st August 1907. S. N. GHOSE, *for* Collector.

Notice of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale to the below, undermentioned estates, situate in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 25th September 1907, corresponding to the 9th Ashin 1314 B.S.

The purchaser will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estates will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and to the laws in force; and purchaser to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by the noon of the succeeding day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

QUESTIONS AND ANSWERS.

MAGRAHAT DRAINAGE SCHEME.

The Hon'ble BABU RADHA CHARAN PAL asked :—

(*a*) When was the work in connection with the Magrahat Drainage Scheme started in the sub-division of Diamond Harbour? Is there any time specified for the completion of the work?

(*b*) What progress has been made in the work?

(*c*) Having regard to the importance of the work, both from agricultural and sanitary point of view, does not the Government think that the work should be expedited and completed as soon as possible and practicable?

The Hon'ble MR. GAIT replied :—

"(*a*) The work in connection with the Magrahat Drainage Scheme was commenced in November, 1904. The answer to the second part of the question is in the negative.

"(*b*) About one-third of the work has been completed to end of June, 1907.

"(*c*) The Government recognize the importance of the work, which is being pushed on as quickly as practicable. Pending its completion, satisfactory arrangements have been made to utilize the portion of the work already constructed."

HIGH PRICE OF RICE.

The Hon'ble BABU RADHA CHARAN PAL asked :—

(*a*) Has the attention of the Government been drawn to the alarmingly high price of rice prevailing in the country? How long, in the opinion of the Government, is the present high price likely to continue?

(*b*) What damage has been done by the last cyclone and consequent flood to the agricultural outturn of the country, both as regards the jute and paddy cultivation, in each district under the Local Government?

If there is a likelihood of a further rise in the price of rice, as is apprehended, does not the Government consider it necessary to take timely steps so that the poor may not die of starvation?

(*c*) Is the stock of rice and paddy in the province sufficient to meet the demand till the next harvest is reaped? If not, what steps does the Government intend to take to fill up the deficit in the supply?

(*d*) Having regard to the high price of rice and its tendency to increase, and to the distress it has already entailed upon the salaried *Bhadra lok* class, will the Government be pleased to consider the desirability of raising the rate of grain compensation allowance now paid to the poorly-paid Government servants, and to extend it to all Government servants drawing Rs. 50 or less *per mensem*?

The Hon'ble MR. GAIT replied :—

"(*a*) The Hon'ble Member's attention is invited to the answer to a question on the same subject given by the Hon'ble Mr. Carlyle at the Council Meeting held on the 23rd March, 1907; and to the discussions which took place in connection with the Financial Statement for 1907-08. Further inquiries have since been made regarding the high prices prevailing, and a report has been received from the Director of Agriculture, a copy of which is laid upon the table. It is difficult to say how long the present high prices are likely to continue. There are already some signs of their weakening; and if the season continues to be favourable, it is hoped that a considerable decline will soon occur.

"(*b*) The Hon'ble Member is referred to the Weekly Weather and Crop Reports which are published in the Calcutta Gazette. Comparatively little damage was caused by the cyclone and consequent flood mentioned in the question. The present agricultural prospects are generally favourable, but somewhat serious floods have just been reported from Cuttack.

"(*c*) The reports received from District Officers go to show that stocks are sufficient to last till the next harvest.

"(*d*) It is not considered desirable at present either to raise the rate of the grain compensation allowances or to extend the concession to all Government servants drawing Rs. 50 or less a month."

NOTE ON THE PRESENT HIGH PRICES OF FOOD-GRAINS AND POSSIBLE CAUSES THEREFOR.

THE annexed Statement I shows the average price, in seers per rupee, of common rice, wheat and maize in this Province during the past seven years.

2. Statement II shows the average price of the same food-grains on the 15th of last month as compared with the prices reckoned hitherto as normal for the Province, showing in each case the percentage of increase over the normal price.

3. It will be observed from Statement I that while the average prices varied little from the normal during the six years 1900 to 1905 (inclusive), they suddenly rose in 1906 in a very remarkable manner, this rise becoming accentuated during the current year, till on the 15th of last month the average price of rice (taking this Province as a whole) was 58 per cent. above the previous normal, the price of wheat 26 per cent., and the price of maize 70 per cent. above that normal.

4. This extraordinary rise in the prices of food-grains cannot be ascribed to any single cause It has not been confined to this Province. Prices have risen all over India; and the rapidity of the rise has attracted attention in other Provinces as well as this. While, then certain reasons may be suggested as having tended to raise prices in this Province, other causes may have operated in other Provinces leading to a similar rise; and with the present facilities of intercommunication between all parts of the country, a general rise of prices in other Provinces must inevitably lead to a corresponding rise in this Province. In this note I propose to discuss the conditions obtaining in this Province that have probably helped towards bringing about this marked increase in the prices of food-grains.

5. The annexed Statement III gives for this Province the normal area cultivated with rice, wheat and maize, the normal rate of yield hitherto adopted, the normal yield, and the area cultivated, percentage of outturn and estimated yield in each of the years 1904-05, 1905-06 and 1906-07. Taking this Province alone, during the three years 1904-05, 1905-06 and 1906-07 there has been a total deficit of 188,148,100 cwts., or 25,60,90,469 maunds in respect of the three crops referred to, or nearly two-thirds of a normal year's produce of the three crops together. It will be observed also from this statement that rice is by far the most important food-crop in this Province. The area under rice, moreover, in the Province forms a large part of the total area under this crop in India. In the case of wheat, the area cultivated in this Province is comparatively small, and the price of wheat over India generally is, therefore, little affected by the conditions in Bengal. Maize also is of very minor importance in this Province. It is chiefly grown in the Bihar districts, where it has during the last two years suffered to an abnormal extent from floods, the produce of the two years 1905-06 and 1906-07 together being estimated as less than the normal produce of a single year. In these districts maize is an important food-staple for several months of the year, and the extraordinary shortage of supply and rise in price would naturally affect the price of rice also. This is evidenced by the large increase in the imports of rice into the Bihar "block." But the great food-staple of this Province is rice, and it may be said to be the only food-staple in respect of which a review of the conditions in this Province alone can be expected to lead to any conclusions of importance. In the case of other food-staples, it would be necessary, before any reliable conclusions could be drawn, to know the conditions that have prevailed in other Provinces, and to collect statistics and information from all parts of India, which it is not possible for me to do. My remarks will necessarily, therefore, be confined chiefly to rice.

6. Statement IV shows the outturn of total rice (autumn, winter and summer) in the two Provinces of Bengal and Eastern Bengal and Assam in 1905 and in 1906, as compared with the normal outturn. This statement shows a deficit for the two years of 27,07,04,040 maunds as compared with the normal outturn. In considering all these figures, however, it must be clearly understood that they were merely estimates: and frequently such estimates are very inaccurate. In order to realize better how very difficult it is to make an accurate estimate of the outturn of crops where the greater portion thereof is consumed by the people themselves locally, and there is no means of checking the estimate by comparison with trade figures (as there is, for instance, in the case of indigo and jute), I would mention that in 1903 a memorandum was drawn up in the Department of Land Records on the subject of the production and consumption of food-grains in Bengal. The result of the elaborate calculations then made was that the total outturn of all food-grains and pulses in the old Province of Bengal amounted to about 21,377,000 tons, or 58,19,29,444 maunds. The figures for the normal produce of all kinds of rice hitherto accepted show an outturn of 57,57,49,864 maunds for the two Provinces, leaving only 61,79,580 maunds for all other food-grains and pulses. Comparing these figures, it is evident that either the normal outturn of all food-grains and pulses has been under estimated, or that the normal outturn of rice has been over-estimated Again, taking the ten years, 1895-96 to 1904-05, I find on adding up the figures for outturn of rice (including paddy converted into rice at the rate of 25 seers of rice to 1 maund of paddy) that the average estimated actual outturn of rice *per annum* in the two Provinces of Bengal and Eastern Bengal and Assam comes to 44,44,95,314 maunds, as compared with 57,57,49,864 maunds, the figure accepted hitherto as the normal outturn *per annum* for the two Provinces combined. If the latter figure be adopted as the

normal outturn of rice, we would get a gross normal outturn in ten years of 5,75,74,98,640 maunds. Taking the figures of actual outturn as estimated each year, we get a gross actual outturn during the ten years of 4,44,49,53,140 maunds. That is to say, these figures would indicate that during the period of ten years (1895-96 to 1904-05) there was a gross total deficit (as compared with the normal) of 1,31,25,45,500 maunds of rice. This latter figure is more than 2¼ times the estimated normal outturn of all food-grains in the old Province! In the same memorandum referred to above, the total ordinary consumption of food-grains in the old Province of Bengal was estimated to be 54,70,30 555 maunds. Thus the total deficit in the outturn of rice during the ten year period quoted would amount to nearly 2½ times the total ordinary annual consumption of food-grains and pulses in the old Province. I may mention that the estimate of consumption included the consumption for human food, for seed and for cattle food, with a large allowance for wastage. Manifestly these figures are unreliable. However, the figures showing the estimated outturn, year by year, are, at all events, of some comparative value, and it will be seen that they indicate a very large deficiency in the outturn of rice during the past two years.

7. Resorting next to the figures of import and export, so far as they are available, I find that the average total annual imports of rice (and paddy converted into rice) for the ten year period 1895-96 to 1904-05, inclusive, amounted to 13,645,989 cwts.; and that the average annual total exports amounted to 22,888,433 cwts. The excess of exports over the imports of rice thus amounted on the average to 9,242,444 cwts, or 1,25,79,993 maunds *per annum*. These figures are for the old Province of Bengal before partition and also for the Calcutta port. They include the traffic by rail, by river, coast-wise and foreign.

8. In 1906-07 the imports of rice (including paddy converted into rice) by rail and river into Calcutta amounted to 1,19,28,679 maunds; the imports into the rest of this Province amounted to 41,79,710 maunds. During the same period, the exports from Calcutta by rail and river of rice (including paddy converted into rice) amounted to 79,61,838 maunds, and the exports from the rest of this Province amounted to 1,29,36,967 maunds Thus, *so far as rail and river-borne traffic is concerned*, the exports slightly exceeded the imports. *Primâ facie* these figures would seem to indicate that the stock of rice in this Province was more than sufficient for the consumption of the people; but, on the other hand, it must be remembered that the very high prices obtainable for rice may have induced the people to export it and purchase cheaper food-grains.

9. Looking to the Maritime Trade of the Province, I find that during the year 1906-07, 4,040,935 cwts. of rice were exported, as compared with 8,185,155 cwts. in 1905-06 and an average of 6,206,844 cwts. during the five years 1900 to 1905. On the other hand, about 6½ million cwts of rice were imported in 1906-07, most of which appears to have come from Burma. The total exports of rice (including paddy converted into rice) from this Province to the Province of Eastern Bengal and Assam by rail and river during 1906-07, as far as figures can be obtained, seem to have been 70,57,911 maunds; while the total imports of rice into this Province from Eastern Bengal and Assam would seem to have been 15,17, 452 maunds, showing an excess of 55,40,459 maunds in favour of exports. Adding to these the figures for sea-borne trade, the excess of exports of rice from this Province to Eastern Bengal and Assam over imports from Eastern Bengal and Assam into this Province during 1906-07 was 55,54,846 maunds.

10. It has been asked more than once whether the prevailing high prices are due in any way to excessive exports of food-grains. I find from the most recent returns of the Maritime Trade of this Province that while the total exports of food-grains and flour have decreased from an average annual value of 534 lakhs of rupees during the five years 1900 to 1905 to 313 lakhs of rupees in 1906-07, the value of the imports of grain and pulse by coasting trade only rose from 32 lakhs of rupees in 1905-06 to 341 lakhs of rupees in 1906-07. This very remarkable increase in imports in 1906-07 is due almost wholly to imports of rice from Burma.

11. Taking the figures for the whole of India recently published by the Director-General of Commercial Intelligence, it will be seen that the total exports of rice abroad during the year 1906-07 amounted to 38,704,000 cwts. as compared with 43,037,000 cwts. in 1905-06 and an average of 47,324,000 cwts. during the three years 1902-03 to 1904-05. Not only did the exports of rice from the whole of India decrease, but the exports of wheat, of food-grains other than rice and wheat and of provisions also fell considerably in 1906-07. These facts show conclusively that the rise in prices is not due to increased exports.

12. Another set of figures which I have been able to obtain from the office of the Director-General of Commercial Intelligence shows that the total imports of rice and paddy (converted into rice) into the Calcutta block by all routes during the year 1906-07 was 2,01,85,819 maunds as compared with 1,78,07,359 maunds in 1905-06, and 1,53,34,225, maunds in 1904-05, while the exports amounted to 1,50,01,855 maunds in 1906-07 as compared with 1,53,17,323 maunds in 1905-06 and 1,28,91,041 maunds in 1904-05 (*vide* Statement V appended).

13. Statement VI appended shows the imports of all food-grains into the old Province of Bengal as it stood before partition by all routes during the years 1901-02 to 1905-06 and the imports into the present Province of Bengal during the year 1906-07. Unfortunately the figures in respect of Eastern Bengal and Assam for the latter year are not yet available.

14. The figures showing the imports of rice from Burma into Bengal and into Eastern Bengal and Assam during the year 1906-07 are, however, available. They show that 5,530,816 cwts. were imported during 1906-07 into Bengal, as compared with 273,299 cwts. in 1905-06, and 4,780,119 cwts. were imported into Eastern Bengal and Assam in 1906-07, as

compared with 531,097 in 1905 06; or a total of 10,310,935 cwts. were imported into the two Provinces as compared with 804,396 cwts. in the previous year. The trade statistics show that most of the rice imported into this Province from Burma was re-exported to Eastern Bengal and Assam, *i.e.*, merely passed through Calcutta. The increased imports from Burma amounted in quantity to 9,506,539 cwts., and in value to Rs. 4,41,69,858.

15. Statement VIII shows the trade in rice between the different trade-blocks of the Province during the past five years: the figures up to 1905-06 refer to the old Province (before partition); the figures for 1906 07 refer to the present Province of Bengal. It will be observed from this statement that considerable change in the movements of rice has taken place during the past two years, more especially in 1906-07, the most marked feature being the sudden increase in exports from the Western Bengal and Orissa "blocks" and the large increase in imports last year into the Eastern Bengal and Bihar "blocks." The figures corroborate generally the local estimates of the outturn of the paddy crops. It will be noticed that while Chota Nagpur generally imports rice, in 1906-07 it exported much more than it imported. Local enquiries show that where exports exceeded imports, the rice was sent either to Calcutta, or to Eastern Bengal and Assam districts by more direct routes. Owing to a succession of bad harvests, Bihar had to import rice from Bengal as well as other food-grains from the United Provinces and the Panjab.

16. It has also been asserted in certain quarters that the rise in prices is due to the reduction in the area cultivated with rice, in consequence of the increase in the area cultivated with jute. The figures in Statement VII appended will show how little foundation there is for this assertion. Although the total area under jute in the two Provinces has increased during the past six years by more than one million acres, there has been no corresponding decrease in the area under rice. In fact, the tendency during the same six years has on the whole, so far as the returns show, been for the area under rice to increase. The figures for rice for the last year of the period were somewhat exceptional, and were due to an unfavourable season, to want of rain at sowing time and to floods later on. There is, moreover, I may mention, evidence to show that the practice of growing winter paddy after jute on the same land is slowly gaining ground.

17. There is one matter, however, in connection with the cultivation of jute that calls for special attention, that is the remarkable rise in the prices paid for the produce of last year's crop as compared with the prices paid in previous years. Statement IX shows for the last three years the estimated area under jute, the estimated outturn, the estimated average wholesale price at Calcutta and the estimated value of the produce according to these rates The figures of value must of course be regarded as only approximately correct. They would go to show that the total value at Calcutta of the produce of jute cultivation rose from Rs. 20,09,38,412 in 1904-05 to Rs. 26,88,07,770 in 1905-06 and to Rs. 41,31,35,843 in 1906-07. The Director-General of Commercial Intelligence, in his review of the Trade of India in 1906-07, makes the following remarks in this connection:—

"A careful estimate of the sums paid to cultivators for jute in the different districts shows the total farm value to have been some forty crores of rupees, of which about fifteen and-a-half crores were clear profit And a marked rise in the selling price of one form of produce induces a rise in the prices of all crops for which it can be readily substituted. Whereas Bengal, together with Eastern Bengal and Assam, imported rice to a value exceeding that of the previous year by Rs. 441·7 lakhs, they together exported raw jute exceeding the previous year's record by Rs. 968·9 lakhs."

18. These figures alone are, in my opinion, sufficient to account in a very large measure for a general rise in the prices of food-grains so far as this Province and the Province of Eastern Bengal and Assam are concerned. The unusual access of ready cash must have enabled all connected with the cultivation of jute to raise their standard of living, to purchase more food and to pay higher prices for it. The area under jute in this Province last year was only about 23 per cent. of the total area under jute in the two Provinces. All the most important jute-growing districts have been transferred to the new Province of Eastern Bengal and Assam. It would be very interesting to see whether the principal jute-growing districts in that Province had taken the largest part of the imports of rice, as might be expected from the ready money at the disposal of the cultivators there, but the figures of imports and exports for each district of that Province are not available to me. I have drawn up a statement showing the imports and exports of food-grains in respect of the chief jute-growing districts in this Province. No very definite conclusions can be drawn from the figures therein, but it will be noticed that, with the exception of the district of Murshidabad, in all the districts in which more than 20,000 acres were under jute last year, the imports of food-grains were largely in excess of the exports (*vide* Statement X).

19 The Director of Agriculture, Eastern Bengal and Assam, in a note of which he has sent me a copy, suggests that the principal causes that have affected the price of rice in 1906 and the current year in that Province may be placed in order of importance as follows:—

(1) The partial failure of the winter rice crop of 1905-06 which reduced the total outurn to about two-thirds of the normal, equivalent to a deficiency of 5½ crores of maunds, which was followed by

(2) a similar partial failure of the autumn crop of 1906, equivalent to a further deficiency of 1½th crores of maunds (estimating 9½ maunds of rice as the normal outturn per acre).

(3) The large profits obtained by the cultivators from jute.

(4) The dislike for Burma rice.

20. I have consulted all the District Officers in this Province on the subject. The consensus of opinion thus obtained indicates that the following causes have combined to raise prices in this Province:—

(1) The short outturn of the harvests of the past two years.
(2) Large exports to Eastern Bengal and Assam direct and to Calcutta.
(3) The large profits made by the cultivation of jute.
(4) A general rise in the standard of living among the people.

21. It has been suggested that the result has to some extent been brought about by a spread of combination among the grain dealers all over the country. Of this it is, as will be readily understood, difficult to obtain any direct evidence. But many District Officers suspect that such combination has influenced the market to some extent. In this connection a reference is invited to the figures in Statement V, which show that a much larger quantity of rice has been held up in Calcutta during the past year, as compared with previous years. There can be little doubt, I think, that the greatly increased facilities in communication by rail enable the big dealers and merchants to control a larger proportion of the grain trade of the country. My own experience in the *mufussal* has been that much of the grain trade that used to be carried on locally between the actual cultivators, middlemen and the grain dealers in the local *mufussal* bazars, and used not to go beyond these parties, has now come under the control of large capitalists at more important centres. Instances have come to my notice of agents of such capitalists and of Calcutta firms penetrating into rural tracts where they were unheard of ten or twenty years ago, and buying up surplus stocks of grain before even the dealers in the nearest towns could make a bid. The influence, moreover, of large transactions in grain must necessarily now spread further and more rapidly than before. Modern conditions, in fact, tend more and more to form a world-wide market to expose the grain markets of this country to international influences; and this phase of the economic development of this country has no doubt largely contributed to a general rise in the prices of food-grains. These considerations seem to lead to the conclusion that the rise must to some degree be permanent. Other causes may be more or less temporary in their operation.

22. *Conclusions.*—So far as this Province is concerned, I am of opinion that the following causes have tended, or are tending, to raise the price of food-grains:—

(1) The poor outturn of the harvests of food-grains during the last three years, more especially of the rice harvests; and in particular the very large deficit in the produce of rice in the districts of Eastern Bengal and Assam in 1905-06 and in 1906-07 The result of this deficiency in the staple food-grain of the people, combined with the fact that the buying power of a large proportion of that people had enormously increased for the reason stated under head (2) below, was that an unprecedented demand arose for rice, that prices went up accordingly, and that large quantities of rice were exported from this Province to Eastern Bengal and Assam. The exceptionally high prices, further, induced those who had stores of rice in this Province to sell whatever they could, keeping only the minimum required to carry them on till the next harvest.

(2) The rapid rise in the price of jute of late years, especially the extraordinarily high prices paid for the crop of 1906. It has been estimated that at least 40 crores of rupees were paid for jute in the two Provinces, of which 15½ crores were clear profit. I believe it was possible that the profits were even larger than this estimate. The consequences of this access of ready cash must have been felt in more directions than one. It must have enabled all who shared it to raise their standard of living, to purchase more of the food they relished most, (*e.g.* rice and fish), and to pay more for such food. It must also have enabled them to retain stocks of rice that would otherwise have come on to the open market, and this withholding of stocks would also tend to keep up prices. These conclusions are in my opinion strongly corroborated by the fact shown in the note by the Director of Agriculture, Eastern Bengal and Assam, already referred to, that the demand in that Province was chiefly for rice of better quality, and that a "dislike for Burma rice" was manifested. Throughout the price for Burma rice continued to be low, and yet it is believed that a fairly large proportion of the stock imported remained in the hands of the dealers. In fact, Mr. Hart writes:—"Had it not been for the profits from jute cultivation there would have been an overwhelming demand for the cheapest kind of rice, and the country would have been flooded with Burma grain."

(3) A general rise in the standard of living all over the Province, of which there is abundant evidence in many directions, for instance, in dress, in the adoption of what would in the case of the ordinary peasant in former days have been called luxuries, such as smoking, the general use of umbrellas and of shoes, travelling short distances by rail instead of walking, etc., etc. There is also evidence to show that the habit of eating rice instead of coarser grains is also extending. In many rural tracts of Bihar and Chota Nagpur the lowest classes seldom had a meal of rice, but what with migration to the tea districts

and the mills in Lower Bengal, and with the advent of railways and the spread of intercommunication between all parts of the Province, even these classes are known to be taking to eating rice. No doubt, the operation of this cause has been more gradual, extending over many years.

(4) The wider influence of the large grain merchants, and the opening up of the rural markets of this country to the world's market, in consequence of rapidly increasing facilities of communication. It is possible that the same cause had led to greater combination among the big grain dealers.

(5) Contemporary conditions in other Provinces that have helped to bring about a general rise in the prices of food-grains all over India.

(6) It is possible, too, that the result may, in the case of the New Province, be due in some degree to the consequence of the so-called *Swadeshi* movement and the political agitation being carried on. I think, however, that this cause has not operated to any appreciable extent in this Province.

23. Whether over-minting of coinage has in any way contributed to the present state of prices I am not in a position to offer an opinion.

CASE OF GOBIND RUTH.

The Hon'ble BABU RADHA CHARAN PAL asked:—

Is it a fact that one Gobind Ruth of the Banki Government Estate in Orissa memorialized Government in November last accusing the tahsildar of that estate of bribery, as Judicial and Executive Officer, and various other acts of alleged oppression?

Is it a fact that the said Gobind Ruth submitted a petition to Government in May last in which he makes the following allegations:—

(*a*) that all documentary evidence bearing on the charges against the tahsildar was forcibly seized and removed from his (the petitioner's) house by the Collector's Sheristadar before any inquiry was held;

(*b*) that the witnesses who deposed against the tahsildar were maltreated by the Police and oppressed by the tahsildar, being made to walk through villages with their faces painted black and white, dunce caps over their heads and *tom-tom* playing before them;

(*c*) that the petitioner, when he went to the Collector, was arrested and kept in *hajat* for three days, although the bail demanded from him was forthwith offered;

(*d*) that the prosecutions under section 182, Indian Penal Code, were instituted against him at the instance of the Collector, both of which were quashed by the Hon'ble High Court?

Is it a fact that, subsequent to the High Court's order, another prosecution under section 182, Indian Penal Code, has been instituted against him on the same facts?

Has Government made, or does it propose to make, any inquiries into the allegations against the Tahsildar and the conduct of the Collector, as complained of? If inquiries have been made, will the Government kindly state what is the result of the inquiries?

The Hon'ble MR. GAIT replied:—

"It will be convenient if I answer together the four questions of the Hon'ble Member, regarding Gobind Ruth's case. Gobind Ruth submitted a memorial accusing the tahsildar of the Banki Government Estate of bribery. The memorial was sent to the Commissioner for investigation. A judicial inquiry was held by the District Magistrate, who found the allegations to be false and directed Gobind Ruth to be prosecuted under section 182, Indian Penal Code. The High Court were moved, with the result that the proceedings were quashed, on the ground that that section was not applicable. The tahsildar has now obtained permission to prosecute Gobind Ruth for libel. A second petition has been received from Gobind Ruth and sent to the Commissioner for inquiry."

The Hon'ble BABU RADHA CHARAN PAL asked:—

Is the Collector the same officer who was removed from Puri in connection with certain highhanded proceedings against the Raja of Puri?

The Hon'ble MR. GAIT replied:—

"The Collector was Mr. Garrett, who was Collector of Puri at the time of the incident referred to."

JUDGMENTS IN CERTAIN MUNICIPAL CASES.

The Hon'ble BABU RADHA CHARAN PAL asked :—

Has the attention of the Government been drawn to the judgments of the Criminal Revisional Bench of the High Court in—

(*a*) Chuni Lal Dutt *versus* Corporation of Calcutta (reported in the Calcutta Weekly Notes, Vol. XI, Nos. 1 and 2), in which the Municipal Magistrate, after having imposed a fine of Rs. 40, passed an order for the demolition of a room in a building for "having slightly altered the position of a wall in the construction of the room" on a mere "arbitrary exercise of discretion," as observed by their Lordships (Mitra and Holmwood, J.J.), who, in setting aside the order, also said :— "There is nothing in the decision of the Magistrate to indicate that he judicially considered any grounds for the exercise of the discretion vested in him by the law," and "we have no hesitation in pronouncing that the order is erroneous."

(*b*) Abinash Ch. Ganguly *versus* Corporation of Calcutta, in which the Magistrate inflicted a daily fine upon the owner of the bustee land in 82 and 83, Ripon Street, for failure to make certain bustee improvements in the said premises though the land had ceased to be a bustee land at the time of the conviction, as held by their Lordships (Mitra and Fletcher, J.J.), who set aside the sentence.

Do not the judgments tend to show that for more satisfactory administration of justice in Municipal cases and to secure the confidence of the public in it, the Municipal Magistrate should be appointed on a higher salary from the class of trained lawyers, who are better fitted to discharge the duties of a judicial officer than the members of the Executive Service, much of whose time is spent in Executive work and most of whose experience is confined to the Mufassal; and will the Government be pleased to give this important matter its best consideration?

The Hon'ble MR. STREATFEILD replied :—

"The Government has noticed the two cases referred to in the first question, and they have not produced the impression indicated in the second question of the Hon'ble Member."

SALARIES OF MINISTERIAL OFFICERS.

The Hon'ble BABU RADHA CHARAN PAL asked :—

In regard to the salaries of ministerial officers, His Honour the Lieutenant-Governor was pleased to observe at the last Budget debate that the Government was awaiting the reply of the Hon'ble Judges of the High Court, whom it had consulted on the report of the Committee; will the Government kindly state whether the opinion of the Hon'ble High Court has been received on the subject? If not, when does the Government expect to receive it, and when will the final order on the subject be issued?

The Hon'ble MR. MCINTOSH replied :—

"The opinion of the High Court has been received and has been submitted to the Government of India with the recommendations of this Government."

SUPPLY OF FILTERED WATER IN GAYA.

The Hon'ble BABU JOGENDRA NATH MUKHARJI asked :—

Considering the frequent recurrence of plague of a virulent type and of other epidemics in the town of Gaya, which is an important centre of Hindu pilgrimage, will the Government be pleased to state what steps have been taken for the supply of pure water to the town? Is any scheme for the supply of filtered or pure water to the town under consideration? If so, when

is it likely to be given effect to? Is any sum raised by public subscription for the above purpose now in deposit? If so, what is the amount so held?

Does the Government consider the present system of road-watering and cleaning the town adequate? If not, what steps have the local authorities taken, or are taking, for providing a better drainage and conservancy for the town and for watering its roads?

The Hon'ble MR. MCINTOSH replied:—

"(a) A scheme of water-supply has been approved by Government. A copy of the Government order is laid on the table for the information of the Hon'ble Member.

"(b) Government has no special information about the system of road-watering and conservancy. But it is understood that a drainage scheme is about to be prepared."

UNDETECTED MURDER IN PANDOO.

The Hon'ble BABU JOGENDRA NATH MUKHARJI asked:—

Is the Government aware that the murder last year of a *Kainya* in Pandoo, in the district of Palamau, has remained undetected, and that this year also four persons were found dead in the jungles of that place with gunshot wounds on their bodies? Will the Government be pleased to state what has been done by the local authorities to detect the murderers? Has Government any information as to how these four murders this year were caused? Will the Government be pleased to place early on the table all the information it has on the subject?

The Hon'ble MR. GAIT replied:—

"The local officers have received no report either of the murder of a *Kainya* in Pandoo last year or of the four gunshot murders alleged to have occurred there this year. It is almost certain that information would have been received had the murders really occurred, but further inquiries will be made if the Hon'ble Member will give us the source of his information."

MEMORIAL FOR TRANSFERRING CIVIL AND CRIMINAL BUSINESS OF PALAMAU.

The Hon'ble BABU JOGENDRA NATH MUKHARJI asked:—

Is the Government aware that since 1902 certain memorialists of Palamau and Gaya districts, headed by Babu Prakash Chandra Sarkar, Zamindar of Gaya and Talukdar of Palamau, have been memorializing the Government and the Lord Chief Justice of Bengal for placing the Civil and Criminal business of the district of Palamau under Gaya district and under the Divisional Commissioner of Patna, on the ground of convenience to the public and saving of expenditure to the Government, as shown in the memorials, which were also noticed by the local papers of Calcutta and Patna? In view of a proposal to constitute two Commissionerships in the Patna Division as it exists at present, will the Government be pleased to take into consideration the recommendations of the Acting Chief Justice of Bengal and of Mr. R. R. Pope, the late Judicial Commissioner of Ranchi, in that respect, as also to consider on general grounds the advisability of placing the Civil and Criminal business of the district of Palamau under the District and Sessions Judge of Gaya?

Will the Government be pleased to state what has been done in the above matter since 1903, when Government was questioned on the subject by the Hon'ble Dr. Ashutosh Mukherjee?

The Hon'ble MR. STREATFEILD replied:—

"The Government has from time to time received memorials from Babu Prakash Chandra Sarkar and others in favour of placing the Civil and

Criminal business of the Palamau district under the Judge of Gaya instead of the Judicial Commissioner of Chota Nagpur. The Lieutenant-Governor has considered this proposal in all its bearings, and has come to the conclusion that the change suggested would not on the whole be for the benefit of the people of the Palamau district.

"The circumstances are practically unaltered since Government replied to a question on the subject in 1906 by the Hon'ble Dr. Ashutosh Mukherjee."

SALARY COMMISSION'S REPORT.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

Will the Government be pleased to say whether the opinion of the High Court on the Salary Commission's Report has been received and whether it is now in a position to pass final orders on the matter?

[The Hon'ble the PRESIDENT said:—"This question has already been answered."]

PENSION RULES OF PROVINCIAL JUDICIAL SERVICE.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

Has the Government come to any final decision about the relaxing of the Pension Rules of the Provincial Judicial Service to which its attention was drawn by questions asked in this Council before?

The Hon'ble MR. STREATFEILD replied:—

"The question referred to is still under the consideration of the Government of India."

TECHNICAL EDUCATION.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

(*a*) Has the attention of the Government been drawn to the fact that the great and beneficient measure which will have far-reaching results announced in the Calcutta Gazette of the 28th August last of instituting technical degrees in mechanical engineering, electrical engineering and mining, on the lines of European Universities, is incomplete without degrees in industrial chemistry, including tincturial chemistry, which was included in the scheme framed by the Committee appointed by the Government for the purpose of preparing a scheme for technical education? Will the Government be pleased to mention the reason of the omission?

(*b*) Will the Government be pleased to say whether it is prepared to confirm what was stated by the Director of Public Instruction in his letter to me, dated the 6th of April, 1907, which was published in the newspapers with his permission that the instruction for the degrees mentioned above in the classes of the Sibpur Engineering College would be, so far as the conditions of this country admit, on a par with instruction imparted in similar classes in Europe?

(*c*) Will the Government be pleased to say whether it intends to take any measures for the teaching of ceramics?

(*d*) Will the Government be pleased to say what steps it intends to take about the teaching of the rearing of silk-worms, and reeling, weaving and dyeing of silk?

The Hon'ble MR. STREATFEILD replied:—

"(*a*) A scheme has been submitted to the Government of India for the opening of classes at the Civil Engineering College, Sibpur, in technological chemistry and in dyeing and the chemistry of dyeing, and is still under consideration.

"(*b*) It is proposed that the instruction imparted in these classes shall be on a par with that imparted in Europe as far as local conditions permit.

"(*c*) On the teaching of ceramics, Government is not yet prepared to make a pronouncement.

"(*d*) The question of rearing of silk-worms and reeling, weaving and dyeing of silk is under the consideration of the Director of Agriculture."

SILTING UP OF THE RIVER GORAI.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

Has the Government received an application from the inhabitants of the sub-division of Kushtia proposing certain measures about preventing the silting up of the river Gorai, and will the Government be pleased to make an inquiry into their feasibility?

The Hon'ble MR. GAIT replied:—

"Applications have been received from the inhabitants of Kushtia sub-division asking that some steps may be taken to improve the channel of the Gorai river at its offtake from the Ganges. The matter has been carefully inquired into, and the petitioners have been informed that it is not practicable to do anything to improve the present conditions."

DREDGING OF THE ATHARABANKA.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

With reference to a question put by me on 12th January last in the Council, the Under-Secretary to the Government of Bengal informed me, by a letter dated the 4th of April, 1907, that when the channel through the Madaripur *bhil* had been dredged, it would probably be necessary to do some dredging also in the Atharabanka. Will the Government be pleased to say what has been done in the matter and by what time the work may be taken up?

The Hon'ble MR. GAIT replied:—

"The dredger which is to be used for deepening the channel through the Madaripur *bil* has not yet been completed. It is expected that she will commence dredging in November next. Efforts will be made to preserve the same depth of water in the Atharabanka as in the channel through the *bil*, and the dredger will be used there when necessary. The Atharabanka does not at present need dredging, as very little silt was deposited last year."

DRAINAGE SCHEME OF JESSORE.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

Will the Government be pleased to say what progress has been made about making the scheme for the drainage of the district of Jessore, which, I was informed in answer to a question put by me on a previous occasion, was in course of preparation by a Committee appointed for the purpose? By what time any decision on the matter may be expected and when it is probable action may be taken?

The Hon'ble MR. MCINTOSH replied:—

"Notifications were issued last May under the Sanitary Drainage Act appointing Drainage Commissioners. The Commissioners have not submitted their preliminary scheme and estimate yet. They will be asked to expedite it."

PROPOSED TRANSFER OF KALIGANJ THANA.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE asked:—

Has the Government received a representation by some of the inhabitants of thana Kaliganj protesting against the transfer of that thana from the Sadar sub-division of Jessore to the sub-division of Jhenida? Will the Government be pleased to consider the reasons given by the petitioners against the change?

The Hon'ble MR. GAIT replied :—

"The representation referred to by the Hon'ble Member has been received. The reasons urged by the petitioners against the change were considered by Government before the orders for the transfer of the thana were passed.

"The orders were passed after consulting the Commissioner and Collector and the Inspector-General of Police as to executive work and the Hon'ble Judges of the High Court as to judicial work, and after considering all the opinions available."

DARJEELING MURDER CASE.

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

The Government was pleased in answer to a question put by the Hon'ble Mr. J. Chaudhuri at the meeting of the Council held on the 18th August, 1906, to state that its attention had been drawn to the judgment of the High Court in the Darjeeling murder case and the comments therein on the conduct of the Police in connection with the case, and that full consideration would be given to the matter with a view to the issue of such orders as might appear to be advisable :—

(*i*) Will the Government be pleased to state what action has been taken by the Government in the matter ?

(*ii*) Has the Government noticed (*a*) that the confession of Gumandhoz, wood-cutter, acquitted by the Sessions Judge, was taken at 2 A.M. at the house of the District Superintendent of Police, the man being handcuffed and held by two constables with a rope round his waist ; (*b*) that Bhim Doyal, the police officer, was described both by the Sessions Judge and the High Court as "unscrupulous ;" (*c*) that prosecution witnesses were kept either in *hajat* or in jail ?

(*iii*) Has the Government been able to find out under whose orders the blood-stained articles were destroyed before the investigation was made over to the unscrupulous Bhim Doyal ?

The Hon'ble MR. GAIT replied :—

"1. A careful inquiry was made into all the circumstances of the case and a full report was submitted to the Government of India.

"2. (*a*) After the finding of the *kukri* in Gumandhoz's house, he and Panche were taken to Darjeeling. A statement made by Panche was recorded by the Deputy Commissioner at the District Superintendent's house at about 1 A.M. on the 20th, and subsequently a statement made by Gumandhoz was recorded. Gumandhoz was held by two constables while he made his statement. He seems to have been handcuffed and to have had a rope round his waist, but the District Superintendent and Inspector Bhim Doyal were not present at the time. Mr. Garrett, in his evidence before the committing Magistrate, said that he considered that the confession of Gumandhoz had been voluntarily made, and that Gumandhoz showed no signs of speaking otherwise than voluntarily. On this point the evidence of Ulfat Hussain, Mr. Garrett's peshkar, may also be referred to. It may be that Mr. Garrett would have been better advised if he had waited till the morning before recording these statements and had dispensed with the presence of the constables in charge of Gumandhoz. On the other hand, any delay would have involved the two men being longer in the custody of the police before their statements were recorded, and as regards Gumandhoz being guarded by constables, it must be remembered he was under suspicion of having committed a violent crime.

"(*b*) The Sessions Judge used the expression 'injudicious' in regard to certain proceedings of Inspector Bhim Doyal. He did not call him unscrupulous, and nowhere in his judgment did he arrive at the conclusion that the police had in fact been guilty of malpractices. On the other hand, he said he

did not believe the allegation that Gumandhoz was maltreated. The High Court described Bhim Doyal as unscrupulous; but it must be remembered that he was not on his trial, and that he had no opportunity of rebutting the accusations made against him by the Counsel for the accused. There is nothing on the record which would justify a positive finding that the police were guilty of discreditable action. The case was a very serious one, and the Inspector acted throughout under the close personal supervision of the Deputy Commissioner and the Superintendent of Police, with whose full knowledge and approval every step in the inquiry which he conducted appears to have been taken. In the opinion of Government, after careful inquiry, the Inspector is free from all blame.

"(c) The detention of one witness (Panche) in custody was due to an order of the Deputy Commissioner. According to his own statement he was almost, if not quite, an accomplice. He made no complaint of ill-usage or of being forced to say anything which he did not wish to say. The arrest of another witness (Manilal) was due to the fact that having been an occupant of Dharam Singh's house on the night of the murder, he was at first regarded as a possible abettor. The Deputy Commissioner himself was responsible for his detention. A third witness (Jangi) says he was detained at the thana for eight days, but this is denied by the police and the statement is uncorroborated.

"3. It was under the Deputy Commissioner's orders that the druggets and other blood-stained articles in Mr. Goss's bed-room were burned. He passed this order on his arrival at the scene of the murder on the 19th February, 1906, because they smelled. This was an unfortunate and ill-advised step, but no suspicion can attach to it."

BLOCK OF PROMOTION IN PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

Is it not the fact that owing to the policy followed since the partition of retaining in the Provincial Executive Service of Bengal a large proportion of European and Eurasian officers, and of native officers of the province, nearly one-third the number of such officers from their relative places in the grades have been transferred from each grade to Eastern Bengal and Assam, and there has consequently been a depreciation in the reasonable expectations of promotion amongst officers remaining in Bengal? If so, will the Government please consider the propriety of bettering their prospects of promotion, similarly as the Government of Eastern Bengal and Assam are doing with respect to the Assistant District Superintendents of Police serving in that province?

The Hon'ble MR. GAIT replied:—

"The principle followed at the Partition was to transfer to Eastern Bengal and Assam a proportionate number of appointments in each grade of the Provincial Service. In practice, however, it was not found possible in all cases to transfer from each grade a number of officers equal to the number of appointments transferred. Officers preferred to remain in this province even though they lost promotion by so doing. The result, at the separation of the cadres in February, 1906, was a slight temporary dislocation of promotion and a certain inequality in favour of officers in Eastern Bengal and Assam. But, when the increase in the cadre of Deputy Collectors was sanctioned, with effect from April, 1906, a large number of promotions was made which more than compensated for any loss caused by the separation of the cadres."

ADDITIONS TO CADRE OF PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

Was it not the removal of the existing block in promotion one of the objects in making additions to the cadre of the Provincial Executive Service, and will the Government please make a statement showing how far the appointments, since made, have served to remove the block in promotion, especially in the first four grades?

The Hon'ble MR. GAIT replied :—

"The Hon'ble Member's attention is drawn to the Hon'ble Mr. Carlyle's reply of 12th January, 1907, to a question by the Hon'ble Babu Jogendra Chandra Ghose. It was not one of the objects of Government in making additions to the cadre of the Provincial Executive Service in 1906 to remove the alleged block in promotion. The extra appointments were distributed amongst the various grades according to the scale adopted in 1901."

PROMOTIONS IN PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

(*a*) With reference to the Press *communiqué* made by the Government on the 30th January last relating to promotions in the Provincial Executive Service, notified in the Calcutta Gazette of that date, will the Government be pleased to make public its reasons for selecting officers for promotion to the vacancies caused by the increase in the cadre in the first four grades, "by a more rigorous method of selection than is usually made"?

(*b*) Will the Government be pleased to state whether it is aware that this system of promotion differs from that adopted by the Government of Eastern Bengal and Assam in filling up such vacancies in these grades of their service?

The Hon'ble MR. GAIT replied :—

"(*a*) As stated in the Press *communiqué*, no member of the service had a right to be promoted to vacancies caused by the increase in the cadre. It was thus possible to reward officers of special merit without interfering with the legitimate expectations of promotion entertained by other members of the service.

"(*b*) The answer is in the negative."

APPOINTMENT OF EUROPEAN AND EURASIAN OFFICERS IN PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU BHUPENDRA NATH BASU asked :—

With reference to the Hon'ble Mr. Carlyle's reply to the Hon'ble Babu Jogendra Chandra Ghose's question in this Council meeting of the 12th of January last and of his reply to the question put by myself on the same subject in this Council meeting of the 23rd March last, will the Government be pleased to lay on the table a statement showing the appointments recently made (*1*) of European and (*2*) of Eurasian officers in each of the several grades of the Provincial Executive Service, on the grounds respectively of (*a*) "exceptional merit" and (*b*) of "special qualifications" required in strengthening the service, first in filling up the existing vacancies and secondly in filling vacancies caused by additions to the cadre?

The Hon'ble MR. GAIT replied :—

"Excluding probationers, seven Europeans and Eurasians were appointed last year to the Executive Branch of the Provincial Civil Service, *viz.*, five European officers to the fourth, fifth, sixth, seventh and eighth grades, respectively, and two Eurasian officers to the seventh and eighth grades respectively.

"The officers appointed in the fourth to the seventh grades were selected on the ground of special qualifications. They already held appointments carrying a rate of pay which made it necessary to place them in the grades mentioned above. The officers appointed in the eighth grade were promoted from Sub-Deputy Collectorships on the ground of exceptional merit.

"All these appointments were made to fill vacancies caused by the increase of the cadre."

PROMOTION BY SPECIAL SELECTION OF MERIT.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

Is the Government aware that the rules of 1893 (subsequently extended to apply to all branches of the Provincial Civil Service) relative to promotion to grades above Rs. 400 in the Provincial Executive Service, *by special selection of merit* without regard to seniority alone, were not made to apply retrospectively, and therefore ought not to apply to officers appointed before 1893, especially to such as entered under the existing rules of competition?

The Hon'ble MR. GAIT replied:—

"It was the recognized practice even before 1893 to appoint to the higher grades only officers 'of special merit and ability.' The rules of 1893 were intended to apply to all officers then in the service."

APPOINTMENT TO HIGHER GRADES IN PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

Will the Government be pleased to state how the appointment of European and Eurasian officers from outside directly to the higher grades of the Provincial Executive Service is likely to strengthen the service; and will it lay on the table a statement showing the number of such officers employed during the last 20 years in (*1*) the Judicial branch of the Provincial Service and (*2*) in the difficult Executive and Revenue branches of the Executive Service, namely, the Excise, the Income-tax, the Batwara, the Treasury, the Settlements, Land Acquisition, Khas-mahals and Wards?

The Hon'ble MR. GAIT replied:—

"The appointment of several Europeans and Eurasians from outside directly to the higher grades of the Provincial Executive Service strengthened the service because the persons appointed had already shown their capacity for work in other responsible appointments. As explained in reply to another question, it was necessary to offer them a higher salary than that of the lowest grade in order to induce them to join the service. The collection of the information asked for in the second part of the question would require an expenditure of time and trouble for which the results obtained would apparently not compensate; and Government does not consider it necessary to collect it."

RESTRICTIONS TO EMPLOYMENT IN PROVINCIAL EXECUTIVE SERVICE.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

Will the Government, in conformity with its declared policy, take steps to restrict in future the more extended employment in the Provincial Executive Service of Europeans and Eurasians, especially those who are not domiciled in this country?

The Hon'ble MR. GAIT replied:—

"Government has no intention of increasing the proportion of Europeans and Eurasians employed in the Provincial Service. As far as possible, new appointments of Europeans will be made from amongst those who are domiciled in India."

FLOGGING OF SUSIL KUMAR SEN.

The Hon'ble BABU BHUPENDRA NATH BASU asked:—

(*a*) Has the attention of Government been called to the order of Mr. Kingsford, the Chief Presidency Magistrate of Calcutta, sentencing Susil Kumar Sen, a boy of respectable parentage of the age of 15 years, for having assaulted a European policeman?

(*b*) Has the attention of Government been called to the circumstance that the Pleader for the accused applied to the Magistrate to direct that the sentence should be carried out in Court in the way of school discipline, and that the Magistrate refused to do so, and ordered the boy to be whipped in jail, where whipping is administered on the bare buttocks by placing the accused on the triangle?

(*c*) Has the attention of Government been called to the fact that the Pleader for the accused wanted to place the Circular of the High Court before the Magistrate if he would give him a minute's time, and that the Magistrate refused to grant this time, and left the Court.

(*d*) Has the attention of Government been called to the fact that the Circular was immediately after taken by the Pleader to the Magistrate's chambers and shown to him, but the Magistrate refused to be guided by the Circular or to comply therewith?

(*e*) Is the Government aware that the order passed by the Chief Presidency Magistrate and the mode of its execution have created a deep and widespread feeling of resentment?

(*f*) Will the Government be pleased to consider the effect on the public mind of such a sentence inflicted upon a young lad of respectable parentage, having regard to the present state of feeling in the country and to issue instructions as to the mode in which a sentence of whipping is to be administered to young lads of respectable parentage?

The Hon'ble MR. STRATFEILD replied:—

"The attention of Government was called to the newspaper reports of this case on which the Hon'ble Member seems to have based his question. Inquiry has shown that these reports are inaccurate in several important details which are included in the question.

"The order of the Magistrate was passed in his judicial capacity in the exercise of a discretion which he has under the rules, and on his exercise of which in individual cases it is undesirable that the Executive Government should express an opinion.

"There is no necessity for the issue of any general instructions; as the orders of Government included by the High Court in its Rules on the subject, are quite clear and adequate."

THE CALCUTTA PORT (AMENDMENT) BILL, 1907.

The Hon'ble MR. SLACKE moved that the Bill to amend the Calcutta Port Act, 1890, be taken into consideration by the Council. He said:—

"It is needless, I think, to make any remarks on the details of the Bill, as they are given fully in the Statement of Objects and Reasons.

The motion was put and agreed to.

Clause 2.

The Hon'ble MR. SLACKE also moved that after clause 2 of the Bill the following be inserted:—

"3. For sub-section (*1*) of section 20 of the said Act, the following shall be substituted, namely:—

'20. (*1*) All debentures which are issued under the authority of this Act shall be in such form as the Commissioners, with the previous consent of the Governor General in Council, shall from time to time determine.

Form and transferability of debentures.

(*2*) The holder of any debenture in any form duly authorized under this section may obtain in exchange therefor, upon such terms as the Commissioners shall from time to time determine, a debenture in any other form so authorized.

(3) Every debenture issued by the Commissioners shall be transferable in such manner as shall be therein expressed.'

"and the existing sub-section (2) shall be re-numbered sub-section (4)."

He said:—"My reason for asking that this amendment may be inserted in the Bill is that the necessity exists of enabling the Port Trust to demand other markets than the local markets, the present form of Debenture not being suitable for the home market. The provisions of the proposed new sub-section are the same as those contained in the Bombay Port Trust Act of 1879, with this difference that the sanction here to be obtained is that of the Governor General in Council; whereas in the Bombay Port Trust Act it is the Local Government. I trust this proposal may commend itself to Hon'ble Members of this Council."

The motion was put and agreed to.

Clause 5.

The Hon'ble MR. SLACKE also moved that after the present clause 5 of the Bill, the following clause be inserted:—

"In sub-section (1) of section 91 of the said Act, for the word 'Third' the word 'Second' shall be substituted."

He said:—"This is merely a consequential amendment following what has already been approved by the Council."

The motion was put and agreed to.

Clause 8.

The Hon'ble MR. SLACKE also moved that for clause 8 of the Bill the following be substituted:—

"The Second Schedule to the said Act is hereby repealed, and the existing 'Third Schedule' shall be re-numbered 'Second Schedule.'"

He said:—"This is also a mere consequential amendment."

The motion was put and agreed to.

The Hon'ble MR. SLACKE also moved that the numbering of the clauses of the Bill be altered in accordance with the foregoing changes.

The motion was put and agreed to.

The Hon'ble MR. SLACKE also moved that the Bill, as settled in Council, be passed.

The motion was put and agreed to.

THE CALCUTTA AND SUBURBAN POLICE (AMENDMENT) BILL, 1907.

The Hon'ble MR. GAIT presented the Report of the Select Committee on the Bill to amend the Calcutta and Suburban Police Acts of 1866.

The Hon'ble MR GAIT moved that the Report of the Select Committee be taken into consideration. He said:—

"Your Honour—The object of the Bill was explained by me at the time of its introduction, and it is unnecessary to repeat what I then said. As regards the general principle, there has been no dissentient voice. It has been approved of by all sections and classes. The only adverse criticisms which were received regarding the actual provisions of the Bill refer to matters of detail, and chiefly to the powers which it is proposed to confer on the Commissioner of Police and his subordinates. These criticisms were carefully considered by the Select Committee; and several clauses of the Bill have been modified accordingly. I need not take up the time of Council by explaining these modifications, as the reasons for them have been given in the Select Committee's Report.

"Most of our critics, however, take their stand on the ground that the Bill does not go far enough. It has been urged, for instance, that solicitation should be made a cognizable offence. Section 68B of the Calcutta Police Act, and section 41A of the Calcutta Suburban Police Act, which were inserted by the Calcutta and Suburban Police (Amendment) Act, 1895, make the offence punishable on complaint of the person solicited or of two or more inhabitants or passers by. A reference to the Proceedings of the Council held on the 23rd March, 1895, at which those sections were considered and passed, will show that the question whether the offence of solicitation should be made cognizable was most carefully considered; and it was decided that it would not be safe to entrust to the Police the power of making arrests of their own motion. It was pointed out that section 253 of the British Public Health Act, 1878, only allowed arrest on the complaint of the person aggrieved, and that the same principle is the recognized law of other countries also. The Select Committee have adhered to the opinion then expressed that it would be most unwise to give the Police the power to arrest otherwise than on complaint.

"It was proposed by more than one public body that provisions should be inserted in the Act to enable the Commissioner of Police to deal with the White Slave Traffic and the rescue and protection of children. The Select Committee considered, however, that these subjects were foreign to the scope of the Bill. Moreover, they could not be dealt with in it without a fresh reference to the Government of India and the Secretary of State. This would have caused a most undesirable delay in passing the Bill into law.

"Since the Report of the Select Committee was drawn up memorials have been received by the Lieutenant-Governor from the Society for the Protection of Children in India, from the Calcutta Missionary Conference and from the Women's Temperance Union, urging the absolute necessity of taking steps to provide for the rescue of children of tender age from brothels and houses of ill-fame. These memorials will receive the full and sympathetic consideration from this Government which they demand. The memorialists may rest assured that they will not be neglected. The subject with which they deal cannot, however, be taken up in connection with this Bill.

"With regard to the drafting of the Bill, it will be seen that, in clause 2, the new sections to be inserted have no numbers. The reason of this is, that the numbering will be different in the two Acts in which the sections are to be inserted. After this Bill is passed, the new sections will be numbered 43, 43A, 43B, etc., in the edition to be published of the Calcutta Police Act, 1866, showing the changes made by the present measure, and 17, 17A, 17B, etc., in the like edition of the Calcutta Suburban Police Act, 1866."

The motion was put and agreed to.

The Hon'ble MR. GAIT also moved that the clauses of the Bill be considered in the form recommended by the Select Committee.

The motion was put and agreed to.

Section 2.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE moved that in section 2, sub-clause A, for the words "that the order should have been passed against some person other than himself" the words "the order should not have been passed against him" be substituted. He said:—

"I am conscious of the fact that the provisions of the Bill are, on the whole, beneficent, and for them we ought to be thankful to the Government. But when strict laws are made, there ought to be some safeguards against oppression. The power of adjudicating houses to be disorderly houses is not vested in the Police in England, but in the Magistrate, for the reason that it would place a bad but poor and weak and helpless class of persons at the mercy of the Police. In Calcutta, we are going to give the Police that power. I would not object to that, though it is going further than England. But what I propose is, that

the person against whom the order is made shall have the right of showing that the order of the Police was wrong, taking the burden of proof on himself or herself.

"The Bengal Chamber of Commerce have submitted the following considerations on the matter to the Council. They say:—'The new section 43B vests a Magistrate with power to punish persons who have not complied with the orders passed by the Commissioner of Police under sections 43 and 43A. If this provision be allowed to stand as it is drafted, a person cannot escape punishment by a Magistrate for disobedience of an order passed by the Commissioner of Police unless he can satisfactorily prove that the order in question ought to have been made against some person other than himself. That is to say, he cannot prove himself to be innocent, except he can prove some one else to be guilty. The evils with which the Bill proposes to deal are of such a peculiar character as to call for a drastic and summary remedy. But nevertheless, it seems to be quite possible that the Commissioner of Police might make a mistake in passing a particular order at all, and not merely in passing it against a particular person. The Committee acknowledge that such mistakes are unlikely, having regard to the class of cases in question. But all the same they may occur and the Committee think they should be so provided against that it should be open to a person charged with the breach of an order not only to show that the orders should not have been made against him, but that it should, in effect, never have been made at all either against him or any other person.'

"The Calcutta Trades Association say:—'It is not considered desirable to require a person charged under the law as it will be amended when the Bill is passed to establish the guilt of a third person in order that he may avoid punishment. It is submitted that in this direction the amended law would not afford adequate protection to a perfectly respectable woman living by herself, if she happened to be falsely or by mistake charged with keeping a house for use as a place of assignation. It would be most inequitable to require such a person to prove the guilt of a third party in order to obtain for herself the protection to which the law should entitle her.'

"The British Indian Association oppose it altogether.

"I have quoted the opinion of the Bengal Chamber of Commerce and the Trades Association as embodying the most important of the reasons against the proposed law. The Select Committee have made no substantial alteration. It is practically as it was before. It may be said that when the order has been made you may show that the house is not used in the manner complained of. But the section says that the person proceeded against must show that the order should have been passed against another. I know of no provision of any law in the Indian or the English Statute Book in which such an absurd proposition is laid down that a person must prove the guilt of another before he can establish his innocence. It is against all principles of law, and should, in any case, be omitted.

"I have already mentioned to you why I agree with the Bengal Chamber of Commerce, the Trades Association, and most of the Public bodies consulted on the matter that the person against whom an order is made by the Police should have at least the right to show before a Magistrate that it was wrongly made. I certainly do not wish to give any opportunities to the class of persons against whom the provisions of the law are directed, to escape punishment. But weak, poor, helpless women should not be placed entirely at the mercy of the Police. It is said that it would be sufficient if the non-user of a house for immoral purposes be established. But what protection is there to a respectable woman living alone as the Trades Association points out, being branded as a public woman or a procuress by an order which can never be shown to be wrong? Protect the morals of the people. But before you cast out helpless women, and allow them to be stoned, you should allow them a judicial trial at least."

The Hon'ble BABU JOGENDRA NATH MUKHARJI said:—"I should like, with Your Honour's permission, to offer a few remarks in connection with this section. I was not a Member of the Select Committee, but I have tried to go through very carefully the wording of this section. It will be for Hon'ble Members to consider whether what was intended by the Select Committee has been carried out by the words used in this section. It was admitted by the Select Committee that the plaintiff or complainant must prove his case, and in order to

shorten the procedure, it was laid down that that order should not be questioned. To my mind, I think, without any detriment to public safety or convenience, we may take it to be an Executive order, but when we come to the next question of punishment for disobedience or contempt, then it has been stated in the Report of the Select Committee that the plaintiff or complainant must prove his case, and the ordinary procedure in the trial of a criminal case should be followed; but it seems to me that the use of certain words has confused that idea to some extent.

"If we allow that if any person against whom any order has been passed by the Commissioner of Police, under sub-section (2) of the preceding section uses the house, room, etc., in a manner which contravenes such order after the period stated therein, it implies that two things have to be proved: first, that a certain person has been doing certain things, and in the second place that a house or room or a place has been used in a certain manner which is condemned by the preceding section. If we say that the complainant must prove all these things, what is the use of saying that unless he is able to prove to the satisfaction of the Magistrate that the order should have been passed against some person other than himself? That conveys a complete idea that the prosecution has established their case and he or she must be punished. We will introduce a very serious confusion by introducing the words 'unless he is able to prove to the satisfaction of the Magistrate that the order should have been passed against some person other than himself.' How it will be interpreted by the Courts trying cases it is difficult for us to foresee, but at any rate we can say that the Reports of Select Committees have been held by the Calcutta High Court not to be considered in interpreting a section. Other High Courts have differently held, but so far as our High Court is concerned, that is the interpretation so far as I know. So that I think it will be best for all concerned, if there is an authoritative decision given by the Council on this point, that is to say, that the ordinary procedure laid down in the Code of Criminal Procedure is to be adopted in such cases.

"As I have said the difficulty has been introduced by the words 'unless he is able to prove to the satisfaction of the Magistrate that the order should have been passed against some person other than himself.' For the above reasons, I beg to support my hon'ble friend's amendment, but in a qualified form and for the reason that these words would mitigate the severity of its operation; but I still think it will not go far enough so long as the words are retained at all, and if they are struck out as the second amendment proposes, I think the difficulty might be removed. The two things appear to me to militate against each other: either it means that the prosecution has been relieved of its duty of proving a case, or it means something which is very difficult to understand. Then again it means that he has to prove that the offence was committed by somebody else and not by him. It seems to me that the wording of this section is not clear.

"With Your Honour's permission I would suggest that for the word 'uses' the words 'proved to have used' might remove or mitigate to some extent the difficulty. The difficulty to my mind is intensified by the fact that the whole tenor of this Bill is to shorten the procedure as it has been laid down in the present Police Acts, and Magistrates working under that impression might think it means something extraordinary that the ordinary procedure laid is not to be followed, inasmuch as we find that when the Commissioner of Police receives information that 'any house,' etc., he is entitled to proceed on mere information. A Magistrate may think that the mere statement of the fact that he has used the house in a particular way is quite enough to start proceedings against him, and the best way to exculpate himself is by proving that somebody else is responsible and not he; so that it seems to me to be an altogether undesirable state of things, and of the two amendments standing in the name of the Hon'ble Babu Jogendra Chandra Ghose, the second amendment appeals to me more strongly than the first amendment."

The Hon'ble MR. GAIT said;—"I am prepared to accept the second amendment, except that the omission should start from the words 'unless he is able,' etc., but I cannot accept the hon'ble member's first amendment Before a person can be convicted under sub-clause A, as it stands in the Bill, it will be necessary to prove that he has used the house as a brothel after the issue of an order that it should not be so used.

"If this is proved, I can see no reason why the accused should be allowed to take shelter behind the plea that, although the house has been used as a brothel since the order was passed, the order ought not to have been passed because it had not been so used previously. I think it is quite sufficient that the house has been used as a brothel after the date of the order."

The motion was put and lost.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE also moved that if the above amendment be lost, in section 2, sub-clause A, the words "that the order should have been passed against some person other than himself" be omitted.

The Hon'ble MR. GAIT said he accepted the amendment, if the words "unless he is able to prove to the satisfaction of the Magistrate" were added to the words proposed to be omitted.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE agreed.

The motion was put in the form proposed by the Hon'ble Mr. Gait and carried.

The Hon'ble BABU JOGENDRA CHANDRA GHOSE also moved that section 2, sub-clause C, be omitted. He said:—

"The power to prohibit music and singing which is proposed to be given to the Police may lead to unnecessary oppression and annoyance. It will do no good to anybody. We have lived so long in comfort with all the disturbances which are proposed to be removed, and the urgency of the necessiety of legislation certainly does not exist Calcutat is less noisy now as regards music and singing than it was 20 years ago. There have, however, arisen another class of noises of which we had no idea before. The noise of the tramcars is certainly a greater disturbance to the residents of a street through which they pass than the sound of any occasional music or singing. Why then legislate against the latter?

"There is another and more serious consideration. During the last 3 or 4 months we have read reports of three cases in three districts of official highhandedness in prohibiting the sound, I believe, of conch shell, *sankirtan* and gramophone. Only two or three days ago we read that an order, under section 144, was made against the scion of a noble and ancient house because the sound of his gramophone was disagreeable to his neighbour, a Civil Surgeon. I cannot shut my eyes to the fact that there are many Anglo-Indians, some of them very good men too, who do not find it easy to treat with ordinary courtesy and forbearance, Indians however high-born or learned they may be. All Indian music is a nuisance to European ears, even English musical instruments played by Indian neighbours, I find are invariably regarded as nuisances."

"In Calcutta town, in the European quarter of Chowringhee, to my knowledge there have been several cases of disagreement on this score between Europeans and their Indian neighbours. Now I am afraid Indian gentlemen and noblemen if they reside in the neighbourhood of Europeans, may be unnecessarily annoyed and hauled up before the Police, and swell the ranks of the disaffected."

"I cannot support a measure which will be a cause of annoyance to the people, and add to the disaffection in the country for no earthly good. The Police in England do not possess the power which they are going to have in India. In India, all experimental legislation is allowable. But this measure, I am afraid, will lead to very undesirable results. I cannot, therefore, support it."

The Hon'ble MR. GAIT said:—"I cannot accept this amendment on behalf of Government. The matter was fully considered in the Select Committee, and we agreed then that the provision was a desirable one. As a matter of fact, it

has been inserted very largely in order to help the people of the northern part of the town, where the inconvenience is the greatest on account of the noise which is made at night by coolies and other low castes who live in that neighbourhood."

The motion was put and lost.

The Hon'ble MR. GAIT said :—Your Honour :—" Before making the last motion which stands against my name on the List of Business, with your permission, I beg leave to move a further amendment of the two Acts affected by this Bill.

"The Commissioner of Police has represented that, as the law at present stands, a police-officer is not allowed to arrest a drunk and disorderly person if the latter's name is known to him or can be ascertained. I would refer the hon'ble members to the wording of section 72 of the Calcutta Act and of section 43 of the Suburban Act. The offence of being drunk and disorderly is committed most often by habitual drunkards or bad characters, whose names are well known to the Police. Unless persons of this class can be arrested when they are drunk and disorderly, it is impossible to keep order in the public streets. I regret that my attention was called to this defect in the Acts too late to allow of the amendment I now propose being considered by the Select Committee or circulated in the List of Business ; but I am sure that this Council will agree with me that it is very desirable and will support me."

"I beg with your permission, Sir, to move that in section 72 of the Calcutta Police Act, 1866, after the words "in his view" the words "an offence described in section 68; and may so arrest any person committing in his view," be inserted, and that a similar amendment be made in section 43 of the Calcutta Suburban Police Act, the figures '41' being substituted for the figures '68.'

The Hon'ble BABU JOGENDRA NATH MUKHARJI said :—" I have not had time to consider the effect of the amendment, but reading the letter of the Commissioner of Police, it seems to me that what is wanted is that this Council should legislate that a drunken and disorderly person should be taken into custody under certain circumstances, but section 68 refers to other matters as well, so that if the whole was included, perhaps we might be going beyond what was contemplated by the Commissioner of Police. I would ask hon'ble members to consider whether it would not be better to confine ourselves to what the Commissioner of Police actually wants, and in the drafting introduce only those words, that is to say, which are in the letter itself 'found drunk and incapable of taking care of himself.' If that suggestion commends itself to hon'ble members, I think it would be better than adopting words of which we cannot arrive at any definite conception at the present moment."

The Hon'ble MR. GAIT said :—" I am unable to accept the suggestion of the Hon'ble Babu Jogendra Nath Mukharji. The Commissioner of Police wished to omit the last clause altogether, but we objected to that on the ground that the thing should not be done without full consideration by the Council, so the proposal was narrowed down to the one now put forward. I think all the offences described under section 68 are offences which the Police should be able to deal with summarily. The Police in the mufassal have wider powers of arrest, and the Police here will have the same powers under the amendment now proposed."

The Hon'ble BABU KALI PADA GHOSH said :—" We have had very short notice of the amendment, and I think some confusion may arise in interpreting it; but in view of the explanation given by the Hon'ble Mr. Gait, I will not press my objection."

The Hon'ble BABU BHUPENDRA NATH BASU said :—"I understand from the Secretary that the amendment is intended to apply in the case of persons who are known as old offenders, and whose names and whereabouts are known

to the Police. These old offenders, under this section as it at present stands, cannot be arrested, because their whereabouts are known, but in the case of a first offender, he may be arrested; so that the amendment practically removes what at present is an anomaly in the Act and, therefore, I think it may be accepted."

The motion was put and agreed to.

The Hon'ble MR. GAIT moved that the Bill, as settled in Council, be passed.

The motion was put and agreed to.

The Council was then adjourned *sine die*.

Pallada roadstead—Shoals in approach—Non-existence of breaker.

No. 415 (first publication).—The British Admiralty has given Notice (No. 1088 of 1907) of the existence of the undermentioned shoals in the approach to Pallada roadstead from the southward:—

a. A shoal, which dries one foot, situated at a distance of 2½ cables S. 44° E. from Observation rock.

b. A shoal, with a depth of 1½ feet over it, situated at a distance of 2 4/10 cables S. 54° E. from Observation rock.

c. A shoal, with a depth of 5 feet over it, situated at a distance of 2 6/10 cables S. 59° E. from Observation rock.

d. A shoal, with a depth of 5 feet over it, situated at a distance of 2 1/10 cables S. 62° E. from Observation rock.

These dangers, which are about one cable in extent, are steep-to.

The coast in this locality is incorrectly delineated, the positions of the above dangers are not therefore relatively correct with respect to it.

Also, with reference to Notice to Mariners No. 271, dated 7th June 1907, issued by this office, the breaker reported about half a mile S. 45° E. from Observation rock is considered not to exist, and has therefore been erased from the charts.

Approximate position, Observation rock, lat. 40° 14¼′ N., long. 128° 41½′ E.

Sheik el Barghût (Port Sudan) and approaches—Particulars of lights and beacons.

No. 404 (second publication).—With reference to Notice to Mariners No. 238, dated 23rd May 1907, issued by this office, the British Admiralty has given further notice (No. 1032 of 1907) respecting the undermentioned lights and beacons in Sheik el Barghût (Port Sudan) and its approaches:—

(1) The *occulting* light *every ten seconds* established in an iron framework tower, 63 feet high, erected on the head of a coral pier on the northern side of the entrance to the harbour, situated at a distance of 410 yards S. 63° E. from the White tomb, shows the following sectors:—*red* from the bearing of S. 8° W., through west, to N. 85° W. over Wingate reef, *white* in the fairway from N. 85° W. to N. 55° W., and *red* over Towartit reef from N. 55° W., through north, to N. 82° E.

Leading beacons:—

(2) Two *red fixed* dioptric lights, vertically placed 20 feet apart, have been established on the iron framework tower, painted in chocolate and white horizontal bands, 113 feet high, erected as a front beacon on the western shore of the harbour in a position situated at a distance of 7 cables N. 58° W. from the White tomb.

Two *red fixed* dioptric lights, vertically placed 20 feet apart, have been established on the iron framework tower, painted chocolate, 157 feet high, erected as a rear beacon at a distance of 1,060 yards N. 51° W. from the front beacon.

These two beacons or their lights, which are visible over an arc of 90°, in line N. 51° W. lead through the entrance to the harbour.

(3) The power of each light in the harbour is 30 candles; at present they are only exhibited on application to the Controller of Harbours and Lights of the port Sudan, not otherwise.

(4) Iron standard beacons, 15 feet high, are placed to mark the prominent points of the reefs immediately outside the harbour as follows:—

(*a*) Port-hand beacons are surmounted by a black and white disc.

(*b*) Starboard hand beacons are surmounted by a triangle painted chocolate.

It is presumed that the terms 'port-hand' and 'starboard hand' refer to vessels entering the port.

(5) An iron standard beacon, surmounted by a cage, is being erected on the eastern point of Wingate reef, and a similar beacon surmounted by a diamond shape on the southern point of the reef.

Approximate position, White tomb., lat. 19° 36¼′ N., long. 37° 13½′ E.

CHINA—YANG TSE KIANG.

Kiu Toan Light-vessel—Temporarily replaced by lighter.

No. 405 (second publication).—The British Admiralty has given notice (No. 1053 of 1907) that the Kiu Toan light-vessel, exhibiting a *white occulting* light *every seventeen seconds*, has been temporarily replaced, whilst undergoing repairs, by the steam-lighter *Wai Tung*, exhibiting two *white fixed* lights horizontally placed, elevated 25 feet above the sea, and visible in clear weather from a distance of 7 miles. The lighter, which is painted a dark colour, has a black funnel, a derrick, and one mast, with a yard across it, the above lights being exhibited from each yardarm. A black ball is shown from the masthead.

Approximate position, lat. 31° 14′ N., long. 121° 48′ E.

As it is presumed that this light-vessel will be again placed in position as soon as repairs have been effected and the lighter withdrawn, no further notice will be given.

This Notice temporarily affects the following Admiralty Chart :—Approaches to the Yang tse Kiang, No. 1602 : also List of Lights, Part VI, 1907, No. 815 ; China Sea Directory, vol. III, 1904, page 407 : and Supplement, 1907, page 70.

Dounai or Saigon River—Shoals in approach.

No. 394 (third publication)—The British Admiralty has given Notice (No. 1007 of 1907) containing the following information respecting the shoals in the approach to Donnai or Saigon river:—

River Soirap. A narrow sandy shoal upon which there are depths of from 3 to 3¼ fathoms at low-water springs has formed in the entrance to the Soirap river; it is situated between the bearings of N. 2° W., through north, and N. 27° E. of Dong tranh light-house. Vessels are recommended to pass to the eastward of it where a depth of 3½ fathoms will be found.

Approximate position, Dong tranh light, lat. 10° 23′ N., long. 106° 52¾′ E.

Cape St. James. A survey of Ranza bank shows that the least depth over it is 4¼ fathoms, but it extends to the westward as far as the line of the Cocoanut bay leading lights on which there is a depth of 5¼ fathoms

A shoal, with a depth of 3½ fathoms over it at low-water, is situated at a distance of 3 1/10 miles S. 47° W. from cape St. James light-house, but the 2½ fathoms patch shown on the chart 2 cables to the westward of this position does not exist. This shoal extends to the westward as far as the line of the Cocoanut leading lights, there being a depth of 4¾ fathoms on that line at a distance of 3 1/10 miles from the pier head light.

Depths of 2 fathoms and 2½ fathoms exist at distances of 8 8/10 miles S. 53° W. and 9½ miles S. 69° W., respectively, from cape St. James light-house, these depths respectively are on the south-eastern and north-western extremities of the shoal shown on the chart. There is a depth of 2¾ fathoms at 7½ cables to the westward of the 2 fathoms head on the south-eastern extremity of this shoal. On this shoal the least depth is 1¾ fathoms situated at a distance of 9 miles S. 66° W. from cape St. James light-house. There is also another head on this shoal of 2½ fathoms situated at a distance of 8 8/10 miles S. 61° W. from the light-house.

Ganh rai bay. In Kua Kangio, northward of Kangio *red* light, in the fairway between it and the village, the depth has shoaled to 4 fathoms at low water. Vessels of heavy draught should not therefore attempt this passage at low water.

Cape St. James to cape Ti wan. The least depth on Formosa bank is 1¼ fathoms at low-water springs, situated on the western edge of the bank, at a distance of 11 8/10 cables S. 48° E. from cape St. James light-house.

The least depth on the 4¾ fathoms patch shown on the chart about 5¼ miles south-eastward from cape St, James is 4¼ fathoms, which is situated at a distance of 5 8/10 miles S. 72° E. from cape St. James light-house. This shoal, as delineated by the 5 fathoms contour, extends about 4 cables in an easterly direction, and 11 cables in a N. 75° W. direction from the 4¼ fathoms patch, and is about 2 cables broad.

Pernambuco rock. This rock was found and is correctly placed on the charts, but a shoal, with a least depth of 4½ fathoms over it, exists at a distance of 6½ cables N. 62° W. from the rock. This shoal extends in an easterly and westerly direction.

Approximate position, cape St. James light-house, lat. 10° 19¾′ N., long. 107° 5′ E.

Letter No. 3473, dated the 31st July 1907, from the Port Officer, Calcutta, submitting the Annual Report of his Department for the year 1906-07.

AT the close of the year there were 50 qualified Pilots on the strength, being one more than the number in the previous year. Two casualties occurred during the year under review—one in the Covenanted and the other in the Licensed Pilot Service. Three qualified Leadsmen Apprentices were promoted

to the grade of Mate Pilot. No Leadsman Apprentice was brought out from England, nor was any appointed locally during the year.

The sanctioned strength of the service is 58. This can only be worked up to as the Leadsmen qualify. At the close of the year there were 15 Leadsmen in training as against 18 in the previous year. Arrangements were made for bringing out four Leadsmen Apprentices from England and for the appointment of one locally selected candidate to meet present requirements and also to ensure that the sanctioned number may be attained within a reasonable time.

The number of arrivals at the port during the year was 1,614, and of departures 1,626. The total number of arrivals and departures was 3,240, or 108 more than that of the previous year. These figures represent a gross tonnage of 6,205,092 inwards and 6,256,731 outwards. The average tonnage of steam and sailing vessels inwards and outwards was 3,846, against 3,722 in the previous year.

The pilotage receipts during the year amounted to Rs. 14,21,189, against Rs. 13,62,785 in the previous year.

The number of steamers drawing over 21 feet piloted inwards increased and those piloted outwards decreased. During the year, no sailing ships drawing over 21 feet were piloted inwards and outwards. Althogether 27 vessels—21 inward and 6 outward—were neaped for want of sufficient depth of water over the bars, against 19 vessels in the previous year. The number of vessels detained at the Sandheads for want of Pilots during the year was 13, the shortest detention being 6 hours 25 minutes, the longest 21 hours, the average detention being 15 hours 44 minutes.

There were 9 collisions and 30 groundings during the year, against 7 collisions and 22 groundings in the previous year. In one case of collision the Pilot concerned was held to blame for error of judgment and in another case for negligence. In regard to the groundings the Pilots were in fault only in four instances.

Sixty preliminary enquiries were held by the Port Officer, of which four were referred to Departmental Courts of Enquiry and nine to Special Courts of Enquiry. In seven cases the Pilots were held to blame and they were dealt with by this Government. No Marine Court under Act XII of 1859 was held during the year.

One hundred and three candidates appeared at the examination for Colonial and Home Trade certificates of competency, of whom 57 passed. Three-hundred and twenty-six candidates also appeared at the different examinations for certificates of competency as Masters, Serangs, Engineers and Engine-drivers under Act VI of 1884, but only 141 passed.

Mr. G. Robertson was the First Engineer and Shipwright-Surveyor throughout the year. Mr. F. Olford, R.I.M., was the Second Engineer and Shipwright-Surveyor up to the 25th October 1906, when he reverted to the Royal Indian Marine on being relieved by Mr. E. G. Venn, R.I.M.

Commander E J. Beaumont, R.I.M., presided over the Department up to the 22nd May 1906, when he reverted to the Royal Indian Marine, making over charge of the Port and Shipping Offices to Lieutenant A. S. Balfour, R.I.M., who held charge till 7th July 1906, when Commander St. L. S. Warden, R.I.M., relieved him, and Lieutenant Balfour reverted to his position as Assistant Port Officer and Deputy Shipping Master.

By order of the Lieutenant-Governor of Bengal,

T. BUTLER,

Officiating Secretary.

RESOLUTION ON THE ANNUAL REPORT ON THE WORKING OF THE SHIPPING OFFICES AT CALCUTTA AND AT THE PORTS OF ORISSA FOR THE YEAR 1906-1907.

No. 2441 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 9th September 1907.

RESOLUTION.

Annual Report on the working of the Shipping Offices at Calcutta and at the Ports of Orissa for the year 1906-1907.

READ—

Letter from the Shipping Master, Calcutta, No. S.—295, dated the 15th May 1907.

Letter from the Commissioner of the Orissa Division, No. 124 P.T./C., dated the 15th June 1907.

The receipts of the Calcutta Shipping Office during the year 1906-1907 amounted to Rs. 84,380, against Rs. 83,617 in the previous year, showing an increase of Rs. 763, which is mainly due to a larger amount of overtime fees being realised during the year.

2. The expenditure amounted to Rs. 42,214 as compared with Rs. 41,180 in the past year. The increase in expenditure is due to larger sums of money drawn during the year by officers performing overtime work afloat, and to the grant of grain compensation allowance to clerks and menials.

3. Four Trust Funds are administered by the Calcutta Shipping Office. The total receipts under the Funds during the year under report amounted to Rs. 82,705. This together with the closing balance at the credit of the Funds for 1905-1906 made an aggregate of Rs. 96,124, against Rs. 90,887 in the previous year. Payments made during the year amounted to Rs. 83,794, a sum of Rs. 2,472 lapsing to the State. The balance at the credit of the Funds at the close of the year stood at Rs. 9,858.

4. The number of seamen shipped and discharged were :—

Shipped	41,533
Discharged	37,653

Contrary to the tendency displayed in recent years, there was an increase in shipments and discharges under European articles, while those under Indian articles show a decrease. The actual figures are as follow :—

	Shipments.		Increase.	Decrease.	Discharges.		Increase.	Decrease.
	1905-1906.	1906-1907.			1905-1906.	1906-1907.		
European Articles ...	899	946	47	Nil.	933	1,132	199	Nil.
Indian Articles ...	40,630	40,587	Nil.	43	36,871	36,521	Nil.	350

The decrease under Indian articles is attributed partly to a greater number of vessels of the British India Steam Navigation Company being placed on the coasting trade, and partly to the recent amendment of the law relating to foreign running agreements effected by Act VI of 1906, under which the agreements are to remain in force for six months from the date of execution instead of expiring on the last day of June and December, irrespective of the date on

which they were entered into, as was previously the case, thereby making the occasions for shipment less frequent and consequently lowering the number of seamen shipped

5. Besides the above, 73 seamen were shipped and 101 discharged by foreign Consuls.

6. Thirty-five distressed seamen were assisted with passages to the United Kingdom during the year, against 71 in the previous year. Of these, 21 were invalids, one insane, and 13 were released prisoners who were absolutely destitute.

7. Remittances by money-orders by European seamen amounted to Rs. 7,305-5, compared with Rs. 9,497 in the preceding year.

8. A complaint was received from the Harbour Master, Georgetown, that certain unqualified persons were shipped as able-bodied seamen on board the sailing ship *Elbe* when carrying Government emigrants from this port. Care is now taken to ascertain that, as far as possible, competent seamen are shipped before the certificate required to be given by the Shipping Master of Calcutta under the rules issued under the Indian Emigration Act, 1883, is granted. Owing, however, to the paucity of sailing ships now afloat, qualified able-bodied seamen have become very few in the Port, and consequently irregularities of the nature are not likely to be altogether avoided. As a remedial measure, the Shipping Master suggests that native emigrants might, in future, be carried in steam-vessels only. The matter will receive the consideration of the Government. A fireman *bhandary* of the S.S. *Barmfels* complained that a serang of the vessel habitually ill-treated him during the voyage with a view to obtain money and ship's provisions from him. The Shipping Master was satisfied of the general truth of the complaint; so the serang was dismissed, and particulars of his misconduct circulated among the principal Indian ports, and his name posted in the defaulter's list. The deck serangs of the *Clan Macfarlane*, *Clan Macdonald* and *City of Calcutta* were found to have extorted various sums of money from their crews. The amounts were recovered from their wages, and the offenders dealt with in the same way as in the case of the fireman *bhandary*. A ghat serang was accused of taking a bribe from a butler for having secured him a berth on board the S.S. *Shirley*. Action in the matter had to be abandoned for the insufficiency of evidence against him. A charge of assault brought by an invalid coal-trimmer of the S.S. *Purley* against the Chief Engineer of the vessel was proved to be absolutely groundless.

9. No seamen were shipped and discharged at False Point during the year.

By order of the Lieutenant-Governor of Bengal,

T. BUTLER,

Officiating Secretary.

REPORT ON THE ROAD AND PUBLIC WORKS CESS OPERATIONS OF THE LOWER PROVINCES FOR THE YEAR 1906-1907.

NOTIFICATION.

No. 584R.P.—The 9th September 1907.—The following extracts from the Report of the Board of Revenue on the Road and Public Works Cess Operations in Bengal for the year 1906-1907 are published for general information.

H. J. McINTOSH,

Secy. to the Govt. of Bengal.

No. 3585A., dated Calcutta, the 27th August 1907.

From—S. L. MADDOX, Esq., Secretary to the Board of Revenue, L. P.,
To—The Secretary to the Government of Bengal, Financial Department.

THE HON'BLE MR. F. A. SLACKE, I.C.S.

I AM directed to submit the Board's Report on the Administration of the Road and Public Works Cesses for the year 1906-1907.

* * * * * * *

Rate, land-revenue demand and gross rental

3. Both cesses were levied at the maximum rate of one anna in the rupee in the 30 districts in which the Act is in force. The Act is being gradually introduced into the Sonthal Parganas, and is not in force in Angul and the Khondmals or in Sambalpur. The current demand of land revenue of the 30 districts was Rs. 2,83,70,062 and the valuation, or gross rental, amounted to Rs. 12,67,31,262.

Demands, collections, balances, and remissions.

4. * * In the following table the demand, collections, balances, and remissions of the year are compared with the two preceding years:—

Year.	Demand.			Collections.	Percentage of total collections on current demand.	Balance.	Percentage of the balance on the total demand.	Remissions.
	Current.	Arrear.	Total.					
	Rs.	Rs.	Rs.	Rs.		Rs.		Rs.
1904-1905 ...	69,49,811	14,12,573	83,62,384	70,06,476	100·8	12,54,082	16·1	57,183
1905-1906 ...	69,55,856	13,50,895	83,06,751	70,59,858	101·4	12,66,104	15·2	69,916
1906-1907 ...	70,11,936	12,70,766	82,82,702	69,56,766	99·2	13,48,585	16·2	1,12,743

The increase of Rs. 56,080 in the current demand, as compared with the previous year, was mainly due to revaluation in various districts, of which Hooghly contributed Rs. 15,250, Manbhum Rs. 13,364, Champaran Rs. 12,158, Midnapore Rs. 8,547, and Burdwan Rs. 6,360. The percentage of collections on the current demand was 99·2 as against 101·4 in 1905-1906. The balances were less than in 1904-1905, but more than in 1905-1906. The percentage of balance on the total demand was 16·2 as against 15·2 in the previous year. The remissions and reductions, which amounted to Rs. 1,12,743, as against Rs. 69,916 in 1905-1906, chiefly occurred in the districts of Burdwan, Hooghly, Muzaffarpur, Gaya, Hazaribagh, Khulna, Bhagalpur, and Bankura, and were due to revaluations under section 13 of the Cess Act, revision of annual assessment of coal-mines, reduction of demand on objections in appeals, erroneous and double assessment and diluvion.

* * * * * * *

Working of the certificate procedure.

7. The total number of certificates filed for the realisation of cess arrears was 78,609 as against 85,919 in the previous year. The decrease was shared by the Burdwan, Bhagalpur, and Orissa Divisions. The increase (632) in Birbhum was chiefly due to the filing of a large number of certificates for the realization of three years' arrear cesses imposed on rent-free holders for the first time under section 70 of the Cess Act at the recent revaluation. It was also partly due to certificates filed to avoid limitation in the case of petty arrears, and the same cause accounts for the increase in Khulna, Puri, and Manbhum. The increase in Saran (2,420), Muzaffarpur (2,337), and Darbhanga (590) is attributed to the prompter issue of certificates at the end of each kist, and in Purnea (144) to the filing of certificates for arrears due from rent-free lands recently assessed. The disposals exceeded the institutions in the Burdwan, Presidency, and Orissa Divisions, and, on the whole, the total disposals were in excess of institutions by 1,681. The total number of certificates for the whole province pending at the close of the year was less than in the previous year, the percentage on the total number for disposal being 21·7 as against 22·9.

Objections against certificates.

8. The total number of objections filed and disposed of was 6,096 and 5,998 as against 6,052 and 5,890, respectively, in the previous year. The largest number of objections disposed of was in the districts of Shahabad (1,121), Saran (1,103), Burdwan (801), and Gaya (571). In 770 cases, as against 532 in the preceding year, the certificates were cancelled on account of the death or desertion of judgment-debtors, the exemption of lands lying within Municipal limits, double assessments, non-registration of names of holders of rent-free lands, errors in the Land Registration registers, and wrong entries in the ledgers. The number of cases in which reductions were made in the claim was 175 as against 144 in 1905-1906.

Stage of procedure at which demands were satisfied.

9. In 19,306 cases as against 22,110 in 1905-1906 arrears were recovered on the mere issue of notices in 34,169 as against 33,930 on the issue of notices for sale of defaulters' moveable properties, and in 15,185 as against 14,122 on the issue of notices for the sale of the defaulters' immovable properties. Of the total number of sales (2,169 as against 2,535 in 1905-1906), 1,160 as against 927 in 1905-1906 were set aside under sections 20 and 21 of the Bengal Public Demands Recovery Act, I of 1895, as amended by Bengal Act I of 1897. The largest number of sales set aside was in the districts of Patna (209), Darbhanga (208), Monghyr (130), Muzaffarpur (123), Saran (109), Shahabad (89) and Gaya (78).

Valuations and revaluations.

10. * * * Valuations or revaluations, partial or complete, are going on in 17 out of the 30 districts to which the Act applies.

11. During the year the revaluation of the district of Birbhum was completed. The operations have resulted in an increase of Rs. 8,090 over the former cess demand. The general revaluations of Bankura and Palamau are approaching completion.

* * * * * * *

Gross rental.

14. * * * The present gross rental shows a net increase of Rs. 3,76,94,619 over the original valuation, and of Rs. 2,74,133 over that of the preceding year, the latter increase being due entirely to valuations and revaluations.

* * * * * * *

Amendment of the Cess Act.

16. The Cess Act has been found defective in certain respects. The most serious are the absence of any provision enabling Collectors to reject or revise incorrect Cess returns filed by proprietors of estates under Part II, except under section 22 after a conviction obtained on prosecution under section 94 of the Act, and the absence of any provisions for carrying out revaluation for cess purposes simultaneously with settlement work. To remedy these and other defects the Board have, since the close of the year, submitted to Government a report on the subject of the amendment of the Cess Act, together with a draft Bill.

PROSPECTUS.

INTRODUCTORY.

1. The Government of His Highness the Maharaja of Mysore having sanctioned the holding annually in the Mysore City, during Dasara season, of an Industrial and Agricultural Exhibition, and a Cattle and Sheep-Show, and having appointed a Committee of the aforesaid gentlemen for giving effect to the orders of Government, the Committee have authorised the issue of the following prospectus.

2. *Object of the Exhibition.*—The primary object of the Committee is to impart to the Exhibition a purely educative character and to bring together articles, machinery and processes, the use of which it is desirable to bring to the notice of the ryait, the artizan and the manufacturer, by actual demonstration. Consequently the Committee's main aim is not a mere promotion of sales of commodities and they are not therefore in favour of admitting in large numbers articles of merchandise intended purely for sale. They have no objection to the sale of samples exhibited and to their removal by purchasers after the Exhibition is over.

3. *Gradual Devel pment of the Exhibition.*—As the Exhibition is to be a permanent institution and to be held every year it is proposed to develop it from small beginnings.

4. *Scope of the Exhibition.*—The scope of the Exhibition and the number of articles admitted may vary from year to year in the light of actual experience, and will, in future, be announced before the end of May, though during the present year, owing to the time taken in the settlement of preliminaries, the interval between the issue of the prospectus and the actual date of opening the Exhibition is very short.

5. *Lectures and Demonstrations.*—Arrangements will also be made for lectures being delivered by competent persons in English and Kanarese on subjects connected with Industry and Agriculture, the value of agricultural and industrial machines and implements, their cost, construction and repair. If possible, arrangements will be made for holding a competition on the Exhibition grounds in ploughing and weaving.

6. *Donations.*—The Committee would thankfully accept donations for awarding prizes or medals from individuals or Associations desiring to give an impetus to any special branch of Agriculture or Industry.

7. *Classification of Exhibits.*—The Exhibition of 1907 will be confined to the main group and sub-heads indicated in the prize list subjoined to this prospectus.

8. *Open to all India.*—The Committee invite exhibits from all the districts in the State as well as from outside. They also appeal to the various Agricultural Departments and Associations in other parts of India, Burma and Ceylon to help them with exhibits and suggestions.

9. *Opening of the Exhibition.*—As a rule every year the Exhibition will be opened a few days before the commencement of Dasara and it will last for about four weeks. This year it is resolved to open the Exhibition on Saturday, 5th October, at 8 A.M., and to close it on Thursday, 31st October, at 5 P.M. The Cattle and Sheep Show will be usually commenced soon after the Vijaya Dasami (*i.e.*, 10th day of the Moon) and be kept open for four days. This year the show will begin on Thursday, 17th October, and close on Monday, 21st October.

10. *Date of lecture, etc.*—Lectures and demonstrations will be arranged this year between Monday, 14th October, and Thursday, 24th October, and the exact time and place will be announced later on by hand-bills and notices.

11. *Judges.*—The Committee invite the co-operation of leading raiyats and non-official gentlemen in judging the exhibits and awarding prizes.

12. *Place of Exhibition.*—The Exhibition will be held in the Mysore City in the buildings known as the Police Reserve Lines which will be adapted for the purpose. A shed of galvanized corrugated-iron sheets, 150—30, will also be put up outside the lines for the exhibition of implements and machinery.

RULES AND REGULATIONS.

1. *Noxious Articles.*—Explosives or any substance noxious or dangerous will not be admitted by the Committee.

2. *Particulars re Exhibits.*—Intending exhibitors are requested to send to the Secretary to the Exhibition Committee particulars of exhibits they intend to forward and the amount of space which their exhibits may take up in Form A, appended to this prospectus. Printed forms may be obtained from the District, Divisional and Taluk Officers or from the Secretary to the Committee; plain paper of foolscap size may also be used, provided all the headings in the Form are properly copied and filled up.

3. *Applications from Exhibitors.*—Applications in Form A should reach the Secretary to the Committee not later than the 5th September 1907. Each application should contain a post-card, on which the address and post town of the exhibitor are legibly written.

4. *Lists from Taluks.*—Deputy Commissioners of Districts, Subdivisional Officers and Amildars of Taluks are requested to convene as early as possible a meeting of the leading artizans, raiyats and merchants, residing within their respective charges, to explain to them fully the object and scope of the Exhibition and to distribute to them forms of application, to have them filled up by intending exhibitors and to forward them to the Secretary to the Committee. This will give the Committee an idea of the total space required by each Taluk and enable the exhibitors to make a good choice of the exhibits by preventing a number of them from sending exhibits of the same quality and description.

5. *Articles not enumerated.*—The classified list of prizes will show the nature of articles which will be accepted by the Committee. Articles not specifically enumerated in the prize lists may, however, be admitted by the Committee at their discretion.

6. *No fees to be charged for Exhibits.*—No fees will be charged for the admission or registration of exhibits or for the space allowed for them.

7. *Acceptance of Exhibits.*—The Committee, however, reserve to themselves absolute discretion as regards the acceptance and rejection of exhibits and the allotment of space, covered or uncovered.

8. *Delivery of Exhibits.*—Articles intended for the Exhibition may be brought by the exhibitor or his agent or servant and delivered at the Exhibition grounds or sent by post or railway.

9. *Payment of Freight and Transport Charges.*—No exhibits, in respect of which the necessary freight or transport charges have not been paid by the exhibitor, will be accepted by the Committee.

10. *List of Particulars.*—All packages received or delivered and all implements and machinery intended for the Exhibition must bear a label specifying the name and number of exhibits and must be addressed to the Secretary. They must contain a list in duplicate showing the name or description of the article, its price, the place and date of its production or manufacture, name of the manufacturer or exhibitor, and in the case of articles purchased from others, the place and date of purchase.

11. *Exhibits which have already won prizes.*—Exhibits which have won prizes or medals in the Mysore Exhibition of 1906 are precluded from competing for prizes, though, if they are of educative value, there is no objection to their being accepted as exhibits.

12. *Date of delivery of Exhibits.*—All exhibits should be sent to the address of the Secretary so as to reach the Mysore City between 10th and 25th September 1907.

13. *Belated Exhibits.*—Articles that are not delivered at the Exhibition Hall in the time fixed in the preceding rule may be admitted at the discretion of the Committee subsequent to 25th September, but they shall not be eligible to compete for prizes.

14. *Perishable Articles.*—Vegetables, fruits, dairy produce, and other perishable articles may, however, be delivered at the Exhibition Hall till 7 P.M. on 4th October 1907.

15. *Admission of Exhibits.*—No exhibits will be admitted without a pass signed by the Secretary or Members of the Committee on duty at the Exhibition Hall.

16. *Responsibility of Exhibitors.*—Exhibitors will have to pay every expense of transit, delivery, fixing and removing their exhibits, and they must either personally or by their agents or servants superintend their reception and removal, in default of which the Committee reserve to themselves the right of doing whatever may be considered necessary at the expense of the exhibitor.

17. *Committee accepts no responsibility.*—Free passes will be given to men in charge of the exhibits, and every care will be taken of them while in the Show-room; but no responsibility will be accepted by the Committee as to any damage or loss howsoever occurring.

18. *Special Facilities.*—Exhibitors are requested to mention in their applications whether they wish to illustrate practically any processes of manufacture or the working of any implements or machinery, and if so to describe briefly the nature of the demonstration and any special facilities they require.

19. *Special arrangement to be made at Exhibitor's expense.*—If the Exhibitors require any special arrangements to be made (or have to mount their machinery) they must carry them out at their own expense, but the Committee will be glad to give such aid as may be possible in the shape of getting skilled or unskilled manual labour at the Exhibitor's expense.

20. *Valuable Exhibits.*—All valuable exhibits must be forwarded under the charge of an attendant.

21. *Exhibits unaccompanied by men in charge.*—Exhibitors who are unable to attend personally or to send their agents in charge of exhibits may make special arrangement with the Committee for the exhibition of their goods on payment in advance in full of the estimated expense.

22. *Articles on sale.*—Articles on sale or articles sold should in every case have cards attached to them notifying the same.

23. *Removal of Exhibits.*—All exhibits must be removed within a week after the close of the Exhibition. Exhibits remaining after that time will be disposed of as the Committee deem fit.

24. No exhibit will be allowed to be removed before the termination of the Show.

25. Perishable articles will be allowed to be removed at the option of the owners or purchasers twenty-four hours after the opening of the Exhibition.

26. *Exhibits on loan.*—Works of art and articles of special merit including those of antiquarian interest will be thankfully received from gentlemen willing to lend them, and all arrangements for the display of such exhibits, for their safe custody and return will be made by the Committee at their own expense.

27. Gentlemen desirous of sending exhibits on loan are requested to place themselves in communication with the Secretary or Members of the Committee who will inform them of the acceptance of the offer and will make necessary arrangements in connection with the Exhibition of the offered articles.

28. *Exhibits belonging to any Department of Government.*—Articles or cattle exhibited by any department of Government will not be eligible for money prizes or medals, but may be awarded certificates of merit.

29. *Admission of Live Stock.*—All cattle and sheep brought for the Show will be located in a convenient place before the first selection, and only such of the animals as are selected will be permitted to be picketted in the sheds provided at the Show yard according to breed, age, size, etc.

30. *Accommodation for Cattle.*—Accommodation will be provided by the Committee free of cost for about 150 head of cattle.

31. *Provision for Fodder.*—Arrangements will have to be made by the owners themselves for providing the animals with fodder.

32. *Admission to the Show grounds.*—Only pass or ticket-holders will be allowed to enter the Show grounds while the cattle are judged.

33. *Animals which have won prizes.*—No animal which has won a prize in previous years within the Mysore State will be eligible for a prize.

34. *Practical Test.*—Working cattle may, at the owner's option, be subjected to a practical test as to their powers of draught. They must be the *bonâ fide* property of the exhibitor.

35. Single bullocks will also be tested both for riding and draught purposes at the owner's option.

36. *Care-taker.*—Each animal or lot competing separately must be in charge of a care-taker who will remain in charge of the exhibit and must be ready to lead it out at any time as required by the Committee.

37. *Distribution of Prizes and Medals.*—Prizes and medals will be distributed at the close of the Exhibition. Certificates of merit and of "hon. mention" will also be awarded at the discretion of the Judges.

38. *Number of Judges.*—The Judges in each class or group will not be less than three, but no prizes will be awarded unless in the opinion of the Judges the exhibits merit the reward. Judges cannot compete for prizes in classes or sections in which they are Judges.

39. *Photograph of Articles Exhibited.*—No article exhibited may be copied, photographed, drawn or reproduced in any manner without the special permission of the exhibitor and the Committee. General photographs of the stalls may, however, be taken with the permission of the Committee.

40. *Committee's Decision Final.*—The Committee have full power to make rules for the conduct of the Exhibition under these Regulations and their decision is final in all cases.

41. *Acceptance of Rules.*—All persons who become exhibitors shall be held to signify their assent to and acceptance of the foregoing Rules and Regulations and also of such other Rules as the Committee may hereafter issue, not inconsistent with these Rugulations.

GENERAL SUMMARY.—Rain was general all over the Province. The fall was heavy in Patna, Shahabad, Saran, Darbhanga, the Sonthal Parganas, Singhbhum, Cooch Bihar, and in parts of Hooghly, Midnapore and Muzaffarpur, and light in the districts of the Presidency Division and in Burdwan, Bhagalpur, Purnea, Darjeeling and Puri: it was moderate in other districts. It is reported that more rain is still wanted for the standing crops in Burdwan, Birbhum, Murshidabad Jessore, Khulna, Saran and Purnea. Paddy is now reported to be suffering from deficient rain in parts of Murshidabad. Damage has been done by floods in parts of Burdwan, Midnapore, Monghyr, Cuttack and Balasore, and by excessive rain in Gaya and Palamau. Agricultural operations are at a standstill in the flood-affected areas in the Jajpur and Kendrapara subdivisions of Cuttack. Low-lying lands in parts of Balasore are still under water. Sugarcane is doing well. The harvesting of early rice and jute continues. Cattle-disease exists in seven districts. The supply of fodder and water is sufficient. The price of common rice has risen in five and fallen in nine districts.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, dark gloomy; d, drizzling rain; p, passing temporary showers; t, thunder.

DECLARATION.

No. 2696J.D.—The 12th September 1907.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for portion of the Bhaga Branch of the East Indian Railway, which branch takes off the Damuda Branch at mile 176¾, and whereas coal mines are situate under the said land, and whereas the Jharia Colliery Company, Limited, through their Managing Agents, Messrs. Hoare Miller and Company, Calcutta, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seams known as Nos. 14, 14A and 13, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Jharia Colliery Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5 sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Jharia Colliery Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

(1) The galleries shall be driven as laid down by the red lines on the plans L. A. M. A. Nos. 71 (1), 71 (2) and 71 (3) and in accordance with all special dimensions and other notes marked on the said plans;

(2) Such pits may be sunk between the seams Nos. 14 and 14A as are necessary for proper working and ventilation;

(3) When required by any rule under the Indian Mines Act, 1901, manholes 6 feet high, 3 feet wide and 4 feet deep may be constructed;

(4) These restrictions shall apply to Nos. 14, 14A, and 13 seams only, and to the area edged with pink upon the above plans, and the Jharia Colliery Company, Limited, shall give notice under section 4 of Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under the above area or to work coal under any other area of acquired land;

and that in all the above cases except where specially noted on the plans, no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plans marked as above signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

	Hooghly Branch School ...	Ditto.
6. Burdwan " ...	Burdwan Raj Collegiate School (with the Principal's permission).	16th December 1907.

Each private student will pay a fee of Rs. 2 to the Head of the institution at which he appears for the Test examination. The balance, after payment of expenses (stationery, etc), will go as remuneration to the examiners. No private student will be admitted to the Test examination, unless he is accompanied, for the purpose of identification, by some person known to the Head master of the institution at which he appears.

3. Applications for permission to appear must be sent in time to reach *this office* not later than the 15th November. The information to be given and the documents to be appended in original are the following:—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the Head-master of the school in which he last read; or

(*c*) In the case of a candidate who previously appeared at the Entrance examination, the Registrar's receipt (in original) for the fee paid.

(*d*) Age of the candidate.

(*e*) In the case of school-masters, a certificate of good conduct from the Secretary or Proprietor of the school in which the candidate is serving.

4. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission *to the Test examination*.

5. The Head-master of an institution (one of those named above) should direct private students who satisfy the test to appear before him not later than the 8th January with their applications for admission to the Entrance examination; and to sign them in his presence. He will then grant the necessary certificates, and forward the applications to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. *Under no circumstances should the entrance fee be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications, which will be returned to the respective Head-masters for delivery to the candidates.

7. Private students will understand that the Test examination of any schools other than those named above will not be accepted by this office.

8. The address of each private student should be supplied to this office.

9 The Entrance examination in 1908 will be held on the 2nd March 1908 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 20th January 1908.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ-fide* masters of English schools who have served as such for the full period of two academical years, or for a period of six months after the examination of the same class last held by the University if they were admitted to a former examination of that class, will be admitted to the above-mentioned examinations.

2. Candidates for the F.A. and B.A. examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. examination must forward with their applications their F.A. certificates, and for those the F.A. examination their Entrance certificates. Those candidates who have been admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, the candidates for the F.A. and B.A. examinations are requested, in the first instance, to apply for and obtain the permission of the Senate. Their applications will not be accepted, unless they are supported by the permission of the Senate. Condidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student," unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Entrance.

4. The printed form of application should be carefully filled in and submitted to this office *on or before the 15th January 1908*, together with other papers as mentioned in Rules 2 and 3, after which no applications will be received.

5. By *bonâ-fide* masters of school are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M.E. course.

6. The F.A. and B.A. examinations in 1908 will be held on the 23rd March 1908 and following days. The applications and fees for admission must reach the office of the Registrar on or before the 8th February 1908.

TEST-EXAMINATION OF PRIVATE STUDENTS.

1. A student who does not appear from any school, or who will have been transferred after the 31st August next without the consent of the Inspector to the school from which he appears, will be treated as a private student. The term "private student" includes *school-masters*.

2. All private students are required to appear at the test-examination of a zilla school. No private student will be admitted to the test-examination, unless accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

3. The test-examination in all zilla schools in the Chota Nagpur Division will be held on the 16th December 1907 and following days.

4. Each private student will have to pay a fee of Rs. 2 for permission to appear at the test-examination to the Head of the institution at which he appears. The balance of such fees, after payment of expenses (stationery, etc.), will go as remuneration to the Examiners.

5. Candidates for the test-examination should apply to this office not later than the 13th November 1907. They should forward the certificates granted to them under the transfer rules by the Head Master of the school in which they last read. In the case of a candidate who failed at a previous Entrance examination and has not joined a school afterwards, the Registrar's receipt, in original, will be accepted in lieu of the transfer certificate.

6. A student who failed to pass the annual examination for promotion to the first class at the end of Session 1906-07, and then left his school, will not, under any circumstances, be allowed to appear at the Entrance examination of 1907.

7. Each candidate should submit with his application a statement showing—

(1) Age.
(2) Residence.
(3) Father's name.
(4) Second language taken up, besides English.
(5) Whether he appeared at any previous Entrance examination.

8. *Bonâ-fide* teachers employed in any of the recognized schools in the Chota Nagpur Division may be admitted to the test-examination on payment of the prescribed fee, provided they can produce certificates of service and good character from their employers or from the Deputy Inspectors of the districts concerned.

9. The forms of application for permission to appear at the Entrance examination will be signed by the Head Master of the zilla school at which the candidates have undergone the test, and will be forwarded by him to the Inspector for countersignature.

10. The applications and fees for admission to the Entrance examination must be forwarded to the Registrar of the Calcutta University by the private candidates themselves, so as to reach his office on or before the 20th January 1908.

11. The Entrance examination in 1908 will be held on the 2nd March 1908 and following days.

F.A. AND B.A. EXAMINATIONS, 1908.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools, and *bonâ-fide* teachers of recognized English schools in the Chota Nagpur Division of two years' standing, or of six months' standing in the case of those who were admitted to a former examination of the same class, will be admitted to the above examinations. These latter must have served for six months since the date of the last examination to which they were admitted. School-masters should produce certificates of character and length of service (with dates) from the Managers of the schools in which they are employed. Their applications must reach this office not later than the 12th January 1907.

2. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A. or M.A. examination of the University of Calcutta other than as regular students of some affiliated colleges are requested, in the first instance, to apply for and obtain the permission of the Senate. Their applications cannot be accepted, unless they are supported by the permission of the Senate.

3. Candidates for the B A. examination must forward with the applications their F.A. certificates, and candidates for the F.A. examination their Entrance certificates. Candidates plucked at a previous F.A. or B.A. examination may forward instead the University Registrar's receipt, in original, for that examination.

4. Candidates should read carefully the form of the certificate which this office will have to sign, and supply all information and documents required, without which the Inspector will decline to sign it.

5. The F.A. and B.A. examinations in 1908 will be held on the 23rd March 1908 and following days.

6. Applications and fees for admission to the above examination must be forwarded to the Registrar, Calcutta University, by the candidates themselves, so as to reach his office on or before the 8th February 1908.

MEMORANDUM.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE STUDENTS.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector.

2. The term "Private students" includes School-masters.

3. Private students must appear at the test-examination of any one of the undermentioned schools on dates to be fixed by Head Masters:—

(1) Ravenshaw Collegiate School (with the permission of the Principal of the College).
(2) Balasore Zilla School.
(3) P. M. Academy.
(4) Puri Zilla School.
(5) Sambalpur.

4. Every private candidate must satisfy the following conditions:—

(*a*) That he has not failed at the test-examination of any Entrance school in the current session.

(*b*) That he has not failed to gain promotion to the first class of any Entrance school at the results of the annual examination of the second class in the last session.

(*c*) That he has left the school in which he last read with a transfer certificate, or (in case of a failed student) is in possession of the Registrar's receipt.

5. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he is to appear for the examination.

6. He must arrange for his identification to the officer conducting the test-examination, and he should satisfy the Head Master as to his character, if necessary.

7. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation, and to forward with the application forms the marks gained by such candidates at the test-examination. The undersigned will use his discretion in countersigning the forms submitted to him. Private candidates should make their own arrangements to remit their examination-fees and application forms to the Registrar of the Calcutta University.

CUTTACK,
The 12th September 1907.

MADHUSUDAN RAO,
Offg. Inspector of Schools, Orissa Division.

Office Memorandum of the Inspectors of Schools, Orissa Division.

ORISSA DIVISION AND THE ORISSA TRIBUTARY AND FEUDATORY STATES.

Rules for appearing at the F.A. and B.A. examinations in 1908 for candidates from the Orissa Division and the Orissa Tributary and Feudatory States who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS Sub-Inspectors of Schools and *bonâ-fide* teachers of recognized English schools who have served as such for the full period of two academical years, or for a term of six months after an examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class will be admitted to the abovementioned examinations. All applications from school-masters should be accompanied by certificates of length of service from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1908. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed. The application should be forwarded to the office of the Inspector of Schools, Orissa Division, for countersignature, together with the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination as the case may be. Such papers will be sent back to him (the candidate) who will have to send them, together with the examination-fee, to the Registrar of the University direct.

2. Candidates should read carefully the form of the certificate which the Inspector of the Division will sign, and should be careful to supply all information and documents required, including the Registrar's receipt, in the case of those who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate applied for.

3. By *bonâ-fide* teachers of schools are to be understood teachers who hold regularly paid appointments in English schools teaching at least the Middle English course.

4. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A., or M.A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate. Their applications cannot be accepted unless they are supported by the permission of the Senate.

CORPORATION OF CALCUTTA.

IN exercise of the powers conferred by section 330 of the Calcutta Municipal Act, the following Regulations for the guidance of licensed plumbers have been made by the Chairman and are published for information in compliance with section 670 of the same Act:—

Regulations under section 330 of the Calcutta Municipal Act [Act III (B.C.) of 1899] for the guidance of licensed plumbers.

1. Every licensed plumber shall be under the control of the Chief Engineer or such other officer as the Chairman may direct in that behalf, and shall carry out all lawful directions of the Chief Engineer or other Officer as aforesaid.

2. Every licensed plumber shall, before commencing any work under Chapter XX or XXI of the Act, obtain permission from the Chief Engineer, or the District Engineer, as the case may be, and shall report completion of the work to the officer concerned within a reasonable time.

3. Every licensed plumber shall afford all reasonable facility to the Chief Engineer or other officer appointed in that behalf, for the purpose of making inspection of any work done by such plumber, or of his place of business, if deemed necessary.

4. Every licensed plumber shall be bound to proceed with any work undertaken by him diligently and in a proper workmanlike manner, and shall not cause any delay in the execution thereof without sufficient cause therefor.

5. Every licensed plumber shall be bound not to charge rates for works under Chapter XX or XXI of the Act in excess of those fixed under section 333.

6. Every licensed plumber shall be bound not to make any water connection or to carry out any other work in or with reference to public streets, pipes, sewers, drains or any other thing without obtaining the sanction of the Chief Engineer or other officer as aforesaid empowered in this behalf by the Chairman, or otherwise in contravention of the provisions of the Calcutta Municipal Act or any of the bye-laws, rules or regulations made thereunder.

7. In carrying out any work as aforesaid, no pipes, fittings, appliances or materials shall be used, unless the same have been duly approved by the Chief Engineer or other officer authorised in that behalf.

8. Every licensed plumber shall be bound to submit good and sufficient reasons for failure or delay in carrying out any work as aforesaid, whenever called upon to do so.

9. Every licensed plumber shall be bound to report to the Chief Engineer any defect noticed by him in any premises in connection with any water-pipes, fittings or other appliances causing waste of water or in connection with any drains, privies, urinals or any fittings or appliances connected therewith, rendering such drain, privy or urinal inefficient or otherwise objectionable for sanitary reasons.

10. Every licensed plumber shall be bound to pay any and all lawful demands made by the Chairman for—

(a) repairs to roads, drains, pipes, mains or any fittings or appliances connected therewith or any other property whatsoever, whether belonging to the Corporation or not;

(b) damages or losses caused to any person or property by or through neglect or want of sufficient care or precaution on the part of the plumber or his servants or workmen; and

(c) trade and other licenses now in force or which may be in force at any future time.

11. Every licensed plumber shall be bound to comply with the provisions of the Calcutta Municipal Act and the bye-laws, rules and regulations which may from time to time be made thereunder.

Seebpore Jute Manufacturing Company, Limited.

NOTICE is hereby given that an Extraordinary General Meeting of the abovenamed Company will be held at the Registered Office of the Company, No. 19, Radha Bazar Street, Calcutta, on Tuesday, the 1st day of October 1907, at 12-30 o'clock in the afternoon for the purpose of considering and, if thought fit, sanctioning and confirming, either with or without modification, a certain Conditional Agreement, dated the 4th day of September 1907, entered into between the Company of the one part and Messrs. Apcar & Co. of the other part, the said Agreement amongst other provisions containing covenants on the part of Messrs. Apcar & Co. to advance to the Company—

(1) The aggregate amount of all such and so many of the first Mortgage Debentures aggregating Rs. 11,00,000 as the holders thereof may not agree to renew.

(2) All such sum or sums up to but not exceeding in the aggregate the sum of Rs. 6,00,000 as may be required to be expended for the rebuilding, repairing, and reinstating of the Company's Mills, plant and machinery, and also containing provisions enabling Messrs. Apcar & Co. to appoint any mercantile firm in Calcutta, selected by them and approved by the Directors of the Company, to perform all or any of the duties of Agents of the Company, subject to the condition that Messrs. Apcar & Co. shall themselves pay and provide all remuneration to be paid to any firm to be so appointed as aforesaid.

If the said Agreement shall be sanctioned and confirmed, a further resolution will be proposed authorising and directing the Directors of the Company to convene the necessary meetings for the purpose of making such alterations or amendments in the Articles of Association of the Company as may seem proper for the purpose of giving full effect to the provisions of the said Agreement.

A copy of the said Agreement is open to the inspection of members at the Registered Office of the Company.

By order,
APCAR & Co.,
Agents.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

No. 417 (first publication).—With reference to Notice to Mariners No. 392, dated the 26th August 1907, the Government of Bombay has given further notice (No. 101 of 1907) that the light on the Centre Spit Buoy has been re-established.

Variation 1° E. in 1907.

Approximate position—

Latitude	16° 27′ 06″ N.
Longitude	96° 21′ 42″ E.

This Notice affects the following Admiralty Charts:—Koronge Island to White Point, No. 823; and Rangoon River and Approaches, No. 833: Also, Bay of Bengal Pilot, 1901, page 351, and Supplement, 1903, page 15.

PACIFIC OCEAN—THE PHILIPPINE ISLANDS—LUZON, SOUTH COAST—TIKAO ISLAND.

San Miguel island—Light established.

No. 418 (first publication)—The British Admiralty has given notice (No. 1092 of 1907) that on or about 1st August, a *white occulting* light *every fourteen seconds*, thus:—light, *ten seconds*; eclipse, *four seconds*, would be established on the northern extremity of San Miguel island, the light being of the 6th order.

Approximate position, lat. 12° 43′ N., long. 123° 35¼′ E.

This Notice affects the following Admiralty Charts:—Molucca passage to Manila, No. 945: St. Bernardino and Mindoro sea, No. 2577; Batan island to San Bernardino island, No. 3368; Luzon to Marabate island, No. 3369; plan of San Miguel on No. 2391: Also, List of Lights, part VI, 1907, page 127; Eastern Archipelago, part I, 1902, page 341.

JAPAN—NAIKAI (INLAND SEA).

Shimonoseki strait—Non-existence and dispersal of wrecks.

No. 419 (first publication).—With reference to Notice to Mariners No. 233 dated 23rd June 1906, issued by this office, the British Admiralty has given further notice (No. 1093 of 1907) that the wreck of the schooner which sank in Shimonoseki strait, in a position from which Manaita light beacon bears N. 87° E., distant 2½ cables, and Konpira hill N. 15° E., does not exist in that position.

This wreck has therefore been erased from the charts.

Approximate position, lat. 33° 55′ N., long. 130° 53½′ E.

And also, with reference to Notices to Mariners Nos. 408 and 601 of 1907 (*see this office No. 265 of 1907*), that the masts, funnel, and superstructures of the wreck of the S.S. *Urato Maru*, which sank in the western entrance to Shimonoseki strait, in a position from which Daibahana light bore S. 58° E., distant 5 cables, and Mutsure jima light N. 11° E., having been removed, the wreck is no longer dangerous to navigation, there being now a depth of 10 fathoms over the hull.

The lighter and buoys marking the position have therefore been erased from the charts.

Approximate position, lat. 33° 57¼′ N., long. 130° 51½′ E.

(*Variation 4° Westerly in 1907.*)

This Notice affects the following Admiralty Chart:—Shimonoseki strait, No. 1578: Also, Sailing Directions for Japan, &c., 1904, pages 505, 514; and Supplement, 1906.

JAPAN—NAIKAI, BI SAN SETO.

No. 412 (second publication).—With reference to Notice to Mariners No. 247, dated the 7th June 1907, issued by this office, the British Admiralty has given further notice (No. 1075 of 1907), that a *white occulting* light *every ten seconds*, thus :—light, *seven seconds ;* eclipse, *three*

seconds, has been established on the summit of Batag island; it is elevated 260 feet above high water, visible in clear weather from a distance of 15 miles, and exhibited from a white framework tower 35 feet high. This light, which is of the 6th order, has been placed on the chart at a distance of $2\frac{1}{10}$ miles N. 36° E from the Observation spot, and marked position approximate. During 1908 the above light will be replaced by a *white group flashing* light of the 3rd order, showing groups of three flashes.

Approximate position, lat. 12° 40½′ N., long. 125° 1½′ E.

(*Variation Nil in 1907.*)

Further Notice will be given when received.

This Notice affects the following Admiralty Charts:—China sea, No. 1263; Molucca passage to Manila, No. 943; the Philippine islands, No. 2577; and plan of port Palapa on chart No. 2395: Also, List of Lights, Part VI, 1907, page 117; and Eastern Archipelago, Part I, 1902, page 355.

THE PHILIPPINE ISLANDS—MINDORO, SOUTH-WEST COAST.

Ambolon island—Light established.

No. 413 (second publication).—With reference to Notice to Mariners No. 255, dated the 31st May 1907, issued by this office, the British Admiralty has given further notice (No. 1076 of 1907) that a *white group occulting* light showing groups of two eclipses *every thirty seconds*, thus:—light, *seventeen seconds;* eclipse, *three seconds;* light, *seven seconds;* eclipse, *three seconds*, has been established on the western part of Ambolon island; it is elevated 446 feet above high water, visible in clear weather from a distance of 15 miles from the bearing of N. 69° W., through north and east, to S. 26° E. The light, which is of the 6th order, is exhibited from a white frame structure 53 feet high.

Approximate position on chart No. 971, lat. 12° 12′ N., long. 120° 59′ E.

(*Variation 1° Easterly in 1907.*)

This Notice affects the following Admiralty Charts:—China sea, Nos. 1263, 2661b; Molucca passage to Manila, No. 943; St. Bernardino and Mindoro straits, No 2577; Simirara, Ilin and Ambolon islands, No. 971: Also, List of Lights, part VI, 1907, page 121; and Eastern Archipelago, part I, 1902, page 75; Supplement, 1906, page 29; and China Sea Directory, vol. II, 1904, page 310.

EASTERN ARCHIPELAGO—MOLUCCA—TANIMBAR (TENIMBER) ISLANDS.

Yamdena island—Shoal eastward of—.

No. 414 (second publication)—The British Admiralty has given notice (No 1087 of 1907) of the existence of a shoal about 5½ cables in diameter, which dries at low water, off the east coast of Yamdena island, Tanimbar islands, situated about 6 miles N. 54° E. from Saluasa point.

Approximate position, lat. 7° 20½′ S., long. 131° 47½′ E.

(*Variation 3° Easterly in 1907.*)

This Notice affects the following Admiralty Charts:—Australia, northern portion, No. 2759a; Eastern Archipelago, 942b: Also, Eastern Archipelago, part I, 1902, page 494; and Supplement 1906, page 44.

KOREA, EAST COAST—KOREAN GULF.

Pallada roadstead—Shoals in approach—Non-existence of breaker.

No. 415 (second publication).—The British Admiralty has given Notice (No. 1088 of 1907) of the existence of the undermentioned shoals in the approach to Pallada roadstead from the southward:—

a. A shoal, which dries one foot, situated at a distance of 2½ cables S. 44° E. from Observation rock.

b. A shoal, with a depth of 1½ feet over it, situated at a distance of $2\frac{4}{10}$ cables S. 54° E. from Observation rock.

c. A shoal, with a depth of 5 feet over it, situated at a distance of $2\frac{8}{10}$ cables S. 59° E. from Observation rock.

d. A shoal, with a depth of 5 feet over it, situated at a distance of $2\frac{1}{10}$ cables S. 62° E. from Observation rock.

These dangers, which are about one cable in extent, are steep-to.

The coast in this locality is incorrectly delineated, the positions of the above dangers are not therefore relatively correct with respect to it.

Also, with reference to Notice to Mariners No. 271, dated 7th June 1907, issued by this office, the breaker reported about half a mile S. 45° E. from Observation rock is considered not to exist, and has therefore been erased from the charts.

Approximate position, Observation rock, lat. 40° 14½′ N., long. 128° 41½′ E.

(*Variation 5° Westerly in 1907.*)

No. 402 (third publication).—The following Notice to Mariners, issued by the Port Officer, Bombay, dated the 22nd August 1907, is republished:—

The Unattended light-vessel exhibiting a white occulting light every 15 seconds thus: 10½ seconds light, 4½ seconds eclipse and visible in clear weather at a distance of 11 miles is now watching in a position S. 20° W. (True) of Prongs light-house, distant 3·43 miles.

INDIA, WEST—SIND COAST.

Karachi—Time Ball regular.

No. 403 (third publication).—With reference to Notice to Mariners No. 275, dated the 7th June 1907, issued by this office, the Government of Bombay has given Notice (No 96 of 1907) that the Time Ball is now regularly dropped daily, Sundays excepted, by electricity from the Observatory at Manora and can be depended upon.

This Notice affects the following Admiralty Chart:—Karachi Harbour, No. 40; also List of Time Signals, 1904, No. 23, page 16; West Coast of Hindoostan Pilot, 1898, page 305, and Supplement, 1903, page 20.

RED SEA—WESTERN SHORE.

Sheik el Barghût (Port Sudan) and approaches—Particulars of lights and beacons.

No. 404 (third publication).—With reference to Notice to Mariners No. 238, dated 23rd May 1907, issued by this office, the British Admiralty has given further notice (No. 1032 of 1907) respecting the undermentioned lights and beacons in Sheik el Barghût (Port Sudan) and its approaches:—

(1) The *occulting* light *every ten seconds* established in an iron framework tower, 63 feet high, erected on the head of a coral pier on the northern side of the entrance to the harbour, situated at a distance of 410 yards S. 63° E. from the White tomb, shows the following sectors:—*red* from the bearing of S. 8° W., through west, to N. 85° W. over Wingate reef, *white* in the fairway from N. 85° W. to N. 55° W., and *red* over Towartit reef from N. 55° W., through north, to N. 82° E.

Leading beacons:—

(2) Two *red fixed* dioptric lights, vertically placed 20 feet apart, have been established on the iron framework tower, painted in chocolate and white horizontal bands, 113 feet high, erected as a front beacon on the western shore of the harbour in a position situated at a distance of 7 cables N. 58° W. from the White tomb.

Two *red fixed* dioptric lights, vertically placed 20 feet apart, have been established on the iron framework tower, painted chocolate, 157 feet high, erected as a rear beacon at a distance of 1,060 yards N. 51° W. from the front beacon.

These two beacons or their lights, which are visible over an arc of 90°, in line N. 51° W. lead through the entrance to the harbour.

(3) The power of each light in the harbour is 30 candles; at present they are only exhibited on application to the Controller of Harbours and Lights of the port Sudan, not otherwise.

(4) Iron standard beacons, 15 feet high, are placed to mark the prominent points of the reefs immediately outside the harbour as follows:—

(*a*) Port-hand beacons are surmounted by a black and white disc.

(*b*) Starboard hand beacons are surmounted by a triangle painted chocolate.

It is presumed that the terms 'port-hand' and 'starboard hand' refer to vessels entering the port.

(5) An iron standard beacon, surmounted by a cage, is being erected on the eastern point of Wingate reef, and a similar beacon surmounted by a diamond shape on the southern point of the reef.

Approximate position, White tomb., lat. 19° 36¼′ N., long. 37° 13¼′ E.

(*Variation 3° Westerly in 1907.*)

CHINA—YANG TSE KIANG.

Kiu Toan Light-vessel—Temporarily replaced by lighter.

No. 405 (third publication).—The British Admiralty has given notice (No. 1053 of 1907) that the Kiu Toan light-vessel, exhibiting a *white occulting* light *every seventeen seconds*, has been temporarily replaced, whilst undergoing repairs, by the steam-lighter *Wai Tung*, exhibiting two *white fixed* lights horizontally placed, elevated 25 feet above the sea, and visible in clear weather from a distance of 7 miles. The lighter, which is painted a dark colour, has a black funnel, a derrick, and one mast, with a yard across it, the above lights being exhibited from each yardarm. A black ball is shown from the masthead.

Approximate position, lat. 31° 14′ N., long. 121° 48′ E.

As it is presumed that this light-vessel will be again placed in position as soon as repairs have been effected and the lighter withdrawn, no further notice will be given.

This Notice temporarily affects the following Admiralty Chart:—Approaches to the Yang tse Kiang, No. 1602: also List of Lights, Part VI, 1907, No. 815; China Sea Directory, vol III, 1904, page 407: and Supplement, 1907, page 70.

GENERAL SUMMARY.—Light showers fell in most districts. Heavy rain is reported only from parts of Hooghly. There was no rain in Gaya, Shahabad, Saran, Hazaribagh and Ranchi. Rain is still wanted in Birbhum, Murshidabad, Khulna, Saran, Bhagalpur, Purnea and the Sonthal Parganas. In Purnea transplantation of paddy has been retarded, and crops in Murshidabad are suffering from insufficient rain. Sugarcane is doing well. Damage to crops has been caused by floods in Patna, Cuttack, Balasore and Puri. Low-lying lands in thanas Basudebpur, Chandbali and Dhamnagar in the Balasore district are still under water. In Cuttack *takavi* advances and gratuitous relief are being distributed in the flooded tracts. Prospects on the whole are yet fair. Cattle-disease exists in seven districts. Fodder is reported to be insufficient in the flooded tracts of Midnapore and Balasore. The water-supply is sufficient. The price of common rice has risen in eight and fallen in five districts.

SUMMARY OF RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE MONTH OF AUGUST 1907.

During the month of August, the rainfall distribution was characterized by great irregularity. The precipitation was very heavy in the following districts of Orissa and Chota Nagpur:—

Cuttack received an average rainfall of 32·44 (normal 12·77), Sambalpur 27·36 (normal 15·18), Balasore 24·54 (normal 11·85), Angul 21·21 (normal 10·45), Puri 17·95 (normal 12·05), Palamau 24·47 (normal 13·42), and Ranchi 25·01 (normal 13·31).

The departure from the normal in Cuttack is +19·67, at Sambalpur +12·18, at Balasore +12·69, at Angul +10·76, at Puri +5·90, at Palamau +11·05, and at Ranchi +11·70 inches. Expressed in percentage figures, the above districts received 254, 180, 207, 203, 149, 182 and 188 per cent. respectively. Except the districts of Midnapore and Howrah, where there was a very slight excess, the whole of South-West Bengal received less than the average fall. There was also a deficiency in all the districts of Bihar, except Gaya, Shahabad, and Monghyr, where the rainfall was in excess of the normal.

From the condensed percentage table it will be seen that South-West Bengal received 72 per cent., Bihar 72 per cent., Orissa 249 per cent., and Chota Nagpur 126 per cent.

The total rainfall from January to August was 94 per cent. of the normal in South-West Bengal, 84 per cent. in Bihar, 140 per cent. in Orissa, and 103 per cent. in Chota Nagpur.

The following table compares the rainfall in the four Divisions during the month of August with the normal fall, the actual being given as a percentage of the normal. The table also shows the actual falls for each of the previous months of the year, expressed in the same way, and the last column of the table shows the total rainfall of the past eight months of the year :—

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Reghault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

o, overcast; g, dark gloomy; d, drizzling rain; t, thunder; p, passing temporary showers; ⚡ lighting; K, thunder-storm.

DECLARATION.

No. 2802J.D.—The 16th September 1907.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the North Kustore Siding which takes off the Damuda Branch of the East Indian Railway at 172 miles 5 furlongs, and whereas coal mines are situate under the said land, and whereas the Kusunda and Nayadee Collieries, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seam known as No. 13 seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Kusunda and Nayadee Collieries, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Manbhum.

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Kusunda and Nayadee Collieries, Limited, in the manner and subject to the restrictions below specified, viz.:—

(*a*) No coal shall be extracted on the north-east of the dotted red line A B on the plan L. A. M. A. No. 81, except that the gallery D may be extended in the line D C to the south-west boundary at the point C.

(*b*) To the south-west of the dotted red line A B, galleries may be driven with centres not less than 50 feet apart, forming pillars not less than 38 feet square to be left unworked for the support of the acquired land.

(*c*) No gallery shall be more than 12 feet wide or more than 12 feet high.

(*d*) The above restrictions shall apply to No. 13 seam only, and to the area edged with pink on the plan, and the Kusunda and Nayadee Collieries, Limited, shall give notice under section 4 of the Land Acquisition (Mines) Act, 1885, to work any other seam, under such area, or to work coal under any other area of acquired land;

and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 81, signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

Office Memorandum of the Inspectors of Schools, Orissa Division.

ORISSA DIVISION AND THE ORISSA TRIBUTARY AND FEUDATORY STATES.

Rules for appearing at the F.A. and B.A. examinations in 1908 for candidates from the Orissa Division and the Orissa Tributary and Feudatory States who are not students of any affiliated institution.

DEPUTY INSPECTORS OF SCHOOLS, Sub-Inspectors of Schools and *bonâ-fide* teachers of recognized English schools who have served as such for the full period of two academical years, or for a term of six months after an examination of the same class last held by the University in the case of those only who were admitted to a former examination of that class will be admitted to the abovementioned examinations. All applications from school-masters should be accompanied by certificates of length of service from the Secretaries of the schools in which they are employed, and should reach this office not later than the 5th January 1908. The application of a school-master for permission to appear at the F.A. or B.A. examination should be signed by him in the presence of the Secretary or a member of the Managing Committee of the school in which he is employed. The application should be forwarded to the office of the Inspector of Schools, Orissa Division, for countersignature, together with the Registrar's receipt to prove, if this be the case, that the candidate has appeared at the examination in a previous year, and the certificate in proof of his having passed the Entrance or F.A. examination as the case may be. Such papers will be sent back to him (the candidate) who will have to send them, together with the examination-fee, to the Registrar of the University direct.

2. Candidates should read carefully the form of the certificate which the Inspector of the Division will sign, and should be careful to supply all information and documents required, including the Registrar's receipt, in the case of those who have been admitted to a former examination of the same class, without which the Inspector must decline to sign the certificate applied for.

3. By *bonâ-fide* teachers of schools are to be understood teachers who hold regularly paid appointments in English schools teaching at least the Middle English course.

4. Under section 19 of the Indian Universities Act, candidates who intend to appear at the F.A., B.A., or M.A. examination of the University of Calcutta, other than as regular students of some affiliated college, are requested in the first instance to apply for and obtain the permission of the Senate. Their applications cannot be accepted unless they are supported by the permission of the Senate.

Offg. Inspector of Schools, Orissa Division.

Memorandum.

UNIVERSITY ENTRANCE EXAMINATION.

PRIVATE STUDENTS.

1. Private students are those who do not appear from any school, or who have been transferred from one school to another after the 31st August without the consent of the Inspector.

2. The term "Private students" includes School-masters.

3. Private students must appear at the test-examination of any one of the undermenioned schools on dates to be fixed by Head Masters:—

(1) Ravenshaw Collegiate School (with the permission of the Principal of the College).
(2) Balasore Zilla School.
(3) P. M. Academy.
(4) Puri Zilla School.
(5) Sambalpur.

4. Every private candidate must satisfy the following conditions:—

(*a*) That he has not failed at the test-examination of any Entrance school in the current session.

(*b*) That he has not failed to gain promotion to the first class of any Entrance school at the results of the annual examination of the second class in the last session.

(*c*) That he has left the school in which he last read with a transfer certificate, or (in case of a failed student) is in possession of the Registrar's receipt.

5. Every private candidate must pay a fee of Rs. 2 to the Head Master of the school at which he is to appear for the examination.

6. He must arrange for his identification to the officer conducting the test-examination, and he should satisfy the Head Master as to his character, if necessary.

7. The Head Masters of the abovenamed schools are requested to sign the application forms of candidates whom they recommend for presentation, and to forward with the application forms the marks gained by such candidates at the test-examination. The undersigned will use his discretion in countersigning the forms submitted to him. Private candidates should make their own arrangements to remit their examination-fees and application forms to the Registrar of the Calcutta University.

CUTTACK,
The 12th September 1907.

	Hooghly Branch School ...	Ditto.
6. Burdwan " ...	Burdwan Raj Collegiate School (with the Principal's permission).	16th December 1907.

Each private student will pay a fee of Rs. 2 to the Head of the institution at which he appears for the Test examination. The balance, after payment of expenses (stationery, etc), will go as remuneration to the examiners. No private student will be admitted to the Test examination, unless he is accompanied, for the purpose of identification, by some person known to the Head master of the institution at which he appears.

3. Applications for permission to appear must be sent in time to reach *this office* not later than the 15th November. The information to be given and the documents to be appended in original are the following:—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the Head-master of the school in which he last read; or

(*c*) In the case of a candidate who previously appeared at the Entrance examination, the Registrar's receipt (in original) for the fee paid.

(*d*) Age of the candidate.

(*e*) In the case of school-masters, a certificate of good conduct from the Secretary or Proprietor of the school in which the candidate is serving.

4. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission *to the Test examination.*

5. The Head-master of an institution (one of those named above) should direct private students who satisfy the test to appear before him not later than the 8th January with their applications for admission to the Entrance examination; and to sign them in his presence. He will then grant the necessary certificates, and forward the applications to this office for countersignature, after which they will be sent by the Inspector *direct* to the candidates.

6. *Under no circumstances should the entrance fee be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications, which will be returned to the respective Head-masters for delivery to the candidates.

7. Private students will understand that the Test examination of any schools other than those named above will not be accepted by this office.

8. The address of each private student should be supplied to this office.

9 The Entrance examination in 1908 will be held on the 2nd March 1908 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 20th January 1908.

F.A. AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ-fide* masters of English schools who have served as such for the full period of two academical years, or for a period of six months after the examination of the same class last held by the University if they were admitted to a former examination of that class, will be admitted to the above-mentioned examinations.

2. Candidates for the F.A. and B.A. examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. examination must forward with their applications their F.A. certificates, and for those the F.A. examination their Entrance certificates. Those candidates who have been admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, the candidates for the F.A. and B.A. examinations are requested, in the first instance, to apply for and obtain the permission of the Senate. Their applications will not be accepted, unless they are supported by the permission of the Senate. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student," unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Entrance.

4. The printed form of application should be carefully filled in and submitted to this office *on or before the 15th January 1908*, together with other papers as mentioned in Rules 2 and 3, after which no applications will be received.

5. By *bond-fide* masters of school are to be understood masters who hold regularly paid appointments in English schools, teaching at least the M.E. course.

6. The F.A. and B.A. examinations in 1908 will be held on the 23rd March 1908 and following days. The applications and fees for admission must reach the office of the Registrar on or before the 8th February 1908.

NOTIFICATION.

EXAMINATIONS.

Simla, the 10th September 1907.

No. 410.—The following Regulations respecting the Examination of Candidates for the Civil Service of India, to be held in August 1908, are published for general information :—

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

An Open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations, commencing on the 1st August 1908.

The number of persons to be selected at this Examination will be announced hereafter.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received on or before the 1st July 1908 *an application on the prescribed form, a copy of which is sent herewith. No question as to the delay or loss in the post of any such Application Form can be entertained. Candidates who delay their applications until the last days will do so at their own risk.*

Acknowledgments of such Application Forms are sent, and any Candidate who has filled up and returned the printed Application Form but has not received an acknowledgment of it within four complete days should at once write to the Secretary, Civil Service Commission, Burlington Gardens, London, W. Failure to comply with this provision will deprive the Candidate of any claim to consideration.

The Order for admission to the Examination will be posted on the 20th July 1908, to the address given on the Form of Application. It will contain instructions as to the time and place at which Candidates will be required to attend and as to the manner in which the fee (£6) *is to be paid.*

CIVIL SERVICE COMMISSION,
15th July 1907.

REGULATIONS.

*** *The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year—*

1. An Examination for admission to the Civil Service of India, open to all qualified persons, will be held in London in August of each year. The date of the Examination and the number of appointments to be made for each Province will be announced beforehand by the Civil Service Commissioners.

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(i) That he is a natural-born subject of His Majesty.

(ii) That he had attained the age of twenty-two and had not attained the age of twenty-four on the first day of August of the year in which the Examination is held.

[*N.B.—In the case of Natives of India it will be necessary for a Candidate to obtain a certificate of age and nationality issued under Notification of the Government of India, No. 2252, dated 21st August 1888, as amended by Notification No. 404, dated 19th May 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides.*]

(iii) That he has no disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Civil Service of India.

(iv) That he is of good moral character.

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee, will be admitted to the Examination. The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries in the case of any Candidate should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and, if already selected, will be removed from the position of a Probationer.

4. The Open Competitive Examination will take place only in the following branches of knowledge (*a*):—

Candidates are at liberty to name any of these branches of knowledge, with the proviso that the maximum number of marks that can be obtained from the subjects chosen is limited

(*a*) A Syllabus, defining the character of the Examination in the various subjects, may be obtained on application to the Secretary, Civil Service Commission, London, W.

to 6,000. If this maximum is exceeded by a Candidate's selection, he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to a correspondingly reduced deduction under Clause 6.

5. The merit of the persons examined will be estimated by marks (*a*); and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (*b*) in order to secure that no credit be allowed for merely superficial knowledge.

7. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the branches in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above mentioned, a greater aggregate number of marks than any of the remaining Candidates will be set forth in order of merit, and such Candidates shall be deemed to be Selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the Selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

9. Selected Candidates before proceeding to India will be on probation for one year, at the end of which time they will be examined, with a view of testing their progress in the following subjects (*c*):—

Compulsory—

		Marks.
1.	Indian Penal Code	400
2.	Code of Criminal Procedure	200
3.	The Indian Evidence Act	200
4.	Indian History	400
*5.	The principal Vernacular Language of the Province to which the Candidate is assigned	400

Optional [Not more than one of the following subjects]—

		Marks.
1.	Hindu and Muhammadan Law	450
†2.	Sanskrit	400
†3.	Arabic	400
4.	Persian	400
5.	Hindustani (for Candidates assigned to the Province of Burma only)	400

* The principal Vernacular Language prescribed for each Province to which Candidates are assigned is as follows:—

For the United Provinces of Agra and Oudh, the Punjab, and the Central Provinces	Hindustani.	
For Burma	Burmese.	
For Bombay	Marathi.	
For Madras	Tamil or Telugu	At the option of the Candidate.
For the Lower Provinces of Bengal ...	Hindustani or Bengali	

In Hindustani the Candidate will be required to be acquainted with both the Persian and the Nagari character; and in the case of the last two Provinces mentioned above, a Candidate whose Vernacular Language is either of the languages shown against his province, must offer the other for examination.

† These subjects may not be offered by any Candidate who has offered them at the Open Competition.

In this Examination, as in the Open Competition, the merit of the Candidates examined will be estimated by marks (which will be subject to deductions in the same way as the marks assigned at the Open Competition), and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. This Examination will be held at the close of the year of probation, and will be called the "*Final Examination*."

If any Candidate is prevented by sickness or any other adequate cause from attending such Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special Examination.

(*a*) Considerable deductions will be made for bad handwriting.

(*b*) No deductions will be made under Clause 6 from the marks assigned to Candidates in Mathematics or English Composition.

(*c*) Instructions, showing the extent of the Examination, will be issued to Selected Candidates as soon as possible after the result of the Open Competition is declared.

10. The Selected Candidates will also be tested during their probation as to their proficiency in Riding.

The examinations in Riding will be held as follows:

(1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.

(2) Again, at the time of the Final Examination. Candidates who may then fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback will be awarded from 100 to 200 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in Riding will be liable to have his name removed from the list of Selected Candidates.

11. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force at the time for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary to the Civil Service Commissioners, London," at any time after the 1st December, in the year previous to that in which the Examination is to be held. No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st July (or, if that date should fall upon a Sunday or public holiday, then on or before the 1st day thereafter on which their office is open) in the year in which the Examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form.

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to make the following announcements:—

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance amounting to £150 will be given to any Candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, Aberdeen and London (University College or King's College); Victoria University, Manchester.*

This allowance will be paid to the Selected Candidate in four instalments on the following dates respectively:—December 24th, after his selection, March 25th, June 24th, and the date of his signing his covenant on being finally appointed to the Service.

With the final instalment an allowance on account of passage to India will be paid to each newly-appointed civilian to the amount of £37 10s. 0d. for passage to Calcutta, Madras or Bombay, and £43 for passage to Rangoon, the Officer then making his own arrangements for his passage.

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a certificate that the Candidate has fullfiled up to date the requirements of the Authorities, and shown satisfactory conduct at the Authorised University or College; the fourth and final instalment will be paid as soon as the Selected Candidate has signed his covenant, and for its payment no certificate from College Authorities will be required.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself to refund all monies he may have received from the Secretary of State for India in the event of—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Civil Service of India, or*

(2) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £ 1.*

(v) *The seniority in the Civil Service of India of the Candidates obtaining Certificates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.*

(vi) *Candidates obtaining Certificates will be required to report their arrival in India within such period after the grant of their Certificates of Qualification as the Secretary of State may in each case direct.*

(vii) *Candidates who fail to satify the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the Candidate.*

CIVIL SERVICE OF INDIA;

CLERKSHIPS (CLASS I) IN THE HOME CIVIL SERVICE; AND EASTERN CADETSHIPS.

SYLLABUS SHOWING THE EXTENT OF THE EXAMINATION IN CERTAIN SUBJECTS FOR 1908.

English Composition.—An Essay to be written on one of several subjects specified by the Civil Service Commissioners on their Examination Paper.

English Language and Literature.—The Examination will be in two parts. In one the Candidates will be expected to show a general acquaintance with the course of English Literature as represented (mainly) by the following writers in verse and prose, between the reign of Edward III and the accession of Queen Victoria:

Verse—Chaucer, Langland, Spenser, Shakespeare, Milton, Dryden, Pope, Gray, Collins, Johnson, Goldsmith, Crabbe, Cowper, Campbell, Wordsworth, Scott, Byron, Coleridge, Shelley, Keats.

Prose—Bacon, Sir Thomas Browne, Milton, Cowley, Bunyan, Dryden, Swift, Defoe, Addison, Johnson, Burke, Scott, Macaulay (Essays and Biographies).

A minute knowledge of the works of these authors will not be looked for in this part of the Examination, which will, however, test how far the Candidates have studied the chief productions of the greatest English writers *in themselves*, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature. Candidates will also be expected to show that they have studied in these authors the history of the English Language in respect of its vocabulary, syntax, and prosody.

The other part of the Examination will relate to one of the periods named below, which will follow each other year by year in the order indicated—

1. A.D. 1360 to A.D. 1600.
(1908) [Chaucer to Spenser.]
2. A.D. 1600 to A.D. 1700.
(1909) [Shakespeare to Dryden.]
3. A.D. 1700 to A.D. 1800.
(1910) [Pope to Cowper.]
4. A.D. 1800 to A.D. 1832.
(1911) [Nineteenth Century writers to the death of Scott.]

The Examination in this part will require from Candidates a more minute acquaintance with the history of the English Language and Literature as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners.* The names placed under the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare, for example, will be regarded as falling within the period 1600 to 1700; all the works of Swift within the period 1700 to 1800; all the works of Scott and Wordsworth, and all the works of Macaulay within the period 1800 to 1832.

CIVIL SERVICE OF INDIA.

OPEN COMPETITION OF 1908.

FORM TO BE FILLED UP BY CANDIDATES FOR EXAMINATION.

*** *The Order for admission to the Examination will not be issued unless this Form, filled up by the Candidate himself, is received by the Secretary of the Civil Service Commission on or before the* 1st July 1908.

SIR,

I beg to inform you that I wish to be a Candidate at the Examination for the Civil Service of India, which is appointed to commence in London on the 1st of August 1908.

Candidates not born within the British Dominions should state this fact in a separate letter.

I am a natural-born subject of His Majesty.

I hereby declare that I was born on the day of 18 , and that therefore I shall have attained the age of 22 years and shall not have attained the age of 24 years on the 1st of August 1908; I also declare that I have no disease, constitutional affection, or bodily infirmity unfitting me, or likely to unfit me for the Civil Service of India; and that I am of good moral character, and otherwise eligible under the Regulations; and I undertake that, if I am successful, I will conform, during my period of probation, to such rules respecting the conduct of Public Servants as have been laid down, or may hereafter be laid down, by the Secretary of State for India in Council.

Candidates who are not Natives of India should strike out this paragraph.

I send herewith a Certificate of age and nationality issued in accordance with the rule respecting Natives of India printed in paragraph III, on the next page.

* If you have never been examined, insert here the word "never."

† If you have been examined, give the date, &c., of the last occasion.

I beg to inform you that I was*_____ examined before the Civil Service Commissioners in the month of †_____ in the year 1_____ as a Candidate for the situation of _____.

I am, SIR,

Your obedient Servant,

*Name in full*_____

‡ If a London address, state the postal district; if a country address, state the post town.

Address to which it is desired that the Order for Examination should be sent‡_____

*Date*_____

The Secretary,
Civil Service Commission.

Certificates of age (except as mentioned above), health, and character should not be supplied until after the result of the Examination is known.

N.B.—Attention is drawn to the annexed Form, which must be filled up by every Candidate.

If an Open Competitive Examination for Clerkships (Class I) in the Home Civil Service should be appointed to be held in August 1908, I request that a prescribed Form of Application may be forwarded to me when ready for issue.

*Signature*_____

This Application form relates only to the competition for the Civil Service of India and does not entitle a Candidate to compete also for the Home or Colonial Civil Service. Intending Candidates for either or both of these Services must obtain the proper form or forms of application and forward them so as to reach the Secretary, Civil Service Commission, on or before July 1st. See next page.

If an Open Competitive Examination for Eastern Cadetships should be appointed to be held in August 1908, I request that a prescribed Form of Application may be forwarded to me when ready for issue.

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA.

I. Every Candidate born in the United Kingdom should be prepared to produce, when required, a Certificate from the Registrar-General of Births, Marriages, and Deaths, or from one of his provincial Officers. This certificate may be obtained from the Registrar-General in London, Dublin or Edinburgh, or from the Superintendent Registrar of the district in which the birth took place.

II. A Candidate born of European parents in India should be prepared to produce, when required, a Certificate of Baptism from the district in which he was baptised. If this does not also mention the date of birth, it should be accompanied by a statutory declaration by one of the Candidate's parents, stating the date and place of birth. When such certificates are not in the possession of the Candidates, an Extract from the Registers kept at the India Office will probably be obtainable.

III. A Candidate who is a Native of India must, on or before the 1st July 1908, produce a certificate of age and nationality issued under Notification of the Government of India, No. 2252, dated 21st August 1888, as amended by Notification No. 404, dated 19th May 1898, and signed, should he be a resident in British India, by the Secretary to Government of the Province, or the Commissioner of the Division within which his family resides, or, should he reside in a Native State, by the highest Political Officer accredited to the State in which his family resides. *No other Certificates will be accepted for this Competition.*

(To be filled up by the Candidate himself and returned with the Form of Application.)

CIVIL SERVICE OF INDIA.

OPEN COMPETITIVE EXAMINATION COMMENCING 1ST AUGUST 1908.

*** THIS FORM MUST BE RECEIVED AT THE OFFICE OF THE CIVIL SERVICE COMMISSION ON OR BEFORE THE 1ST JULY 1908.

*** *Place your Initials against the subjects which you select, and sign your name in the place indicated on the back of this Form.*

Extract from Clause 4 of the Regulations.

"Candidates are at liberty to name any of these branches of knowledge with the proviso that the maximum number of marks that can be obtained from the subjects chosen is limited to 6,000. If this maximum is exceeded by a Candidate's selection, he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to the correspondingly reduced deduction under Clause 6."

D. L. ROY, *for* Collector.

Notice of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on the 25th October 1907, corresponding with Bengali 8th Kartik 1314.

The purchaser will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

NOTICES TO MARINERS.

THE following Notices are published for general information.

T. BUTLER,
Offg. Secy. to the Govt. of Bengal.

CALCUTTA, *the 21st September 1907.*

EASTERN ARCHIPELAGO—TIMOR ISLAND, SOUTH COAST.

Dilhi harbour—Alteration in buoyage.

No. 426 (first publication).—The British Admiralty has given Notice (No. 1135 of 1907) that the undermentioned alterations had been made in the buoyage of Dilhi harbour:—

(*a*) All the buoys are conical and surmounted by a staff and ball painted the same colour or colours as the buoys they surmount.

(*b*) The colour of the buoy, marking the 1-fathom shoal 3¾ cables N. 48° W. from the Custom House pier, has been altered from red and white vertical stripes to red and white chequered.

(*c*) The colour of the buoy, marking the northern end of the reef 2 cables N. 8° E. from the Custom House pier, has been altered from black and white vertical stripes to red and white chequered.

(*d*) The beacon, marking the 3-feet patch 1 cable N. 58° W. from the Custom House pier, has been replaced by a buoy chequered red and white moored on the western edge of the shoal.

Approximate position, Custom House, lat. 8° 32′ S., long. 125° 35′ E.

(*Variation 2° Easterly in 1907.*)

This Notice affects the following Admiralty Chart:—Dilhi harbour on chart No. 1460: Also, Eastern Archipelago, Part II, 1902, page 248.

EASTERN ARCHIPELAGO—BORNEO, SOUTH-EAST COAST.

Pulo Laut strait—Beacon disappeared.

No. 427 (first publication).—The British Admiralty has given Notice (No. 1136 of 1907) that the white beacon surmounted by a ball, formerly situated at a distance of 8 cables N.

35° W. from the northern end of the village of Selukutan, Pulo Laut strait, no longer exists.

Approximate position, lat. 3° 22½′ S., long. 116° 4½′ E.

(Variation 2° Easterly in 1907.)

This Notice affects the following Admiralty Chart :—Plan of Pula Laut strait on chart No. 2662 : Also, Eastern Archipelago, Part II, 1904, page 277.

EASTERN ARCHIPELAGO—BORNEO, EAST COAST.

Sibuko bay—Temporary beacons erected.

No. 428 (first publication).—The British Admiralty has given Notice (No. 1139 of 1907) that small wooden tripod beacons have been erected in Sibuko bay in the following positions :—

1. On the southern extremity of Lehnert reef in approximately lat. 4° 15′ 30″ N., long. 118° 16′ 10″ E.
2. On the southern extremity of the reef situated 4 miles N. 64° E. from Lehnert reef, in approximately lat. 4° 17′ 10″ N., long. 118° 19′ 50″ E.
3. On the eastern edge of the reef northward of Simporna in approximately lat. 4° 29′ 30″ N., long. 118° 37′ 0″ E.
4. On the eastern edge of the reef eastward of Hood hill in approximately lat. 4° 26′ 15″ N., long. 118° 39′ 0″ E.
5. On the south-eastern edge of the reef southward of Hood hill in approximately lat. 4° 23′ 55″ N., long. 118° 37′ 30″ E.
6. On the western edge of the reef off Bum Bum island in approximately lat. 4° 29′ 25″ N., long. 118° 37′ 40″ E.
7. On the western edge of the reef off Bum Bum island in approximately lat. 4° 29′ 50″ N., long. 118° 37′ 25″ E.

The positions of the above beacons are approximate ; it is intended to replace them by stout wooden beacons surmounted by topmarks.

(Variation 2° Easterly in 1907.)

This Notice affects the following Admiralty Chart :—Sibuko bay, No. 1681 : Also, Eastern Archipelago, part I, 1902, pages 213, 208, 205, 206, 207.

EASTERN ARCHIPELAGO—BORNEO, EAST COST—DARVEL BAY.

Lahat Datu—Beacons disappeared.

No. 429 (first publication).—The British Admiralty has given Notice (No. 1140 of 1907) that the undermentioned beacons in Lahat Datu, Darvel bay, have disappeared, and will not be replaced :—

(*a*) The centre of the three beacons on the eastern edge of the reef extending from Sakar island.

Approximate position, lat. 4° 59′ 0″ N., long. 118° 24′ 5″ E.

(*b*) The beacon on the eastern edge of Halloran reef.

Approximate position, lat. 4° 59′ 40″ N., long. 118° 22′ 0″ E.

It is not stated if the beacon on the western edge of this reef is still in existence.

(*c*) The beacon on the edge of the shore reef northward of the Voorwyk reefs.

Approximate position, lat. 5° 1′ 20″ N., long. 118° 20′ 30″ E.

Also, the beacon marking the 4-feet rock about one cable to the southward of the above (*c*).

(*d*) There is no beacon on the western edge of the southernmost of the Voorwyk rocks as shown on the chart.

Approximate position, lat. 5° 0′ 30″ N., long. 118° 20′ 10″ E.

The remaining beacons in Lahat Datu consist of tripods surmounted by large wooden triangles, which are when situated on detached dangers on the eastern side of the channel painted red, and on the western side of the channel white.

This Notice affects the following Admiralty Chart :—Darvel bay, No. 1680 : Also, Eastern Archipelago, Part I, 1902, pages 187, 188, 189 ; and Supplement, 1906, page 15.

CHINA SEA—NATUNA ISLANDS.

Tokong Boro—Description and amended position of—Non-existence of dangers in vicinity.

No. 430 (first publication).—The British Admiralty has given further Notice (No. 1141 of 1907) that Tokong Boro (Pyramid rocks) consists of four rocks 18 feet above high water a few yards from each other; they are situated on a reef as defined by the 10-fathom contour line, about half a mile in diameter, which extends on the northern and western sides of the rock for a distance of about 4 cables. The reef is step-to, having depths of 20 fathoms around it.

Tokong Boro, which appears from a distance as two rocks of equal height, is situated at a distance of 30 miles N. 72° W. from Salor or Peaked island summit.

Approximate position on chart No. 1348, lat. 4° 3′ 15″ N., long. 107° 25′ 50″ E.

Also, with reference to Notice to Mariners No. 886 of 1905 (vide *this office No. 381 of 1905*) that the undermentioned dangers have been unsuccessfully searched for and have therefore been erased from the charts:—

(*a*) The rock, 6 feet above water, reported to exist at a distance of 7 miles N. 2° E. from Tokong Boro, in approximately lat. 4° 10′ N., long. 107° 22′ E.

(*b*) The rock marked doubtful, and shown on the chart at a distance of 15 miles N. 56° E. from Tokong Boro, in approximately lat. 4° 11′ N., long. 107° 34′ E

(*Variation 2° Easterly in 1907.*)

This Notice affects the following Admiralty Charts:—China sea, Nos. 1263 and 2660a; Natuna islands, No. 1348: Also, China Sea Directory, vol. II, 1906, page 96.

PHILIPPINE ISLANDS—LUZON, SOUTH COAST.

Donsol River entrance—Light and buoy established.

No. 431 (first publication).—The British Admiralty has given Notice (No. 1143 of 1907) that a *red fixed* dioptric lantern light, elevated 36 feet above high water, and visible in clear weather from a distance of 7 miles from the bearing of N. 64° W. through north and east to S. 61° E. has been established on a white frame structure, erected on the eastern bank of the river at Donsol.

Approximate position, lat. 12° 54′ 25″ N., long. 123° 35′ 30″ E.

Also, that a black can buoy has been moored in a depth of 25 feet on the western side of the channel over the bar in a position situated 7½ cables S. 9° W. from the light.

(*Variation Nil in 1907.*)

This Notice affects the following Admiralty Charts:—Molucca passage to Manila, No. 943; the Philippine islands, No. 2577; south part of Luzon on No. 3368: Also, List of Lights, Part VI, 1907, page 119; and Eastern Archipelago, Part I, 1902, page 338.

KOREA, EAST COAST—KOREAN GULF.

Pallada roadstead—Shoals in approach—Non-existence of breaker.

No. 415 (third publication).—The British Admiralty has given Notice (No. 1088 of 1907) of the existence of the undermentioned shoals in the approach to Pallada roadstead from the southward:—

a. A shoal, which dries one foot, situated at a distance of 2½ cables S. 44° E. from Observation rock.

b. A shoal, with a depth of 1½ feet over it, situated at a distance of $2\frac{4}{10}$ cables S. 54° E. from Observation rock.

c. A shoal, with a depth of 5 feet over it, situated at a distance of $2\frac{6}{10}$ cables S. 59° E. from Observation rock.

d. A shoal, with a depth of 5 feet over it, situated at a distance of $2\frac{7}{10}$ cables S. 62° E. from Observation rock.

These dangers, which are about one cable in extent, are steep-to.

The coast in this locality is incorrectly delineated, the positions of the above dangers are not therefore relatively correct with respect to it.

Also, with reference to Notice to Mariners No. 271, dated 7th June 1907, issued by this office, the breaker reported about half a mile S. 45° E. from Observation rock is considered not to exist, and has therefore been erased from the charts.

Approximate position, Observation rock, lat. 40° 14½′ N., long. 128° 41½′ E.

RESOLUTION ON THE ANNUAL REPORT OF THE CIVIL VETERINARY DEPARTMENT, BENGAL, AND OF THE BENGAL VETERINARY COLLEGE FOR THE YEAR 1906-1907.

REVENUE DEPARTMENT—AGRICULTURE.

Calcutta, the 20th September 1907.

RESOLUTION—No. 1767T.R.

READ—

The Annual Report of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1906-07.

Bengal Veterinary College.—The total number of students on the roll of the Bengal Veterinary College at the end of the year under report was 104 as against 106 in the previous year. The results of the last annual examination are highly satisfactory, the percentage of the successful students in each of the classes A, B and C being 96·66, 100 and 87·09, respectively, as compared with

57, 82 and 47 in the previous year. Many projects of extension and improvement have occupied the attention of the Managing Committee and of Government during the past year. The institution is developing rapidly. The Bacteriological Laboratory of the College has been completed and equipped with furniture and apparatus. The extension of the Glanders and Farcy Act to Calcutta and its suburbs has added very considerably to the work of the Principal. So far no serious difficulties have arisen in connection with the administration of the Act.

2. *Veterinary Infirmary, Belgachia.*—The total number of cases treated in the Infirmary attached to the Veterinary College was 3,095, of which 1,905 were in-patients and 1,190 out-patents, as against 2,407, of which 1,483 were in-patients and 924 out-patients in the preceding year. The institution is gaining in popularity.

3. *Veterinary Hospitals and Dispensaries.*—The number of Veterinary Hospitals and Dispensaries, excluding the Bengal Veterinary College, working at the close of the year under review was 23 as against 20 in the preceding year. Two new dispensaries were started in Jessore and Sambalpur, and a Pinjrapole was established at Hazaribagh. The Superintendent should in future record more fully his opinion as to the manner in which the several institutions have worked during the year, and the causes of success or failure, as the case may be. The total number of in- and out-patients treated during the year was 32,736, of which 10,435 were horses, 18,525 cattle and 3,776 other animals, as against 9,018, 14,189 and 3,698, respectively, in 1905-06. In some cases (*e.g.*, Palamau), there has been a marked increase, while in others (*e.g.*, Howrah) there has been a large decline.

4. *Diseases.*—The number of reported deaths of cattle from contagious diseases shows a considerable increase over that of the previous year, viz., from 12,374 to 59,857, of which 38,832 occurred in the 24-Parganas district alone. The increase is, no doubt, due in part to a better system of reporting; but a further explanation should be given of the figures returned from the 24-Parganas district.

Excluding the figures for the Infirmary at the Sodepur Pinjrapole, where 478 equine cases were admitted, of which 313 were infected with glanders, there were 875 cases of deaths from glanders and farcy as against 530 in the year.

Inoculation for rinderpest continues to make satisfactory progress. The number of these inoculations was 24,074 as compared with 22,613 in the previous year and 9,454 in 1903-04. The number of deaths after inoculation has fallen to 84 as compared with 183 and 166, respectively, in the two previous years. Prompt and effectual measures were taken to combat outbreaks of anthrax.

5. *Breeding operations.*—The Superintendent should in future give fuller information in regard to the breeding work carried on at Sripur and Pusa, and should record his opinion as to the success or otherwise of the operations. The Lieutenant-Governor is disappointed to learn that the experiment conducted with the eight Montgomery bulls obtained last year to improve the strain of local milch-cattle has proved a failure, and that neither farm is as yet in a position to supply young stock. A scheme for the improvement of the Siri breed of cattle in the hills near Darjeeling is understood to have been prepared. It should be submitted to Government as soon as possible.

6. *Fairs and Shows.*—There were 12 fairs and shows during the year, as against 10 in the preceding year. New fairs were started at Chutia, Khulna and Chatra. The fair at Rajnagar was not held owing to famine.

7. The Lieutenant-Governor has much pleasure in acknowledging the ability and energy with which Lieutenant-Colonel Raymond has managed the work of the Department.

By order of the Lieutenant-Governor of Bengal,

E. A. GAIT,

Offg. Chief Secy. to the Govt. of Bengal

RESOLUTION ON THE ADMINISTRATION REPORT OF THE ORISSA PORTS FOR THE YEAR 1906-1907.

No. 2567 Marine.

Government of Bengal.

MARINE DEPARTMENT.

Dated Calcutta, the 23rd September 1907.

RESOLUTION.

Administration Report of the Orissa Ports for the year 1906-1907.

READ—

Letter from the Commissioner of the Orissa Division, No. 26 B.T./O., dated the 29th July 1907, submitting the report on the Administration of the Orissa Ports for the year 1906-1907.

THE receipts of the ports during the year amounted to Rs. 14,934, as compared with Rs. 15,211 in the previous year. The decrease of Rs. 277 is due to a falling off in the receipts under Port dues in Cuttack, owing to the merchants having despatched rice to Colombo *viâ* Chandbali.

2. The expenditure was Rs. 13,871, against Rs. 19,748 in the preceding year. There were decreases under the head "Pensions and Gratuities" in Cuttack and under "Stores" in Balasore which account for this decrease in expenditure. The receipts with an opening balance of Rs. 7,154 amounted Rs. 22,038; there was thus a surplus balance of Rs. 8,217 at the close of the year.

3. The value of trade during the year was Rs. 1,04,22,811, against Rs. 91,62,471 in 1905-1906.

4. There was a slight increase both in the number and tonnage of vessels visiting the ports Two hundred and twenty-six vessels with an aggregate tonnage of 171,112 tons entered the ports during the year, against 217 vessels with a tonnage of 156,341 tons in the preceding year.

5. The passenger traffic between the Orissa Ports and Calcutta may be considered fairly steady. The number of passengers carried between Calcutta and Chandbali and *vice versâ* which constitute the major portion of the entire traffic were 34,495 and 31,391.

6. The ports were inspected by the Port Officer of Calcutta and found to be in a satisfactory condition. The erosion of the Shortt's Island towards the sea continues. The structure of the old lighthouse stands at 520 feet from the nearest high water mark of the island.

7. The health of the ports was good throughout the year, although there were several cases of fever. Two cases of cholera were landed from the S.S. *Jagatra* at Chandbali which proved fatal; and three cases of small-pox, landed from the same vessel, were cured.

By order of the Lieutenant-Governor of Bengal,

T. BUTLER,

Offg. Secretary.

GENERAL SUMMARY.—Moderate rain fell in Bankura, Hooghly, Howrah, the 24-Parganas, Murshidabad, Jessore, Darbhanga, Purnea, Darjeeling, the Sonthal Parganas and Cooch Behar. There was no rain in Angul, Sambalpur and Palamau. From Bhagalpur a fall of 12·75 inches is reported. Rain was light elsewhere. More rain is still wanted in Burdwan, Birbhum, Nadia, Murshidabad, Khulna, Saran, the Sonthal Parganas, Ranchi and Palamau. From Saran it is reported that paddy is now withering for want of rain. Harvesting of *aus* paddy, jute and other *bhadvi* crops is approaching completion in most districts. Transplantation and weeding of *aman* paddy still continues. Sugarcane is doing well. Prospects of crops are fair except in parts of the flooded tracts of Midnapore and Orissa. Crops in parts of the Bhadrak subdivision of the Balasore district have been destroyed entirely by floods. Cattle-disease exists in nine districts. Fodder is insufficient in parts of Balasore. The water-supply is sufficient. The price of common rice has risen in three and fallen in eight districts.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF AUGUST 1907.

No storms of any severity formed during the month, although several depressions appeared, which were of sufficient depth to materially influence the rainfall in the two Provinces. At the beginning of the month a shallow depression appeared at the head of the Bay, which, however, only affected the weather in Orissa and the adjacent districts. During the first week of the month, rain fell in all parts of the division and was most general on the 2nd and 3rd. Cloud diminished and was only light to moderate on the 6th and 7th in Eastern Bengal and Bihar, but during the rest of the week it was moderate to heavy everywhere. Temperature approximated closely to the normal. The trough of low pressure during the early part of the next week was somewhat to the south of its usual position and extended into the Bay. As is frequently the case, a depression formed within it on the 11th. It developed slowly until the 14th, when it was of moderate intensity and then moved westward, being in the neighbourhood of Sambalpur on the morning of the 15th. It increased the rainfall in Orissa, but during its period of formation the winds from the Bay were prevented from penetrating freely into North-East India and the Gangetic plain, with the result that rainfall in these areas was scanty until the last day of the week. Rain fell in all parts of the division, but was local in character, except as pointed out above in the neighbourhood of the depression. Cloud was moderate to heavy everywhere on the 9th and 10th, but on the appearance of the depression decreased in the northern districts and skies were clear or only lightly clouded there. Temperature was approximately normal. Another depression appeared on the 18th of the month over South-West Bengal, and developing rapidly was of moderate intensity by the following morning. It then moved slowly in a west-north-westerly direction and filled up in the United Provinces on the 21st. This depression gave heavy rain in Orissa and moderately heavy rain in Chota Nagpur The Bay current, however, was weak during the whole of the third week, and the area of the two Provinces to the north and east of the depression received very little rain from this source; in fact the rainfall in the Gangetic plain occurred when the position of the depression gave excess to the Arabian Sea monsoon. Summing up during the third week, abundant rainfall occurred in South-West Bengal, Orissa, Chota Nagpur and South Bihar, being heavy in Orissa on the 20th, but in the rest of the reporting area rainfall was light. Cloud was light to moderate in the northern districts and moderate to heavy in the southern. Temperature was normal except in Orissa on the 20th and 21st, when weather was considerably cooler than usual. During the last week of the month another depression appeared. This formed in Central Burmah on the 24th and coalesced with the eastern end of the trough of low pressure, which at that time extended into the Bay. It was of moderate intensity and disappeared after moving a short distance inland after giving moderately heavy rain in Orissa. On most days in the week rain fell locally, but it occurred in all parts of the division and was fairly widespread on the 24th, 25th and 29th. Cloud was generally thick in Chota Nagpur and Orissa, and light to moderate elsewhere and temperature was nearly normal.

Summary of Temperature.—Temperature was in slight defect in Orissa, where rainfall was most abundant. In Chota Nagpur it was about normal and in the rest of the reporting area in slight excess The highest temperature recorded was 97·6, and this was reported from Silchar. The lowest was 68·9, and this was reported from Ranchi.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of August 1907:—

Summary of rainfall.—The rainfall work of the Province has been placed in the hands of the Director of Agriculture, Bengal, and the usual data regarding the actual and normal rainfall during the month are published by that officer. A short table, however, is attached

to this report, giving the rainfall recorded during the month at the head-quarters of the various districts of the Province.

The distribution of rainfall in the two Provinces was characterized by great irregularities; thus rainfall was above normal in Orissa and Chota Nagpur and locally at Gaya and more or less in defect in almost all other parts of the reporting area.

Actual and average rainfall and departure from normal for the month of August 1907.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

⌓, dew; o, overcast; g, dark gloomy; d, drizzling rain; p, passing temporary showers; t, thunder; <, lightning; K, thunderstorm.
